THE NAVY LIST

1976

VYBB

The Navy List is compiled and published by order of the Defence Council for the convenience of the Naval Service, but as errors may occasionally occur the Council must expressly reserve the right to determine the status of any Officer according to the actual circumstances of the case, independently of any entry in the Navy List.

By Command of the Defence Council,

MICHAEL CARY

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

The Editor of the Navy List
Ministry of Defence (Naval Secretary)
Old Admiralty Building
Spring Gardens
London, SW1A 2BE

mentioning the page in question. Communications should be marked 'On Her Majesty's Service', and need not be stamped.

The Navy List is published once a year and is on sale to the public.

Publication takes place each spring and to ensure that amendments are included in the next annual edition they must be forwarded by 31 October each year.

Supplements to the Navy List are published in July and January and cover selective promotions, the Queen's Birthday and New Year honours and changes in Section 1 of the Navy List. These supplements are for official use only.

The Navy List of Retired and Emergency List Officers is published every other year, the next edition being 1977.

The rates of pay, regulations, etc., are contained in a special sale publication entitled 'Appendix to the Navy List', which is published annually.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Editor in order that the necessary alterations may be made in the Navy List and official records.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

This edition of the Navy List is corrected to include those promotions, appointments, etc., promulgated on or before 31st October, 1975 as becoming effective on or before 31st March 1976, with the exception of Section 1, which is corrected, as far as possible, up to the date of going to press.

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 1252 of the Queen's Regulations for the Royal Navy under which they are authorised to ascertain whether British Merchant Ships (including Fishing Vessels) flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

2. British merchant ships and fishing vessels are allowed to wear the plain Blue Ensign under the authority of a special Warrant, subject to the following conditions being fulfilled:

- The officer commanding a ship other than a fishing vessel must be an officer on the Retired or Emergency Lists of the Royal Navy or a Commonwealth Navy, or an officer on the Active or Retired Lists of any branch of the Reserves of such navies. If the rank held on one of these Lists by the officer commanding the ship is below that of Commander, at least one other officer in the ship's company must be an officer on one of the Lists mentioned.
- The skipper of a fishing vessel must be an officer on the Active or Retired Lists of the RNR List 2/Patrol Service who holds or has held the substantive rank of Lieutenant or Skipper Lieutenant or above, and the crew must include four reservists. Men of the Royal Naval Reserve or of a Commonwealth Naval Reserve, time-expired ratings who have completed 20 years' service in the Royal Naval Reserve, members of the Royal Fleet Reserve, Royal Naval Pensioners and Royal Marine Pensioners may be included in reckoning the number specified.

3. Before hoisting the Blue Ensign, the officer commanding the ship must be in possession of a warrant.

4. The officer in command of a ship who fails to fulfil these conditions, unless failure is due to death or other circumstances over which he has no control, will no longer be entitled to hoist the Blue Ensign in the ship. The Blue Ensign is in no circumstances to be worn if the officer to whom the warrant was issued is not in command of the ship or if the ship changes to foreign ownership.

5. Article 1252 of Queen's Regulations for the Royal Navy prescribes the action to be taken by the Commanding Officer of one of Her Majesty's Ships if a merchant ship is found to be wearing the Blue Ensign without the Warrant or otherwise not complying with the foregoing regulations.

NOTE: On 1st February 1968, The Canadian Forces Unification Act combined all three services. As of that date, the RCN, the RCAF and the Army Corps ceased to exist. Officers (and other ranks) are now officially designated by the unified rank structure. The Naval Operations branch consists of two officer classifications — Maritime Surface and Sub-surface (MARS), and Maritime Engineering (MARE) — and twenty men's trades. Officers and men of other branches may serve on board ships and in Maritime Command.

Officers of the Naval Operations branch use the traditional naval ranks when serving on board ship and in certain designated positions ashore. Furthermore, those who were in the RCN prior to 1st February 1968 may use naval ranks, at all times.

1, CHESHAM STREET, LONDON, SW1X 8NF

(Tel. 01—235 2884)

The Central Fund for all charities that care for seafarers in need and their families. It makes grants annually to 80 Royal Navy, Merchant Navy and Fishermen's Societies meeting the needs of officers and ratings past and present, of both sexes, and their dependants.

The objects of the Fund are:

- (a) To secure more financial support for approved Marine Benevolent Institutions within the Commonwealth.
- (b) To allocate grants to such societies according to need.
- (c) To advise as to the appropriate society to deal with any individual cases of need which may be brought to its notice.

It also maintains the Central Bureau for Naval Officers' Charities, providing liaison between the societies and advice to Officers and ex-Officers of the Royal Navy, and their dependants, who are in difficulties.

King George's Fund for Sailors needs your help. King George's Fund for Sailors cannot make grants to individuals but if you are in need of assistance yourself you are invited to communicate confidentially with the General Secretary for advice on where this may be obtained.

ROYAL NAVAL BENEVOLENT TRUST

HEAD OFFICE: HIGH STREET, BROMPTON, GILLINGHAM, KENT, ME7 5QZ

(Tel. 0634 42743)

The R.N.B.T. is the central benevolent organization for assisting the "past, present and future" men of the Royal Navy. All the powers of the Trust are vested in, and are exercisable by, a Central Committee acting either directly or through an Executive Committee or by delegation to Local Committees situated in Chatham, Devonport and Portsmouth. There is also a Subsidiary Committee in Malta.

The objects of the Trust are:

- (a) to provide relief in cases of necessity or distress to those who have served or are serving as Fleet Chief Petty Officers or below in the Royal Navy or equivalent ranks in the Royal Marines;
- (b) to make provision of training for such persons for civil life and assistance in order that they may obtain suitable employment after leaving the Service;
- (c) to make contributions either directly or through the agency of other institutions to the care, training, and welfare of the families and dependants of such persons in cases of necessity or distress.

In carrying out its primary objects, the Trust supports and co-operates with many other organizations — in particular, it makes large annual grants to the Regular Forces Employment Association as part of the Navy's share of the cost of finding employment in civilian life.

The Trust administers the Naval School of Motoring, Portsmouth and maintains Pembroke House (Home for aged ex-naval men), Oxford Road, Gillingham, Kent. ME7 4BS

The Trust is also responsible for the administration of **The Royal Naval Fund** in accordance with the terms of its Trust Deed. The available resources consist mainly of the interest derived from the investment of the proceeds of the Royal Naval Exhibition of 1891. The income is expended in affording assistance to the widows, orphans or other dependent relatives of Seamen and Marines, provided the applicant is not in receipt of a Service dependant's pension.

Requests for further information should be addressed to the General Secretary at the Head Office. Applications for assistance are considered by the Local Committees and should be made to the Local Secretary, R.N.B.T., 2a Tipner Road, Portsmouth, Hampshire PO2 8QR

THE OFFICERS' ASSOCIATION

PATRON: H.M. THE QUEEN

Object

The object of the Officers' Association is to relieve distress among all those who have at any time held a Commission in Her Majesty's Forces (including the Women's Services and Nursing Services) and among their widows and dependants.

Resettlement and Employment

The Association will assist any ex-officer who is unemployed to find suitable employment. As regards officers leaving the Services it is linked with the Regular Forces Resettlement Service and works in close co-operation with the Ministry of Defence and the Department of Employment and Productivity.

Serving officers may seek advice from the Resettlement and Employment Department at any time, and are advised to do so well in advance of their retirement. They will not however be registered and put in touch with potential employers until they are within three months of their release leave.

Financial help

The Association is prepared to consider assisting ex-officers, their widows and dependants who are in financial difficulties.

Education

In cases of hardship due to such causes as War Disablement or the death of a parent, help may be considered towards school fees.

Pensions

Advice is given on questions concerning Service and War Disability Pensions, and the pensions and allowances of officers' widows and children. Assistance is given in the preparation of Appeals for the grant of War Disability or War Widows' Pensions. Free representation is arranged where such cases are taken to the Pension Appeal Tribunals.

Homes for the Aged and Convalescence

The Association runs a Country Home at Bishopsteignton in South Devon for elderly and lonely ex-officers with low incomes. Ex-officers of all three Services are eligible for admission provided they are not in need of constant medical and nursing care.

The Association runs a bungalow estate at Leavesden in Hertfordshire for disabled ex-officers and their families.

The Association will assist such persons to get into homes for the elderly and, if necessary, will help pay their fees. It has rights of nomination to certain Homes.

The Association will also help ex-officers and their wives or widows to obtain temporary accommodation in Convalescent Homes, and if necessary, will assist with the fees. The Scottish Branch of the Association runs a Nursing Home for ex-officers in Edinburgh.

General

The Officers' Association was started in 1920, it operates world wide and is run very largely by Honorary Workers.

It is financially supported by the Services Benevolent Funds including the King George's Fund for Sailors, the Army Benevolent Fund and the R.A.F. Benevolent Fund and it receives the officers' share of the annual Earl Haig Poppy Day collection. It welcomes donations, particularly covenanted donations, from ex-officers who are in a position to help and also hopes that they will bring the services of the Association to the notice of less fortunate ex-officers and officers' widows who are in need.

All enquiries should be made to: The General Secretary, The Officers' Association, 28, Belgrave Square, London, SW1X 8QE (Tel. 01-235-8112)

KING EDWARD VII's HOSPITAL FOR OFFICERS

BEAUMONT HOUSE, BEAUMONT STREET, LONDON, W1N 2AA
(Tel. 01-486 4411)

All officers of the three Services (including women officers) who have held regular or temporary commissions, their wives and widows, and the children of officers between the ages of 4 years and 18 years, are eligible for admission. The Hospital has mainly private rooms but there is a five-bed ward and a three-bed ward. (There is no shared accommodation for women patients).

The Council has, as its object, the provision of the best medical and surgical facilities at the lowest possible cost. Serving officers are entitled to free nursing and maintenance in ward beds. Otherwise patients are asked to pay a minimum rate of £140 a week for a private room or £105 a week for a shared room. These charges do not include professional fees, but if either through insurance or because he can afford it, a patient can pay a sum nearer to the actual cost to the Hospital of his maintenance (now £180 a week), this is much appreciated. The ability of a patient to pay is always considered and there is a generously administered Samaritan Fund for those in straitened circumstances. A special grant from the Hospital's Samaritan Fund of £40 a week will be made to all male officer patients who are not insured and who rely entirely on their service and old age pensions.

The Hospital has its own Consultant Staff whose fees are a matter for personal arrangement between the patient and Consultant. It is necessary for all patients to be placed by their G.P. (who may still continue to attend them), in the care of a member of the Hospital's Consultant Staff, a list of whom will be sent to the patient's doctor on application. The Hospital has its own Resident Officers, X-ray, Pathology and Physiotherapy Departments.

Whilst it is not necessary to subscribe in order to use the Hospital, Sister Agnes's is outside the National Health Service and, therefore, entirely dependent on voluntary aid. Subscriptions, donations and covenants are the mainstay of our income and detailed information can be obtained from the Appeals Secretary, 6 Buckingham Place, London. SW1E 6HR (01-828 4454).

Applications for admission should be made to the Matron, through the patient's doctor. (01-486 4411).

The Foundation (formerly based at Newquay) has since 1839 looked after children of men and women below commissioned rank in the Armed Services. Its short stay home is now established in a modern house to meet the immediate temporary need that arises when a family crisis occurs, such as injury to the father serving abroad, sudden departure of the mother to join him, and lack of relatives or friends to care for the children. The problem is met AT ONCE, at any hour of day or night, and the children are cared for, placed in schools and by arrangement given whatever special instruction, treatment or maintenance they need for up to 3 months, while family affairs are settled.

The House is run as a family home, not as an Institution, and the Mother-in-charge has long experience in schools, hotels, nursing and catering in UK and abroad. It is supported by voluntary contributions and by a modest scale of payments by the parents. Financial help can sometimes be given or lent by the Foundation.

Urgent and emergency inquiries should be made by telephone as above. Routine correspondence should be addressed to the Comptroller, Alexandra Foundation at Ward House, Walkhampton, Yelverton, Devonshire.

Grants, covenants, donations and legacies are especially valuable to the Foundation as a Charity under current law, and an outline of the tax advantages to the donor or his estate may be obtained from the Comptroller by interested parties.

The main qualifications for both schemes are that the parents must be in need of assistance and that boys must be between the ages of 10½ and 13 as at 1st September in the year of entry. Maintenance and a public school education are provided at the cost of the Foundation, subject to such contributions from the parents, or friends, as may be required in accordance with a scale laid down by the Council. This may range from nil to a maximum of £396 on the entry of a child, but larger contributions may be required subsequently if the parents' circumstances improve. The scale is liable to alteration at any time. Beyond such contributions there are only the expenses to the parents for games, clothes, railway fares, etc. The Council also have a fund for assisting such of the boys who, on leaving school, enter the Royal Navy as Cadets, etc.

THE EX-SERVICES MENTAL WELFARE SOCIETY

The Ex-Services Mental Welfare Society, which has been established for 56 years, is the only voluntary organisation which exists to assist men and women who have become mentally disabled due to service in the armed Forces or the Merchant Service.

They have a convalescent home where patients are treated in the first instance under qualified staff and an assessment is made of their ability to take their place in society. There is a "sheltered industry" for those not capable of work in open competition. Nearby is a hostel for single men and cottages for the married.

The Society's Welfare Officers visit people in their own homes and, where required, assistance is given. Visits are also paid to about 13,000 ex-Servicemen in Mental Hospitals.

The Society has a Veterans Home for the more elderly to pass their latter days in peace. This home is currently being extended to accommodate 30 residents in single rooms.

The people who seek the Society's help are not only victims of the two World Wars, but also of the many continuing campaigns since, which with their guerilla tactics and street fighting, are equally likely to be the cause of mental breakdown and damage.

This work, which is unique, requires about £200,000 a year by voluntary contributions, and too often those who are serving (or have served) in the Armed Forces do not know of the Society's existence. Many who might benefit by its work are therefore missed and, equally, some who would like to contribute have no chance to do so.

Enquiries about the Society's work, or offers of help (either by way of becoming a "Friend" to assist in fund-raising, or direct contributions) should be made to Captain J. S. Le Blanc Smith, RN, Ex-Services Mental Welfare Society, 37 Thurloe Street, London SW7 2LL.

RATES OF PAY FOR NAVAL RATINGS (INCLUDING MEMBERS OF THE WOMEN'S SERVICES) AND ROYAL MARINES (OTHER RANKS)

13

The basic rates of pay in all branches depend on the period for which a man is committed to serve. Those serving engagements of nine years or more receive the "career rate of pay", those serving for up to 6 years, the "uncommitted rate of pay" and those serving for between 6 and 9 years the "intermediate rate of pay". Ratings serving on NCS engagements and Careers Advisers receive the intermediate rate appropriate to "other branches". In deciding which scale a man is to receive, account is taken of his previous service. Pay also varies according to the qualifications held, the classification being denoted alphabetically in the following tables.

Single personnel in shore establishments are charged for food and accommodation but married personnel are not generally required to pay these charges.

SECTION I

SCHEDULE I

RETIRED PAY AND TERMINAL GRANTS FOR PERMANENT OFFICERS OF THE ROYAL NAVY, ROYAL MARINES, QUEEN ALEXANDRA'S ROYAL NAVAL NURSING SERVICE AND WOMEN'S ROYAL NAVAL SERVICE

1. The provisions of this Schedule relate to officers including those of Flag and General Rank holding permanent or pensionable commissions in the Royal Navy or Royal Marines who retire from the Active List on or after 1st April, 1976. Subject to the provisions of the Forfeiture Act 1870, and the Admiralty Pensions Act 1921, they relate also to retired officers whose commissions are terminated or whose names are removed from the List of Retired Officers because of misconduct. Except where otherwise indicated they do not apply to officers holding temporary or short service commissions or officers on the Supplementary List who have not been granted permanent or pensionable commissions.

2. *Retirement for age or non-employment (other than under a Redundancy Scheme).* An officer on or after attaining the age limit fixed for service in his rank and branch or, it having been decided that further employment is not available for him, retiring compulsorily before attaining that age limit, may be granted immediate retired pay, provided that, he has completed at least 16 years' reckonable service as defined in paragraphs 8-13 of this Schedule. In the event of eligibility for full pay continuing after formal retirement, the award will take effect from the day following that in respect of which full pay was last payable. Separate conditions relate to those prematurely retired under recognized Redundancy Schemes.

3. For the purposes of this Schedule and Schedule 3 of this section, when an officer's reckonable service exceeds a given number of years (up to and including 33 years) by one or more complete days of a year, his retired pay will be increased by that number of days as a fraction of 365 of the difference between the rate for the number of years completed and the rate that would have been awarded had a further complete year been served.

4. *Voluntary Retirement.* An officer with at least 16 years' reckonable service who retires at his own request on or after reaching the age of 40 years and before reaching the age of 50 years, may be granted immediate retired pay at the rates set out in paragraph 18 of this Schedule abated by $7\frac{1}{2}\%$. Retired pay will be reassessed at age 60 in accordance with Schedule 6, of this Section. At other ages the retired pay will be as indicated in paragraph 18 of this Schedule.

An officer who has not served for at least 5 years after the grant of his permanent or pensionable commission will not be eligible for retired pay on voluntary retirement but may be awarded either a preserved pension in accordance with Schedule 7 or any service pension or gratuity for which he may be eligible by virtue of service as a rating. Officers contemplating voluntary retirement who are in doubt about their future superannuation entitlement are advised to write to "The Commodore" HMS CENTURION, Pay and Pensions Division 3A2, Grange Road, Gosport, Hants, PO13 9XA.

5. *Rank for Retired Pay Purposes.* Subject to the following paragraphs, the rank for retired pay purposes shall be the substantive rank held by the officer on his retirement, provided that, unless the officer is invalidated, the rank had been held on the Active List for the following minimum periods:

- | | | |
|-------------------------------------|---------|---------|
| (a) Admiral; General, Royal Marines | | 1 year |
| (b) All other officers | | 2 years |

If the substantive rank has been held for less than the period specified, the rank for retired pay purposes shall be the highest substantive rank which (with periods spent on higher substantive rank) satisfies the condition.

6. Service as acting Captain, Royal Navy may be reckoned towards the requirement of 6 years' service as Captain irrespective of the date of substantive promotion.

7. *Additions to Retired Pay for Service in Paid Acting Rank.* Subject to the general conditions in paragraph 8 below, paid acting and temporary rank held by officers of the Royal Navy, Royal Marines, and Women's Royal Naval Service and members of Queen Alexandra's Royal Naval Nursing Service, may reckon for increase of retired pay as follows:

- For each complete year (subject to a maximum of 3) for which the paid acting or temporary rank was held, there may be added one third of the difference between the retired pay for which the officer is eligible and the retired pay for which he would have been eligible had his rank for retired pay been one rank above his substantive rank.
- Where an officer has failed to complete 2 years in a substantive rank required to qualify him for the retired pay of the rank, such service may reckon for retired pay as if it had been acting or temporary rank.
- Parts of a year in acting or temporary rank will be calculated proportionately, provided the acting or temporary rank has been held for a minimum period of 1 year.

8. *Definitions of Service*

- Service from 3rd September, 1939 will count.
- In no case shall service in an acting or temporary rank earn a rate of retired pay higher than would have been earned if the acting or temporary rank had been substantive.
- The "complete" years referred to in sub-paragraph 7(a) of this Schedule need not be continuous in time but may be made up of broken periods.

9. The following periods may be included in assessing qualifying and reckonable service for the purpose of the foregoing paragraphs:

- (a) Subject to paragraph 12 of this Schedule, full pay service (including mobilised or embodied service or for the purpose of training) as an officer, rating or other rank of the Royal Navy, Royal Marines, the Army or the Royal Air Force or of the Auxiliary and Reserve Forces, and of the former Armed forces of India or Burma, or of the Armed Forces of the Commonwealth or a Colony, provided that where appropriate such service would be reckonable as qualifying service under Army or Royal Air Force regulations; except broken periods each of less than 6 months' duration.
- (b) While a permanent regular officer, periods in appointments not remunerated from Navy Votes which the Secretary of State for Defence considers can reasonably be regarded as part of an officer's career as such. These shall be appointments to which the officer brings his naval knowledge and from which he acquires additional experience and which have been officially offered to him as part of his naval service.

10. Loss of seniority or time forfeited by sentence of Court Martial or Disciplinary Court will not involve loss of service for retired pay or gratuity.

11. Service preceding a five-year interval in service shall not be included unless specially allowed by the Secretary of State for Defence, and eligibility to reckon such previous service will normally be determined at the time of resumption of service. Where, during a break in service the officer has been a member of the Royal Naval Reserve, or other reserve of any of the Forces, undertaking or liable for periodical training, the period of such membership will not be considered an interval in service for the purpose of deciding whether the previous service is admissible.

12. *Previous Service for which a Non-Effective Award has been Received*

- (a) In the case of previous service in respect of which the officer received a service gratuity, or in any case of previous service other than in the Royal Navy, the Royal Marines, the Army, or the Royal Air Force, it may be stipulated as a condition for allowing such service to reckon for retired pay, that the officer shall make a payment to Naval Funds, either in a lump or otherwise. In default of such payment as may have been stipulated the previous service will not be reckonable for the purposes of a non-effective award.
- (b) If an officer has continued to draw concurrently with full pay the retired pay or other analogous award payable in respect of previous service, the further service will normally not confer eligibility for improved benefits on final termination of employment.

13. *Counting of Service*

- (a) *Reckonable Service.* All service as defined above from the age of 21 will count in full as reckonable service.
- (b) *Qualifying Service.* All service as defined above from the age of 18 will count in full as qualifying service.
- (c) "Completed years of Service", "years of qualifying service" and "years of reckonable service" mean full pay service up to and including the last day on full pay.

14. *Special Rules relating to officers promoted from the Lower Deck.* An officer promoted to a permanent commission while serving on a normal regular engagement may on retirement be granted either:

- (a) Retired pay under the conditions set out in this Schedule or:
- (b) Retired pay under the current rules for the award of ratings' pensions; whichever is more to his advantage.

15. *Retirement for Incapacity, Unsuitability or Inefficiency*

- (a) *Not within an officer's control.* An officer who is retired for incapacity, unsuitability or for inefficiency not due to causes within his own control, and having at least 16 years' reckonable service, may be granted immediate retired pay as for a compulsory retirement on account of non-employment.
- (b) *Within an officer's control.* An officer who is retired for incapacity or inefficiency due to causes within his own control, but not amounting to misconduct, and having at least 16 years' reckonable service, may be awarded immediate retired pay at such rate as the Secretary of State for Defence may determine, but not in any event exceeding the rate which would have been admissible had he retired voluntarily.

16. *Retirement, etc., for Misconduct*

- (a) An officer who is retired for misconduct with at least 16 years' reckonable service, may be granted retired pay at such rate as the Secretary of State for Defence may determine, but not in any event exceeding 90 per cent of the rate of retired pay, which would have been admissible had he retired at his own request.
- (b) *Dismissal, etc.* An officer with at least 16 years' reckonable service who is dismissed the Service or dismissed with disgrace by sentence of Court Martial or whose name has been removed from the List of Officers or who has been allowed to resign his commission to avoid trial by Court Martial may be granted a compassionate allowance at the discretion of the Secretary of State for Defence but not in any event exceeding 90 per cent, of the rate of retired pay which would have been admissible had he retired at his own request.

Reduced awards made under the provisions of this paragraph may be restored at age 60 in accordance with paragraph 1 of Schedule 6 of this Section.

17. The Secretary of State for Defence may, in the exercise of his discretion under sub-paragraph 15(b) and paragraph 16 of this Schedule, grant a gratuity, or compassionate gratuity in place of retired pay or compassionate allowance.

18. *Rate of Retired Pay.* Subject to the provisions of this Section, service retired pay may be awarded at the following rates (with effect from 1st April, 1976):

(a) *Admirals of the Fleet* will be eligible for half pay at the rate of £11,500 per annum.

- (b) On completion of 12 years' satisfactory service on the Active List £5,940.

If they leave at any time other than at their optional breakpoints any award of retired pay or gratuity will be assessed in accordance with the provisions of Schedules 1, 2 and 3 of this Section.

E

14. *General conditions for the award of Service gratuities.* Should the officer fail to complete the full period of Active List service which he had undertaken, an award may nevertheless be made as follows:

- (a) If his service is terminated on account of disability not due to causes within his own control, he will be granted a gratuity proportionate to the length of Active List service he has actually completed.
- (b) If his service is terminated for non-employment, or for incapacity, unsuitability or inefficiency not due to causes within his own control, or if he is permitted voluntarily to terminate his service within 6 months of the completion of the full period of Active List service he has undertaken, he may be awarded either a gratuity proportionate to the length of Active List service he has actually completed or a reduced gratuity at such rate as the Secretary of State for Defence may determine.
- (c) If he is permitted voluntarily to terminate his service more than 6 months before the conclusion of the period he has undertaken no gratuity will be payable to a Pilot or Observer unless he has completed at least 18 months' satisfactory service and is in possession of the flying badge, nor to an officer of any other Branch unless he has completed at least 1 year's satisfactory service. Thereafter he may be allowed at the discretion of the Secretary of State for Defence, such gratuity as may be determined, but not in any event exceeding three-quarters of the amount proportionate to the length of his actual service on the Active List.
- (d) If his service is terminated owing to disability due to causes within his own control or to inefficiency or other cause within his own control but not amounting to misconduct, he may be allowed, at the discretion of the Secretary of State for Defence, such gratuity as may be determined, but not in any event exceeding the amount which would have been admissible had he been allowed to terminate his service voluntarily.
- (e) If his service is terminated on account of misconduct, the special payment of a compassionate gratuity shall be within the discretion of the Secretary of State for Defence according to the circumstances of his case, but the award will not in any event exceed 90 per cent of the gratuity which would have been admissible had he left voluntarily.

15. *Conditions for the award of Short Service Gratuities.* Where a short service commissioned officer dies in service leaving neither a widow nor dependent children, a lump sum payment may be made to his estate equal to twice the annual rate of full career pension for an officer of his rank or the amount of gratuity which would be payable had the officer been invalided on the day he died, if this is greater.

16. If an officer serving on a short service commission continues on full pay beyond the period of Active List service which he had undertaken, payment of the gratuity will be deferred until the end of such further service.

17. A short service commissioned officer who was transferred to that commission from a pensionable commission solely because of failure to complete training due to causes outside his control including medical unfitness may, in addition to the gratuity in respect of his short service be awarded on final satisfactory completion of service a gratuity at the rate provided for in sub-paragraph 2(b)(ii) of this Schedule in respect of his pensionable service.

18. A short service commissioned officer who is granted a permanent commission will not be eligible for any gratuity in respect of his service on a short service commission, but his service on that commission may count towards an ultimate award of retired pay or gratuity as a permanent officer. If, after receipt of a gratuity in

respect of short service, an officer is granted a permanent commission his previous service will not be reckonable towards an ultimate award of retired pay or gratuity as a permanent officer, unless satisfactory arrangements are made for the refund of the short service gratuity.

19. Service on a short service commission in the medical, dental, or education branches of the Royal Navy, may, in certain circumstances, be treated as contributory service under the National Health Service (Superannuation) Regulations or under the Teachers' (Superannuation) Act, as appropriate. Where service is so treated, both the employer's and the officer's contribution will be advanced by the Ministry of Defence and the total amount so advanced will be deducted from the gratuity for which the officer is eligible under the provisions of this Section. When contributions have been so advanced but as a result of being transferred to a permanent or pensionable commission the officer does not qualify for a gratuity under this Section, no refund of the employer's contributions will be required from the officer, but in order that his previous service may be reckonable towards an ultimate award of retired pay or gratuity as a permanent officer he will be required to refund the employee's contributions advanced on his behalf by the Ministry of Defence. Service which counts for service retired pay or gratuity may not also count as reckonable service for purposes of pension under the appropriate civil superannuation scheme.

SCHEDULE III

PRESERVED PENSIONS, TERMINAL GRANTS AND RESETTLEMENT GRANTS FOR OFFICERS OF THE ROYAL NAVY, ROYAL MARINES, QUEEN ALEXANDRA'S ROYAL NAVAL NURSING SERVICE AND WOMEN'S ROYAL NAVAL SERVICE

A

1. The provisions of this Schedule relate to officers of the Royal Navy, Royal Marines, Queen Alexandra's Royal Naval Nursing Service and Women's Royal Naval Service, who give service on or after 31st March, 1976 and who leave the Service before qualifying for immediate service retired pay. Provided they have reached the age of 26 years and have given a minimum period of 5 years' service they may be awarded a preserved pension at the rates shown in paragraph 2 below. These provisions do not apply to officers serving on gratuity earning short service engagements.

2. (a) The rate of preserved pension will be:

(1) All officers except Chaplains. For each year of reckonable service (from age 21), 3 per cent of the 34 year rate of service retired pay appropriate to the rank or ranks for service retired pay purposes.

(2) Chaplains

(i) with less than 10 years' reckonable service. For each year of reckonable service 3 per cent of the 34 year rate of the service retired pay of a Lieutenant RN.

(ii) with 10 or more years' reckonable service. For each year of reckonable service 3 per cent of the 34 year rate of the service retired pay of a Lieutenant-Commander RN.

(b) A preserved terminal grant equal to three times the annual value of the preserved pension will also be paid.

3. The preserved pension and terminal grant will normally be paid when the officer attains age 60 though payment may be made earlier if the pensioner becomes permanently incapable of working through physical or mental infirmity. The preserved pension when paid will be adjusted in accordance with such pensions increase measures as are applicable at the time of payment and the preserved terminal grant will be similarly adjusted.

4. Officers serving on pensionable commissions on or after 31st March, 1976 who may be eligible for the payment of a gratuity as specified in Schedule 2 of this Section may, if they leave the Service before 1st April, 1978, opt to receive a gratuity as presently authorised in place of preserved benefits, and resettlement grant provided in this Schedule.

5. The Secretary of State for Defence may make forfeit or abate a preserved pension for life. Such permanent forfeiture or abatement will normally be made only if an officer commits a grave offence against the State or a serious offence against military discipline. For lesser offences or for unsatisfactory service no abatement will be made and a preserved pension and terminal grant will normally be paid in full at age 60.

6. A preserved pension will not be commutable in any circumstances.

B

7. Resettlement Grants

(a) A tax-free resettlement grant may be granted to those officers awarded preserved pensions whose last day of service was on or after 31st March, 1976, subject to satisfactory service and provided that they have completed at least 9 years reckonable service (from age 21).

(b) Rates of resettlement grants for officers whose last day of service was on or after 31st March, 1976 are as follows:

Male Officers	£1,697
Female Officers	£1,621

8. If an officer is discharged for inefficiency within his own control or for misconduct then the award and amount of a resettlement grant shall be at the discretion of the Secretary of State for Defence providing that should an officer be discharged for misconduct any resettlement grant payable under the provisions of this Schedule shall be abated by not less than 10 per cent of the amount payable had the discharge been on other grounds.

9. A resettlement grant will not be payable on appointment to a commission for the purpose of giving further full pay service in the Armed Forces. The Secretary of State in his discretion may stipulate that the award of a resettlement grant shall be conditional on the officer undertaking further service in the Reserve Forces and in lieu of such an undertaking he may abate any resettlement grant payable by such amount as seems to him appropriate.

SCHEDULE IV

INVALIDING PENSIONS AND GRATUITIES FOR OFFICERS

A General

1. The general conditions set out in Schedules 1 and 2 of this Section shall apply where appropriate to invaliding awards as they do to long service awards. Particular attention is drawn to Schedule 1 paragraphs 3 and 5 and Schedule 2 paragraph 1 of this Section.

2. The award and amount of any service invaliding retired pay, service attributable retired pay or gratuity shall, notwithstanding the provisions of this Schedule, be at the discretion of the Secretary of State for Defence.

3. Where an officer dies in Service leaving neither an eligible widow nor eligible children a sum equal to the gratuity otherwise payable to a widow (as provided in paragraph 7 of Section II) shall be payable to his estate. This paragraph also applies to women officers.

C Attributable invaliding

6. Irrespective of their length of service all officers including those on short service commissions who are invalidated with a degree of disability assessed at 20 per cent or more may be awarded Service Attributable Retired Pay provided such injury shall be accepted by the Department of Health and Social Security as being attributable to or aggravated by their period of service. The rank on which the award is based will be determined in the same way as for Service Invaliding Retired Pay. In addition any disability pension or other Department of Health and Social Security allowances may be paid concurrently with this award but Service Attributable Retired Pay will be abated by the amount of any Unemployability Supplement put into payment by the Department of Health and Social Security within 12 months of their determination of attributability provided the amount abated shall not exceed the excess of the minimum rate set out below over the appropriate rate of Service Invaliding Retired Pay.

Should the degree of disability increase at any time, the rate of attributable retired pay will be reviewed. If the degree of disability decreases however, attributable retired pay will only be reviewed during the 12 months immediately following retirement unless the degree of disability falls below 20 per cent when it will be abated at any time by the difference between the minimum attributable rate and the appropriate rate of Service Invaliding Retired Pay. Where the rate of attributable retired pay is reviewed the revised rate will be that appropriate to the revised degree of disability, enhanced where applicable by relevant pension increase measures, promulgated in the Order in Council in the year in which the officer was invalidated. In the case of a short service officer or pensionable officer with less than 5 years' qualifying service the rate of Service Invaliding Retired Pay for the purpose of these calculations will be nil. An adjustment to the excess of the minimum rate over the appropriate rate of Service Attributable Retired Pay may be made in cases where an officer successfully recovers damages for the injury which led to the attributable invaliding. The excess of the minimum rate over the appropriate rate of Service Invaliding Retired Pay is not commutable. In all cases where an award of the appropriate rate of Service Invaliding Retired Pay would be less favourable than the minimum rates set out below (including cases where an officer is not eligible for such an invaliding award) the latter will apply.

- (2) the gratuity which he would have received on non-attributable invaliding except that an officer with less than 2 years' qualifying service, including an officer with less than 20 per cent disability, may receive not less than half the 2 year rate of invaliding gratuity, plus an additional attributable gratuity if his degree of disability is 20 per cent or more at the rates shown below:

1. The general conditions in Schedules 1, 2, 3 and 4 of this Section apply to female officers except as provided in paragraphs 4 to 6 below.

2. Retirement on marriage, or for compassionate reasons where the Secretary of State for Defence is satisfied that such reasons necessitate retirement or termination of Service, on or after 1st April, 1976 is to be treated as compulsory retirement for purposes of awards of retired pay.

3. *Gratuities for Third Officers, WRNS retired compulsorily after 7 years' service.* Third Officers, WRNS who are retired compulsorily for non-employment on completion of 7 years' service in the rank will be eligible for a gratuity of £3,311.

4. *Gratuities for Officers on short service engagements*

On optional withdrawal after satisfactorily completing 5 years' service on a short service commission, they will be eligible for a gratuity of £2,365.

(b) *Nursing Sisters.* Nursing Sisters entered for short service will, on satisfactorily completing the period of service undertaken, be eligible for a gratuity at the rate of £473 for each year of short service.

5. *Gratuities for permanent and short service officers leaving on marriage or for compassionate reasons*

- (a) Permanent officers who have completed at least 4 years' service as officers and who, being ineligible for retired pay or for gratuities under the provisions of the foregoing paragraphs, are permitted to retire or are required to terminate their service on marriage, or for compassionate reasons where the Secretary of State for Defence is satisfied that such reasons necessitate retirement or termination of Service, on or after 31st March, 1976 may be awarded a gratuity of £311 for each complete year of qualifying service subject to a maximum of £3,113.
- (b) Short service officers whose service is terminated for the reasons stated in the preceding sub-paragraph will be eligible for a gratuity at the rate of £473 a year proportionate to the length of short service commission actually completed. The minimum of 1 year's service stipulated in sub-paragraph 14(c) of Schedule 2 of this Section may be disregarded for purposes of award under this sub-paragraph.

6. Within the limits prescribed in paragraphs 9–13 of Schedule I, and except as provided in the modified regulations set out in paragraph 5 above, all full-pay service as a member of the QARNNS or QARNNS Reserve or service as an officer or rating in the WRNS may be taken into account in assessing qualifying and reckonable service for the award of retired pay and gratuities, as may service that would be treated as qualifying or reckonable service under Army and Royal Air Force Regulations.

SCHEDULE VI

RESTORATION OF FORFEITED OR ABATED RETIRED PAY

1. *Retired Pay abated or forfeited for Misconduct.* Any abatement or forfeiture of retired pay made under paragraph 16(b) of Schedule I may be restored, within the limits laid down in paragraph 2 of Schedule 3 at age 60, but where forfeiture or abatement has been made for a grave offence against the State or a serious offence against military discipline such forfeiture or abatement may only be lifted or restored either wholly or in part, at the discretion of the Secretary of State for Defence. On these latter circumstances the Secretary of State for Defence may authorize such an adjustment of retired pay at age 60 or at any time thereafter up to age 65. Any restoration of retired pay will attract pension increases and a corresponding reassessment and payment of terminal grant amounting to three times the sum of the restored element of retired pay and pension as adjusted by the appropriate pension increase measures.

2. *Premature Voluntary Retirement.* Officers who retire prematurely at their own request on or after 1st April, 1976 and who suffer an abatement of their immediate retired pay will, on attaining age 60 and where it is to their advantage, have their retired pay and terminal grant re-assessed using the accrual rates set out in paragraph 2 of Schedule 3 of this section. Pension increases will be applied to any such re-assessment.

3. No abatement for premature voluntary retirement will be taken into account when assessing an award of preserved retired pay, and terminal grant.

SCHEDULE VII

ABATEMENT OF RETIRED PAY UNDER THE NATIONAL INSURANCE ACTS

1. The provisions of this Schedule relate to officers of the Royal Navy, Royal Marines, Queen Alexandra's Royal Naval Nursing Service and the Women's Royal Naval Service who:

- (a) entered the service on or after 1st July, 1949; or
- (b) re-entered the service, after a break in service, on or after 1st July, 1949; except those who re-entered within 12 months of being invalided or those who had already been granted service retired pay before re-entry.

2. The Secretary of State for Defence may exempt from the provisions of this Section any officer, who entered or re-entered the Royal Navy after 30th June, 1949, if satisfied that such entry or re-entry was in fulfilment of an undertaking or commitment entered into before 1st July, 1949.

3. Except as provided in paragraph 4 of this Schedule, service retired pay granted to a retired officer shall be reduced by £0-01667 a week for each complete year of reckonable service subject to a maximum of £0-80 a week, on becoming eligible for a National Retirement Pension on attaining the age of 65, in the case of men, or on attaining the age of 60 in the case of women.

4. No abatement, however, shall be made in the case of a person permanently resident outside the United Kingdom, unless that person is receiving retirement pension under the National Insurance Act 1946, or a corresponding award payable under reciprocal arrangements with the country of domicile.

SCHEDULE VIII

RE-EMPLOYMENT OF OFFICERS OF THE ROYAL NAVY AND ROYAL MARINES

A

1. *Retired Officers of the Royal Navy and Royal Marines Re-employment in Peace-time.* Except as provided in paragraphs 8-12 of Schedule 2 an officer who is on retired pay may, while re-employed for training or on any authorised naval duty for periods not exceeding 6 consecutive months or aggregating 6 months or less in any 12 months, continue to draw his retired pay concurrently with any pay to which he is entitled; but payment of retired pay may be suspended when there is doubt about the duration of the period of re-employment. No retired pay will be payable when the period of re-employment exceeds 6 months, and where the retired officer has commuted any part of the retired pay which would have been liable to suspension had he not commuted, a deduction equivalent to the amount commuted will be made from his pay.

2. An officer whose service retired pay has been suspended under paragraph 1 of this Schedule and who, having been placed on the Retired List before 1st April, 1976, is re-employed on or after that date without an actual break in service, will be eligible on reversion to the Retired List for awards of retired pay and terminal grant under the provisions of Schedule 1 of this Section as if he had retired on or after 1st April, 1976. The award will be assessed on the basis of former service added to re-employed service.

3. An officer whose service retired pay has been suspended under paragraph 1 of this Schedule and who having had a break in service, is in re-employment on or after 1st April, 1976 may receive on reversion to the Retired List an award of retired pay assessed on the basis of former service added to re-employed service as follows:

(a) Under the provisions of Schedule 1 of this Section provided that

- (1) the period of re-employment is not less than 3 years; or
- (2) the officer is invalided from re-employment; or
- (3) he originally retired on or after 1st April, 1976.

(b) If the officer originally retired before 1st April, 1976; and the period of his re-employment is less than 3 years and he is not invalided, under the provisions of the Order in Council under which his retired pay was originally assessed.

4. If during re-employed service an officer has served in a rank higher than that held before original retirement and has received the pay and allowances appropriate to that rank, this service may be allowed to reckon for assessment of a revised rate of retired pay on a similar basis to that laid down in Schedule I of this Section.

5. If the officer had originally retired at his own request, re-assessed retired pay under sub-paragraph 3(a) or sub-paragraph 3(b) of this Schedule will be on the basis of voluntary retirement, unless he is invalided from re-employment.

6. An officer whose retired pay has been suspended under paragraph 1 of this Schedule may receive, on reversion to the Retired List on or after 1st April, 1976 terminal grant or additional terminal grant calculated as follows:

(a) If retired pay has been re-assessed under sub-paragraph 3(a)(1) or 3(a)(2) of this Schedule, the award shall be, for each complete year of re-employed service, one-tenth of the difference between 3 times the annual amount of retired pay awarded on termination of re-employment and the terminal grant (if any) previously awarded.

(b) If retired pay has been re-assessed under sub-paragraph 3(b) of this Schedule, and the officer originally retired before 1st January, 1956, as in sub-paragraph 6(a) above.

(c) If retired pay has been re-assessed under sub-paragraph 3(a)(3), or under sub-paragraph 3(b) of this Schedule where the officer originally retired on or after 1st January, 1956, the difference between the terminal grant previously awarded and 3 times the amount of retired pay awarded on termination of re-employment.

7. An officer who originally retired at his own request with a gratuity only, may receive an additional proportionate gratuity of £495 for each year of re-employed service.

8. An officer who re-enters the Service within 5 years of being discharged on redundancy will be required to refund a portion of the Special Capital Payment awarded to him. The refund will be calculated as follows:

$$\frac{a-b}{a} \times \text{the special Capital Payment}$$

(Where a = 5 years or his uncompleted period of service on redundancy, whichever is the less, and b = the break in service. In cases of b being greater than a there is no refund.)

B

9. *Retired Officers of the Royal Navy and Royal Marines employed by the Ministry of Defence.* Where a retired officer in receipt of retired pay is employed by the Ministry of Defence as a Principal Retired Officer or Retired Officer Grade I, II or III his retired pay shall be abated in accordance with the following scale and such additional instructions as may be published from time to time by the Defence Council.

10. For the purposes of this section rank and length of service shall be as defined in Schedule I of this Section.

C

RETIRED OFFICERS OF THE ROYAL NAVY AND ROYAL MARINES EMPLOYMENT IN EMERGENCY

11. *Retired Officers of the Royal Navy and Royal Marines: Re-employment in Emergency.* On recall for service at a time of imminent national danger or of great emergency, or when re-employed with the armed forces on general mobilisation, one-half of the retired pay of a retired officer will remain in issue concurrently with the pay and allowances appropriate to his rank on re-employment. Any portion of the retired pay that has been commuted will be recovered from the retired pay remaining in issue, or, when this is insufficient to meet the liability, from his pay to the extent of the deficiency.

12. For the purpose of applying the provisions of paragraph 11 of this Schedule to a retired officer compulsorily recalled at a time of national emergency when general mobilisation has not been announced, the operative period will be determined by the Secretary of State for Defence in consultation with the Minister for the Civil Service.

SCHEDULE IX COMMUTATION OF NAVAL RETIRED PAY

General

1. Officers' service retired pay only is commutable under the provisions of the Pensions Commutation Acts, 1871 to 1882, subject to such restrictions as may be imposed. Those eligible for this facility include commissioned, branch and subordinate officers of the Royal Navy and Royal Marines, officers of the Women's Royal Naval Service and members of Queen Alexandra's Royal Naval Nursing Service of the rank of nursing sister and above.

2. Retired pay or pension commuted is finally surrendered, in the same way that the amount received in commutation becomes the absolute property of the officer.

3. No officer will be allowed to commute any portion of his retired pay who:—

- is holding, or is about to hold, any appointment under the Crown the terms of which involve the suspension of his retired pay; or
- during time of war, is employed on active service or is eligible for such employment.

4. The Defence Council, or Admiralty Board on their behalf, have full discretionary power to accept

or refuse applications. They would, for instance, be likely to be refused in cases of neglect or desertion of family; stoppage of pension by Bankruptcy orders; of persons likely to go abroad and leave their families a burden on the public; and suchlike cases.

5. These rules and the table of rates are liable to be changed without notice.

Maximum amounts commutable

6. The amounts stated in the following subparagraphs refer to basic service retired pay only. Increases to retired pay, following the application of Pension Increases are *not* commutable.

- An officer who retired before 1st April 1969, and whose retired pay is £300 a year or more may commute not more than one half thereof. If his retired pay is less than £300 a year he must leave £150 a year uncommuted (in certain special cases, however, where retired pay is less than £180 a year he may be permitted to commute a sum not exceeding £30 a year provided that the amount remaining uncommuted is not reduced below £120 a year).
- An officer who retired on or after 1st April 1969, and whose retired pay is £600 a year or more

may commute not more than one half thereof. If his retired pay is less than £600 a year he must leave £300 a year uncommuted (in certain special cases, however, where retired pay is less than £360 a year he may be permitted to commute a sum not exceeding £60 a year provided that the amount remaining uncommuted is not reduced below £240 a year).

- (c) The above provisions as to limit of commutation do not apply to an officer promoted from the ranks to an emergency commission in the 1939/45 war while serving on a normal regular engagement and whose retired pay is less than £225 a year. In this case retired pay up to, but not more than, one third, may be commuted, subject to the proviso that, if the retired pay is less than £90 a year, an amount of £60 a year must be left uncommuted.

Method of applying

7. Applications should be made on the prescribed application form, which can be obtained from The Commodore, Pay and Pensions Division, 3A2, H.M.S. Centurion, Grange Road, Gosport, Hants, PO139XA. An application is deemed to be made on the date on which this form, duly completed, is received at the Ministry of Defence during the hours of public business, but not before the date from which payment of retired pay commences.

8. An officer who has been adjudicated bankrupt or has had a Receiving Order made against him, or is indebted to public funds, must disclose the facts and circumstances at the time of his application.

9. If any applicant for commutation wilfully makes any false declaration in relation thereto he shall be liable to forfeit all claim to his retired pay or the value thereof, and to imprisonment, or fine, or both.

Procedure following recommendation by the Defence Council or Admiralty Board

10. If the Defence Council, or Admiralty Board on their behalf, recommends commutation, the officer will be informed, and his letter of application will be forwarded to the Pensions Commutation Board (hereinafter called the Board), Royce House, Aldermanbury Square, London, EC2V 7LR, from whom he will receive further instructions. The fact that an application has been recommended to the Board must not be taken to imply that it will necessarily be approved.

11. The Board will require the officer to give such information as to his age, health and habits as is usual in the case of persons proposing to insure their lives in insurance companies, and he will be required to submit himself for personal examination by the Medical Officer to the Board in London. Officers living in Scotland (and the English counties of Durham, Northumberland, Tyne and Wear, Cleveland and Cumbria) or Northern Ireland may, if they so desire, and if the Board see fit, be permitted to be examined by the Board's Medical Advisers in Edinburgh or Belfast respectively. Officers abroad who desire to be examined abroad may apply to the Board accordingly, stating their reasons for making the request. The decision of the Board will be final.

12. If the applicant fails to give the desired information or to attend for a medical examination within a period of four months (six months if resident outside the United Kingdom or the Republic of Ireland) after the date of his application, such application will be treated as lapsed.

13. If the Civil Service Department are unable to approve commutation, the applicant will be informed accordingly.

14. If the Civil Service Department approve the application, either on standard terms or on the basis of "added years" (see paragraph 21), the applicant will be given notice of the amount which would be payable on commutation. A fee of one per cent on this amount will be charged, provided that such a fee is not less than £2.50 nor more than £50. After receiving the notice referred to above, an opportunity will be given to the applicant to withdraw his application if he does not wish commutation to take place on these terms. The period available to the applicant for the purpose of withdrawing his application is thirty days (42 days in the case of an applicant not resident in the United Kingdom or the Republic of Ireland), beginning with the day on which the Board sent him their notice, or such longer period as the Civil Service Department may allow in exceptional circumstances. If he does wish commutation to take place, he may so inform the Board without waiting for the end of the time allowed for withdrawal, and either notify them that he is desirous of having a cheque sent to him or his Agent or attend personally to collect the cheque. If the applicant does not take either of these steps within the period allowed, commutation will automatically take place on the day following the expiration of the period.

15. An applicant will continue to draw his pension until it is commuted, that is, down to whichever of the following dates is applicable in his case: the day on which a cheque is posted to him or his Agent, the day on which he collects a cheque, or the day on which commutation takes place automatically as described above.

16. It should be appreciated that if an applicant dies before the pension he has applied to commute ceases under the terms of the preceding paragraph, the pension will have expired and no capital sum will then be payable in commutation of it.

Effects of commutation

17. If an officer who has commuted a part of his retired pay is re-employed, the amount of retired pay he has commuted (not the lump sum he received) will be deducted from his full pay during his term of re-employment. On subsequent retirement his retired pay will be reassessed to take account of his further service, if applicable, but the amount of retired pay originally commuted will continue to be deducted from his retired pay.

18. Officers are reminded that, under existing Pensions Increase Schemes, increases are not admissible on any part of retired pay that has been commuted, unless the commutation (i.e. the actual award of the capital sum) took place after the scheme came into operation.

19. The claim of an officer to be awarded a Naval Compassionate Pension or a Greenwich Hospital Pension will not be affected by his having commuted.

20. The widows and children of officers who commute will be granted pensions according to the normal rules (i.e., one third/one half, as applicable, of husband's full retired pay with no deduction made consequent to commutation) provided that the widows were married, and the children were born, before the date of commutation and that they are otherwise eligible. Where marriage took place after commutation (but prior to reassessment of retired pay) widows' and children's pensions may be reduced in proportion to the decrease in retired pay resulting from commutation.

RETIREMENTS, &c.

GENERAL RULES, CONDITIONS OF RETIREMENT, ETC.

NAVAL OFFICERS

PART I. GENERAL

1. Officers who are not due for compulsory retirement under the following regulations may, at Defence Council or Admiralty Board discretion, be allowed to retire voluntarily or, in special circumstances, to resign. The overriding factor in considering applications will be the requirements of the Service, but special consideration will be given when compassionate grounds are advanced.

2. Officers may be retired at any age, at Defence Council or Admiralty Board discretion, if found medically unfit for further service.

3. Officers may be removed from the Active List at any time, if, in the opinion of the Defence Council or Admiralty Board, they are unfitted for further employment under the terms of the Orders in Council relating to incapacity, unsuitability or misconduct.

4. These rules do not apply to officers employed on Inspection, Research, Design and Experimental Ordnance Duties, etc., under the conditions of service shown separately in this volume.

Note.—Rules governing the award of retired pay on voluntary retirement are set out on page 19.

PART II. OFFICERS ON THE GENERAL LIST

OFFICERS OF FLAG RANK

1. Admirals of the Fleet are borne on the Active List for life.

2. Other officers of Flag rank on the General List will be placed on the Retired List either:—

- (a) on reaching the age limit for service in the rank; or
- (b) on it being decided that they will not be further employed, whichever is the earlier. If serving in an appointment at the time of the decision that they will not be further employed, they may be retained on the Active List in their existing rank until relieved of the appointment.

3. The age limits for service in each rank are as follows:—

Admiral	..	..	..	65
Vice-Admiral	..	..	..	63
Rear-Admiral	..	..	..	60

4. Officers of Flag rank on the General List will not be retired solely by reason of the promotion of an officer junior to them, nor by reason of their being superseded in any particular appointment.

CAPTAINS

5. Captains will normally be placed on the Retired List if not promoted to Flag rank on reaching 9 years' seniority as a Captain; or at the age of 55 if earlier.

6. *Extensions of Service.* Captains who are due for retirement on reaching 9 years' seniority may be selected for extensions of service to age 55. The

requirement is very small and action to extend the service of Captains in order to fill specific appointments if and when they arise, will be initiated by the Ministry of Defence (Naval Secretary).

COMMANDERS

7. *Retirement Age.* The age of compulsory retirement of Commanders on the General List is 53.

8. *Extensions of Service.* These may be approved, subject to Admiralty Board discretion and the requirement, for periods up to 2 years, that is to age 55. Officers who wish to be considered for such extensions of service should apply through their Commanding Officers to the Ministry of Defence (Naval Secretary) normally between 1 and 2 years before the date of their retirement. Applications are to be forwarded together with:—

- (a) A Special Report on Form S206, which should include a recommendation on the officer's suitability for further employment.
- (b) An up to date Medical Certificate which should indicate whether the officer is fully fit to continue general Naval service in any part of the world.

9. If an extension of service is approved, officers will be retired and re-employed without a break in service. The additional service will count for non-effective benefits, but officers will not be eligible for the grant of terminal leave or other non-effective benefits until they retire on completion of the extension of service. Officers on extensions of service will not be eligible for selective promotion.

LIEUTENANT-COMMANDERS

10. *Officers who entered the Royal Navy on or after 1st May, 1957.*

The age for compulsory retirement of Lieutenant-Commanders on the General List is 50.

11. *Officers who entered the Royal Navy before 1st May, 1957.*

Lieutenant-Commanders on the General List will normally be retired compulsorily at age 50. However, they may opt to be retired at age 45. Officers must express their wish (for whichever age they wish to retire) not later than their 44th birthday. Such retirement at age 45 will not be subject to the 7½ per cent reduction in retired pay applicable to voluntary retirements between the ages 40 and 50.

12. *Extensions of Service.* Subject to Admiralty Board discretion and the requirement, Lieutenant-Commanders, including those who have opted to retire at age 45, may be allowed to extend their service up to age 55. Officers due to retire at age 50 will be extended for an initial period of 3 years and may apply for a further extension of 2 years to age 55.

13. Officers who wish to be considered for extensions should apply through their Commanding Officers to the Ministry of Defence (Naval Secretary) normally between 1 and 2 years before the date of their retirement. Applications are to be forwarded together with:

- (b) An up to date Medical Certificate which should indicate whether the officer is fully fit to continue general Naval service in any part of the world.

14. If an extension of service is approved, the officer will be retired and re-employed without a break in service. FORCES FAMILY PENSIONS AND GRATUITIES TO WIDOWS 41 AND DEPENDANTS OF NAVAL AND ROYAL MARINE OFFICERS

SECTION II

FORCES FAMILY PENSIONS AND GRATUITIES TO WIDOWS AND DEPENDANTS OF NAVAL AND ROYAL MARINE OFFICERS

General Conditions for Award, etc.

1. The marriage must have taken place before retirement (or, where there is subsequent re-employment entitling the member to a revision of his service retired pay, before the termination of the re-employment).

2. Pensions cannot be claimed as a right. In cases where the wife was separated from her husband, and in certain other circumstances, awards will be discretionary.

3. A widow's pension will cease on her remarriage, but, if she again becomes a widow, the award may be restored at the discretion of the Admiralty Board.

4. C legitimate child of an officer is eligible for a pension where the child's mother fulfilled the conditions relating to marriage contained in paragraph 2 above. In addition, illegitimate children, adopted children and step-children are, subject to certain other conditions, also eligible.

Non-Attributable Death Benefits

5. Widows and Dependants of Naval and Royal Marine Officers who retired prior to 31st March, 1973.

(a) For the eligible widow—one-third of the half-pay or retired pay which was in payment to the husband at the date of his death; or, if more favourable, the rate which would have been in payment at that date if he had not commuted any part of his half-pay or retired pay together with all Pension Increases appropriate to the basic rate whether or not the husband qualified for these increases by virtue of age or health. If this amount is less than the minimum rates set out in paragraph 16 below, the minimum rate will be payable.

(b) For each dependent child under 18 years of age—one third of the widow's pension. (Payment may be continued beyond age 18 if the child continues to receive full-time education).

(c) For each eligible motherless child—two-thirds of the rate which the widow received or would have received.

6. Widows and Dependants of Naval and Royal Marine Officers who retired on and after 31st March, 1973 and were in receipt of Service Retired Pay or Service Invaliding Retired Pay or who were serving at the date of their death and would have been so entitled had they been invalided on the date of death.

(a) For the eligible widow whose husband exercised the option to purchase an entitlement for half-rate widow's pension—one-half of the half-pay or retired pay which was in payment to the husband at the date of his death or for which he would have been eligible had he been invalided on the date of his death. The rate of widow's pension ignores any commutation of retired pay made by the husband except in certain circumstances and includes all Pension Increases appropriate to the basic rate whether or not the husband qualified for these by virtue of age or health.

(b) For the eligible widow whose husband did not purchase an entitlement to a half-rate widow's pension—as in (a) above but one-third of the husband's half-pay or retired pay earned by service prior to 31st March, 1973, one half earned by service from 31st March, 1973. Where a widow's Forces Family Pension is calculated by reference to Service Invaliding Retired Pay, the element in the Invaliding Retired Pay which

is a result of the special invaliding enhancement will attract a half-rate widow's pension.

(c) For each eligible child under 16 years of age—maximum of 2—one quarter of the officer's rate of Service Retired Pay or Service Invaliding Retired Pay. (Payment may be continued beyond age 16 if the child continues to receive full-time education).

(d) For each eligible motherless child maximum of 3—one third of the officer's rate.

Where eligible children are not being maintained by their mother, or where there are more than the maximum and they are living in separate households, the award of the children's pension may be allocated at the discretion of the Secretary of State for Defence.

7. Gratuities to Widows and Children on Death of Serving Officers

(a) Where death occurs in service the widow, including the widow of a short service officer, will be eligible for a gratuity equal to the terminal grant or gratuity for which the husband would have been eligible had he been invalided on the day of his death, or, if more to her benefit, equal to twice the 34 year rate of retired pay of her husband's rank for invaliding purposes. Any outstanding contributions towards purchase of full half-rate widow's pension will be deducted from this amount. If there is no eligible widow but there are eligible children the gratuity which would have been payable to the widow will be paid to the children and will be apportioned among them at the discretion of the Secretary of State for Defence.

(b) Where death occurs in service and neither an eligible widow nor motherless child/children are left a sum equal to the gratuity otherwise payable to a widow will be payable to the estate of the deceased. This applies also to women officers.

(c) Where death occurs within a year of retirement with Service Retired Pay or Service Invaliding Retired Pay or with an invaliding gratuity a widow or motherless child/children will be eligible for a gratuity amounting to the difference between the gratuity which would have been payable if the officer had died on the day of his retirement reduced by the terminal grant plus any sum raised by commutation, or gratuity paid to the officer.

8. Short Term Family Pensions

(a) Where death occurs in service the basic rate of military salary plus length of service pay in payment to the officer at the time of his death will be paid to the widow, including the widow of a short service officer, as a short term pension for a period of 91 days. At the end of that period the normal widow's/children's pension, if payable, will be put into payment. If the widow has no title to a continuing pension the short term pension will be continued for the following further periods according to circumstances:—

Widow with one eligible child	46 days
widow with 2 or more eligible children	91 days

If there is no eligible widow but eligible child/children a short term pension as above will be paid to the child/children or the person having care of the children for the following periods as appropriate:

one child	61 days
2 or more children	122 days

42 FORCES FAMILY PENSIONS AND GRATUITIES TO WIDOWS AND DEPENDANTS OF NAVAL AND ROYAL MARINE OFFICERS

In cases where eligible children are living in separate households the total short term pension may be apportioned within the limits set out above in such manner as best meets the circumstances of the case.

- (b) Where death occurs in retirement the husband's pension will, if it is to the widow's or motherless children's benefit, be continued for 91 days before the continuing widow's/children's pension is put into payment.

9. The award of pensions and allowances to the widows and dependants of officers whose deaths are, or were, attributable to service after 2nd September, 1939, is governed by the regulations of the Department of Health and Social Security, which appear on page 74.

Attributable Death Benefits

10. If an officer who gave service on or after 31st March, 1973, whether or not serving on pensionable terms, dies in service from causes accepted by the Department of Health and Social Security as being attributable to service or dies in retirement due, in the opinion of the Department of Health and Social Security to the injury or disease which resulted in his being invalidated attributably, any eligible widow and/or eligible children will be eligible for an Attributable Forces Family Pension at the rates according to rank for invaliding purposes shown in para. 14. A Forces Family Pension under paragraph 6 above will not be

payable in addition. Where death occurs in retirement and the Department of Health and Social Security accept that the death was attributable to service, but the officer has not been attributably invalidated, the award of an Attributable Forces Family Pension will be at the discretion of the Secretary of State for Defence. The rate of Attributable Forces Family Pension payable when death occurs after retirement will be at the rate current at the time of the officer's retirement increased by the appropriate Pension's Increase measures. Where, however, the cause of death of an officer who has been invalidated attributably is not regarded as being attributable to service the Forces Family Pension (if any) will be based on his Service Invaliding Retired Pay entitlement and not on the higher level of Service Attributable Retired Pay which he might have received.

11. *Gratuities.* The gratuities provided for in sub-paragraphs 7 (a) and 7 (c) above, as appropriate, will be payable. In addition a further gratuity (para. 15) will be payable if an officer dies in Service. If a gratuity under sub-paragraph 7 (c) is payable this additional gratuity will form part of the calculation.

12. *Short Term Family Pensions.* The payment of short term family pensions may not exceed 91 days.

13. Where attributable death occurs in service and the officer leaves neither an eligible widow nor an eligible child/children the gratuity payable under paragraph 7 (b) will be payable to his (or her) estate.

4. The amount of a Naval Compassionate pension will depend on the circumstances of the case and the funds available, but will not normally exceed £100 per annum. In very exceptional circumstances, how-

PENSIONS AND GRATUITIES TO NAVAL RATINGS (INCLUDING MEMBERS OF THE WOMEN'S SERVICES) AND ROYAL MARINES (OTHER RANKS)

I.—General Regulations

1. The following Regulations are supplementary and subordinate to the Regulations for the award of Pensions or Gratuities in respect of Service or Disability published in Orders in Council.

2. All pensions are tenable only during good behaviour, and may be suspended or forfeited by reason of misconduct on the part of the pensioner, but the Secretary of State for Defence, at his discretion, may restore, either wholly or partially, any pension which has been suspended or forfeited.

3. Any pensioner who is convicted of a serious offence connected with the Service, e.g. obtaining payment of pension by false pretences, or of certain grave criminal offences, e.g. such as involve treasonable activities or embezzlement of public funds, will have his pension forfeited or suspended indefinitely. A pensioner who is convicted of any other criminal offence resulting in sentence of imprisonment exceeding 6 months will have his pension suspended during his imprisonment and restored on release, but restoration may be delayed for habitual offenders.

4. A pension may be restored and paid to, or applied for the benefit of the pensioner's wife, children, or other dependants, for the period of his imprisonment.

5. Any assignment, sale, or contract relating to a Naval or Greenwich Hospital pension is void.

6. When a pensioner who has commuted part of his pension re-enters the Royal Navy or Royal Marines and ceases to draw pension (thus counting the further time for increase of pension), he shall be required to refund the value of the commuted pension for the period of his re-employment. He shall be given the option of refunding the money by deduction from Naval pay whilst serving.

7. Pensioners in the categories enumerated below are paid quarterly in advance, but if they so desire payment may be made weekly in advance on the strict understanding that their choice of payment weekly, once made, is irrevocable:—

(a) Men pensioned before the 1st January, 1936.

(b) Continuous service ratings whose re-engagement to complete time for pension dated from not later than 30th September, 1935*: non-continuous service ratings serving on that date under an engagement which would enable them to complete 22 years' pensionable service; and all ranks of the Royal Marines who, not later than 30th September, 1935, re-engaged for a second period or completed 10 years pensionable time by that date and declared in writing, not later than 30th September, 1935, their intention of re-engaging as soon as such re-engagement was open to them (provided, in each instance, that no break in service occurred on or after the 1st August, 1935).

8. The widows or legal representatives of pensioners to whom the provisions of paragraph 7 apply,

* This is deemed to include candidates for mechanician who had re-engaged for a second period of 12 years, and Yard Craft ratings with 10 years' pensionable service on 30th September, 1935.

may be allowed to receive their pensions up to the end of the quarter in which the pensioners died, provided such pensions shall not already have been paid, and provided there be no stoppage against the pension on account of maintenance in a hospital, or other reason. If any such pensioner shall have received his pension up to the end of the quarter in which he died, and his death takes place within 2 days from the end of the quarter, a month's pension may be paid to the widow on special authority from the Ministry of Defence.

9. Ratings on going to pension may opt to receive payment monthly or weekly. Monthly payments are made in arrear and may be made direct to a Pensioner's bank, Building Society or National Giro account or by crossed payment voucher sent to the Pensioner. Weekly payment is made by Pension Order Book, encashable at the Post Office of choice.

10. A Pensioner wishing to change to monthly payment should apply to the Director General of Defence Accounts (Accounts 1A) Whittington Road, Worcester WR5 2LA.

11. The arrangements for weekly payment in advance apply to pensioners resident in the United Kingdom, the Channel Islands and Eire. Pensioners resident abroad who do not wish, or are ineligible to receive payment of their pensions quarterly in advance, will generally, be paid monthly in arrear.

12. The pension of men finally entered, or re-entered after a break of service on or after 1st August, 1935 will cease at the end of the pension week in which death occurs, but for all others the benefits mentioned in paragraph 8 may be allowed.

13. Any pensioner guilty of violence or outrage towards any person employed in paying the pensioner, shall be punished by the loss of either a part or the whole of his pension, in addition to any other punishment which the law may inflict for such offence.

14. A pensioner who neglects to draw his pension for four successive quarters, will be struck off the pension list and not replaced unless he accounts satisfactorily for such omission, and the Ministry of Defence, at their discretion, will grant or withhold the whole, or any portion of the arrears.

15. No restriction is placed on Naval pensioners proceeding abroad but, except with the special permission of the Ministry of Defence, they may not draw their pensions if they acquire foreign nationality or serve under a foreign flag.

16. In special circumstances, and with the consent of the pensioner, the Ministry of Defence may order a man's pension, or any portion of it, to be paid to or on behalf of his wife, or, if he have no wife, to or for the benefit of his child or children.

17. An advance of naval pension, not exceeding six months, may be made to a pensioner for the purpose of assisting him to emigrate to any Commonwealth country. This advance is payable only when authorised by the Ministry of Defence.

18. Naval ratings whose discharge to pension has been agreed and who require a provisional assessment of their terminal benefits for the purpose of obtaining a bank loan, should apply direct to HMS Centurion,

Pay and Pensions Division, Branch 3, Grange Road, Gosport, PO 139XA, and enclose a letter from their Bank requesting the information needed.

II.—Pensions and Gratuities for Long Service

1976 PENSION CODE

1. The provisions of the 1976 Pension Code, apply to R.N. ratings, R.M. other ranks W.R.N.S. ratings, Naval Nurses of Queen Alexandra's Royal Navy Nursing Service, who were discharged to pension on or after 31st March 1976 (cease pay date).

PENSIONS

2. The minimum periods required to qualify for pensions are as follows:—

(a) *For Long Service Pension*—22 years' reckonable service from age 18.

(b) *For Service Pension on Invaliding*—Ratings invalided on or after 31st March, 1976 who have completed at least 5 years' reckonable service from age 18 will be eligible for a Service Invaliding Pension as at paragraph 10.

(c) *For Service Attributable Pension*—All United Kingdom ratings irrespective of length of service who are invalided on or after 31st March, 1976, due to an injury or disease which is accepted by the Department of Health and Social Security as being attributable to, or aggravated by, service and the degree of disability of which is assessed at 20 per cent or more will be eligible for Service Attributable Pension at the rates set out in paragraph 11. Rank for Service Attributable Pension purposes will be the same as for Service Invaliding Pension. The Department of Health and Social Security's disability pension together with other D.H.S.S. allowances as appropriate will be payable in addition to Service Attributable Pension. The rate of Service Attributable Pension will be reviewed in the event of increase in the degree of disability at any time, and, in the event of a decrease in the degree of disability, only during the 12 months immediately following discharge unless the degree of disability falls below 20 per cent when the Attributable Pension will at any time be abated by the excess of the minimum rate over the appropriate rate of Service Invaliding Pension. When the rate of Service Attributable Pension is revised the new rate will be the rate, increased by relevant pension increase measures, appropriate to the revised degree of disability payable, at the rate provided for by the pension code under which the rating was invalided. Service Attributable Pension will also be abated by the amount of any Unemployability Supplement put into payment by D.H.S.S. within 12 months of the determination by them of attributability, subject to the abatement not exceeding the excess of the minimum rate over the rate of Service Invaliding Pension appropriate to rank and length of service. In

the case of ratings with less than 5 years' qualifying service the rate of Service Invaliding Pension for the purposes of these calculations will be nil. The excess of the minimum rate over the appropriate rate of Service Invaliding Retired Pay will not be commutable.

3. Pension will continue to be based on the length of reckonable service and normally on the highest paid rating, whether acting or confirmed, held for an aggregate period of 2 years or more during the 5 years preceding discharge to pension. However, where during his final 5 years of service a rating has completed a total of at least one year, but less than two years, in a higher rating or ratings, his pension will be assessed initially on the highest paid rating held for 2 years or more to which an addition will be made in recognition of the service in a higher rating. This addition will be calculated by taking for the first year of service in a higher rate one-third of the difference between the pension payable for the rating held for 2 or more years and the pension of the next higher rating plus a proportionate amount calculated by days for any period in a higher rating in excess of one year.

(b) Where a rating is permitted to continue to serve beyond 22 years but on the condition that the extra service is in a lower rating, the pension finally awarded will be the current rate of pension appropriate to the higher rank in respect of the first 22 years' pensionable service, plus an addition at the rate of pension appropriate to the lower rank for the extra period served in the lower rank.

(c) Men who on 1st April, 1972 were serving on engagements that could take them beyond 37 years' reckonable service (i.e. those who entered under the terms of DCI (R.N.) 1104/64) will receive an addition to the 37 year rate of pension equal to 1/37th of the appropriate 37 year rate of pension for each year of reckonable service beyond 37 years subject to a maximum of 5 years, i.e. 5/37th's of the 37 year rate of pension.

Where the total reckonable service is not in complete years the residual period of less than a year will be reckonable in calculating the amount of pension awarded.

4. In the case of those invalided, pension may be based on the substantive rank held at the time of discharge, provided the higher rate was a regular roster advancement, if this is more favourable than the rule in paragraph 3.

5. Where a rating or R.M. other rank has been disgraced for misconduct or reverted for inefficiency or unsuitability during the five years preceding termination of full pay service and does not regain the rank, the rank on which pension is based on final discharge will be determined by the Ministry of Defence having regard to the circumstances of the case.

6. Those whose services are terminated for misconduct or for inefficiency within their own control and who have completed not less than 22 years' reckonable service may be granted such portions of the service pension and terminal grant assessed under paragraphs 3 to 12 as the Ministry of Defence may determine, but when the services are terminated for misconduct the amount will not in any event exceed 90 per cent of the award which would have been admissible had the discharge been on other grounds.

7. The rates of pension will be as follows:—

at the time of discharge at the rates applicable on 31 March, 1972 subject to total pension not exceeding the following limits:—

already been granted pension before re-entry, will have a deduction made from their pension at the rate of £0-01667 a week for each year of service; subject to a maximum of £0-8000 a week, on becoming eligible for a National Retirement Pension on attaining the age of 65, in the case of men, or on attaining the age of 60, in the case of women. 1959, and are subsequently contracted out of the Scheme and cease to make such payments on undertaking to re-engage to complete time for pension, any graduated pension already earned will be payable at the due time. Service pension, however will be abated from the age 65 (60 for women) by the amount of any graduated pension earned by the contributions paid whilst in the Service as well as by part of the National Retirement Pension as provided above. Where, however, the graduated pension amounts to £0-1000 a week or less it will be ignored for this purpose.

12. *Commutation.* A pensioner who wishes to commute part of his pension may apply for permission to do so at any time, provided it is for a purpose which will be to his *distinct and permanent advantage*. Approval to commute is at the discretion of the Defence Council, or Admiralty Board on their behalf, on such terms and conditions as may be prescribed. Commutation is not permitted for investment, and not normally for the repayment of a bank loan, settlement of debts or reduction of a mortgage (but see paragraph 15).

13. The pensioner must have a good expectation of life. He will normally be called on to attend an examination by a service medical board, and will be required to meet any expenses involved. If he fails to reach the required medical standard he will either be refused permission to commute, or allowed to do so at a less advantageous rate, provided all other conditions are satisfied.

14(a). A pensioner discharged prior to 31st March 1969 will not be permitted to reduce his basic pension below £0-7000 a week, or £1-0500 in the case of Warrant Officer 1; pensioners discharged on or after 31st March 1969 will not be allowed to reduce below £2-50 a week, or below an amount at least equal to the maximum graduated pension which could be earned under the National Insurance Act, 1959, during the period of the man's reckonable service after the inception of the Scheme, whichever is the greater.

(b) Greenwich Hospital Special Pensions, Naval Disability Pensions, and additions to basic pensions awarded under the Pensions (Increase) Schemes cannot be commuted and cannot form part of the minimum basic pension to be retained uncommuted.

15. Pensioners discharged on or after 31st March, 1969, who make application within 6 months of leaving the Service may (subject to medical fitness) be allowed to commute without statement of or investigation into the purpose for which the money is required within the following limits:—

(a) sufficient pension to realise £600-00 or

(b) if more advantageous 25 per cent of pension, subject to the sum realised not exceeding £1,000-00.

16. Application forms may be obtained from the Ministry of Defence, DGDA Branch 1A, Whittington Road, Worcester. Applications from serving men are accepted only during the month preceding the date of final discharge, and no decision will be given until after discharge.

17. The commuted sum shall be calculated at a rate not exceeding that shown for this purpose in the tables below.

iii. A further gratuity at the rates shown in para. 32 in cases where the degree of disability is 20 per cent or more.

PENSIONS—PRESERVATION OF PENSION RIGHTS

SECTION I

19. With effect from 1st April, 1975, in compliance with the provisions of the Social Security Act, 1973, a preserved pensions scheme was introduced to benefit all Service personnel who serve on or after 31st March, 1975 and who leave the Service before qualifying for immediate pension, provided always that they have attained the age of 26 years and have given a minimum period of 5 years service including reckonable service given before 31st March 1975.

20. The rate of preserved pension will be:—

Servicemen and Servicewomen. For each year of service (from age 18), 2.75 per cent of the 37 year rate of service pension appropriate to the rank or ranks for service pension purposes.

Preserved terminal grant at three times the value of preserved pension will also be paid.

21. The preserved pension and terminal grant will normally be paid when the serviceman/servicewoman attains age 60 though payment may be made earlier if the pensioner becomes permanently incapable of working through physical or mental infirmity. The preserved pension when paid will be adjusted in accordance with such pensions increase measures as are applicable at the time of payment and the preserved terminal grant will be similarly adjusted.

22. If the serviceman who has been awarded preserved pension dies before age 60, a Forces Family pension, assessed according to the level of the pension he would have received at age 60 as increased by appropriate pensions increase measures up to the date of his death, may be paid immediately to his widow and/or children provided all the conditions (see Note) for an award of a Forces Family pension are satisfied. Existing provisions for minimum rates will not apply to such pensions. In addition the widow or the children may be awarded the husband's preserved terminal grant increased by appropriate pensions increase awards.

23. From 1st April, 1975, the award of a preserved pension payable at age 60 will extinguish entitlement to all gratuities presently payable to servicemen/servicewomen who leave the Service before qualifying for any form of immediate pension. To assist resettlement into civilian life, resettlement grants outside the Armed Forces pension scheme may, subject to certain conditions, be paid to qualified personnel on leaving the Service: for details see Section II.

24. On retirement or discharge personnel eligible for preserved pension and preserved terminal grant will be given a notice of eligibility giving the amount of pension and terminal grant awarded. It will be the responsibility of the serviceman/servicewoman, or widow to make application for payment as follows:

Serviceman/ servicewoman	Within 3 months of attaining the age of 60 or upon permanent incapacity if earlier.
Widow	On the death of the serviceman.

It is important, therefore, that the notice of award be kept in a safe place and that servicemen inform their wives and next of kin of the appropriate action to take in the event of the pensioner's death before age 60.

Forfeiture and Abatement of Pensions

25. *Preserved Pensions.* The Secretary of State for Defence may make forfeit or abate a preserved pension for life. Such permanent forfeiture or abatement will normally be made only if the serviceman commits a grave offence against the State or a serious offence against military discipline. For lesser offences or for unsatisfactory service no abatement will be made and a preserved pension and terminal grant will normally be paid in full at age 60.

PENSIONS AND GRATUITIES TO NAVAL RATINGS AND ROYAL MARINES (OTHER RANKS)

53

26. *Immediate Pensions.* The Secretary of State for Defence may make forfeit or abate an award of immediate pension if the serviceman/servicewoman commits a grave offence against the State or serious offence against military discipline. An immediate award of pension may also be abated where personnel have given less than satisfactory service. Normally any such abatement will be restored, within the limits laid down in paragraph 20 above, at age 60, but where forfeiture or abatement has been made for a grave offence against the State or a serious offence against military discipline such forfeiture or abatement may only be lifted or restored either wholly or in part and within the limits laid down in paragraph 20, at the discretion of the Secretary of State for Defence. In these latter circumstances the Secretary of State for Defence may authorize such an adjustment of pension at age 60 or at any time thereafter up to age 65. Any restoration of pension will attract pension increases and a corresponding reassessment and payment of terminal grant amounting to three times the sum of the restored element of pension as adjusted by the appropriate pension increase measures.

27. *Widows Pensions.* When a former serviceman dies whose pension has been forfeited or abated, unless it is proven that his widow was party to the offence for which her husband's pension was made forfeit or abated, her widow's pension benefits including any balance of the husband's terminal grant will be assessed on the level of pension which would have been paid to her husband at age 60 or later as

enhanced by appropriate pensions increase measures up to date of death.

Note.—One of these conditions of eligibility is that the widow must have been married to her husband before he left the Service.

SECTION II

RESETTLEMENT GRANTS—SERVICE PERSONNEL AWARDED PRESERVED PENSIONS

28. As from 1st April, 1975, those awarded preserved pension and terminal grant will not be eligible for a gratuity when they leave the Service, but to assist with the resettlement needs of those who have completed substantial periods of service, it has been agreed that resettlement grants may be awarded outside the scope of the Armed Forces Pensions Scheme where the conditions in paragraph 29 below are fulfilled.

29. The award of a tax free resettlement grant may be made to personnel awarded preserved pensions whose last day of service was on or after 31st March, 1975, subject to satisfactory service and provided that servicemen/servicewomen have completed at least 12 years' reckonable service (from age 18).

30. There will be no variation for rank or length of service in the award of resettlement grants. The rates will be linked with particular points in the pay scales so that they may be revised as necessary to reflect movements in pay. On 1976 rates of pay, the grants are £1,209 for servicemen and £1,155 for servicewomen.

INVALIDING GRATUITIES

31. Ratings who are non-attributably invalidated with less than 5 years' qualifying service from age 18 but with not less than 2 years may be awarded a gratuity at the rates shown below. Any service before age 18 may be included as reckonable for the assessment of invaliding gratuity.

33. *Reckonable Service.* In calculating reckonable service for the purpose of service gratuities all satisfactory periods of service may be aggregated, subject to the provisions of the "5 year break" rule.

Where the total reckonable service is not in complete years the residual period of less than a year will be reckonable in calculating the amount of the gratuity. The award for the residual part of a year will be calculated, according to the number of days, as a proportion of the increase for the next complete year at the appropriate point on the scale.

34. *Voluntary Discharge.* Men discharged voluntarily will be eligible for gratuities under the same conditions as for men discharged on completion of engagement.

35. *Other Discharges.* Where a rating is discharged for misconduct or for inefficiency within his own control, the award of a service gratuity and its amount will be at the discretion of the Secretary of State for Defence; but where the discharge is for misconduct any gratuity awarded shall not exceed 90 per cent of the award which would have been admissible had the discharge been on other grounds.

36. If a Naval Rating or a Royal Marine dies whilst serving, an award will be made to the dependent(s) as detailed on page 62.

III.—Pensioners—Re-employed in Peace-time

1. The following general conditions govern the re-employment of pensioners in peace-time:—

2. All pensioners re-entering for further service are required to give up payment of pension, the additional service counting for increase of pension and terminal grant on final discharge.

3. On discharge, a revised pension and terminal grant assessed on the basis of total service (including re-employed service), will be awarded as follows:—

- (a) Under the regulations in force on the termination of re-employed service, if the former award of pension and terminal grant was made under those regulations, or if the period of re-employment was at least three years, or if invalidated from re-employment.
- (b) Otherwise, under the regulations in force at the time of original discharge.
- (c) The amount of terminal grant assessed under (a) or (b) will be reduced by the amount of terminal grant previously awarded.

4. Where there is a break in service of more than five years, the earlier service cannot normally be added to the subsequent service for the purpose of determining eligibility for pension and calculating the award. The foregoing rules for the reckoning of re-employed service apply, therefore, only if the interval of service did not exceed five years.

5. When a pensioner, who has commuted part of his pension, re-enters the service and ceases to draw pension, he is required to repay for every week of re-employed service the amount of weekly pension commuted. The repayment will normally be effected by abatement from service pay during re-employment.

IV.—Re-entry following Redundancy

Ratings who re-enter the service within 5 years of being discharged on redundancy will be required to refund a portion of the Special Capital Payment awarded to them as follows:—

$$\frac{a-b}{a} \times \text{the Special Capital Payment}$$

"a" representing 5 years, or the uncompleted period of service on redundancy, whichever is the less, and "b" the break in service)
The effect of this formula is to produce a refund broadly as follows:—

Break in service	Refund of Special Capital Payment
1 year	Four fifths
2 years	Three fifths
3 "	Two fifths
4 "	One fifth
5 " or over	— (Nil)

- (a) Where the interval between the date of discharge and date of re-employment is more than a full year the amount of refund should be calculated in terms of years and days. Re-employment within the first twelve months should be proportioned accordingly.
- (b) In addition to the above a discount of a period equal to that by which service on redundancy was enhanced should be made from any subsequent service reckonable for terminal benefits.
- (c) The refund of Special Capital Payment can be made
 - (1) On re-joining.
 - (2) Spread over 2 years.
 - (3) Extended in exceptional cases of hardship.

V.—Men with Previous Service Re-entering to Complete Time for Pension

Subject to the five year break rule as in para. 4 Section III above it is a requirement that in order to count previous service any service gratuity previously awarded should be refunded.

Repayments may be made by:—

- (a) Lump sum.
- (b) Deductions from weekly pay.
- (c) Deferment of repayment until final discharge.

VI.—Pensioners—Re-employment in an Emergency

A service pensioner will, during periods of re-employment in emergency continue to receive his service pension subject to the conditions normally attached thereto.

On discharge or release from such service as a service pensioner, provided his service has been satisfactory and of at least 6 months' duration, may receive an addition to his pension of half the difference between:

- (a) the pension for which his previous service qualified him, or would have qualified him under paragraphs 3 to 7, and
- (b) the pension for which he would be eligible under paragraphs 3 to 7 of Section II if his further service were added to his previous service.

56 PENSIONS AND GRATUITIES TO NAVAL RATINGS AND ROYAL MARINES (OTHER RANKS)

No terminal grant or additional terminal grant will be payable in respect of re-employment.

No refund of Special Capital payment will be necessary from men recalled within 5 years of being discharged redundant.

VII.—Disablement Pensions and Gratuities

1. The award of pensions and gratuities in respect of disablement attributable to service during the 1914/18 War and after 2nd September, 1939, is dealt with by the Department of Health and Social Security. Information is given on page 74.

2. Awards in respect of disablement arising from service before the 1914/18 War and during the period 1st October, 1921 to 2nd September, 1939 are made by the Navy Department, Ministry of Defence, from whom further information may be obtained.

Where commutation is permitted, a copy of the Captain's approval is to be forwarded to the Director General of Defence Accounts, Branch 1A, Whittington Road, Worcester. Disablement Pensions

2. Where the degree of disablement is assessed at 20 per cent or more, the rating may be awarded a pension, either temporarily or permanently according to the circumstances of the case. The following table

gives the pension rates for 100 per cent disablement; lower degrees of disablement carry proportionately reduced rates:—

Rank	Monthly \$
Able Rating	70.00
Leading Rating	75.60
Petty Officer	81.20
Chief Petty Officer	86.80

The disablement pension is to be added to any service pension for assessment of cost of living allowance.

Where the husband's disablement is assessed at 100 per cent, the wife's allowance is \$15.40 and each child's allowance \$11.75, pro rata for other assessments. The allowance may be granted to children under the age of 17 and at the discretion of the Ministry of Defence to those over 17 who cannot support themselves because of an infirmity which arose before they reached that age, or as to students or apprentices.

4. Allowances may also be approved for treatment, constant attendance, wear and tear of clothing, lowered standard of occupation and education of children under the general conditions applicable to members of the Federation Armed Forces.

Gratuities

5. Where the degree of disablement is assessed at less than 20 per cent, the rating may be awarded a gratuity appropriate to the injury but not exceeding \$1040, or a temporary allowance with or without a terminal gratuity.

Class V.—Seamen and marines whose claims may be considered special and exceptional, not coming within the above-mentioned classes.

Special pensions may be drawn by men residing in the Commonwealth.

4. Civil and Army pensioners who, in consequence of naval or maritime service, may be eligible for the benefits of Greenwich Hospital, may be granted special pensions.

A medical survey will be held on each applicant under 70 years of age to ascertain the degree in which he can contribute towards his own support, and on this report a decision will be formed by the Admiralty Board as to the claims of the applicant upon the funds of Greenwich Hospital.

B.—PENSIONS TO WIDOWS AND GRATUITIES TO DEPENDANTS

Under the Greenwich Hospital (Widows' Pensions and Dependants' Gratuities) Order, 1960, widows of Seamen and Marines may be granted pensions and Dependants may be granted gratuities subject to the following conditions:—

1. In cases of exceptional financial distress Pensions of up to £1.00 per week may be granted by

the Admiralty Board out of the funds of Greenwich Hospital to the widow of any person deceased, whether before or after the passing of the Greenwich Hospital Act, 1947, while serving, or having served, as a non-commissioned officer, Petty Officer or man of the Royal Navy or Royal Marines or of any naval reserve force. Awards of these pensions will be granted only in very exceptional necessitous circumstances.

2. Owing to the limited funds available for this benefit, the total number of awards in force at any one time will be small. Priority will be given to the following classes, and awards will normally be restricted to these classes:—

- (a) widows of men who have given not less than 22 years' service in the Royal Navy or 21 years in the Royal Marines;
- (b) widows of men who, having given a shorter period of service, died while serving, or were invalided.

Awards will be made on a temporary basis, and will be subject to periodical review at such intervals as the Admiralty Board may decide.

3. A widow in receipt of a pension in respect of the attributability of her husband's death to Her Majesty's Service will be ineligible for the above pension.

4. If a widow re-marries her pension will cease.

5. Pensions and allowances are tenable subject to good behaviour and are granted at the discretion of the Admiralty Board. They cannot be claimed as a right. Any assignment, sale or contract relating to a pension is void.

6. Widows without children under 15 years of age shall, if so required, be medically surveyed by an approved Surgeon and Agent in order to ascertain the degree, if any, and probable duration of any infirmity.

7. Widows will be required to make a declaration quarterly or whenever it be considered necessary, before a duly authorised person, as to their continued widowhood and distressed circumstances.

8. The number of Greenwich Hospital widows pensions in force shall be such number as the available funds of Greenwich Hospital may admit.

9. In the event of men specified in paragraph 1 of these Regulations dying as widowers or without having been married, but leaving parents or other relatives dependent upon them, gratuities not exceeding £50 may be given at the discretion of the Admiralty Board to such parents or relatives (provided the total expenditure on such gratuities shall not exceed in any one year the sum of £500). No gratuity will be payable in any case where the death of the man has been accepted as attributable to Service.

62 PENSIONS AND GRATUITIES TO DEPENDANTS OF NAVAL RATINGS AND ROYAL MARINES (OTHER RANKS)

PENSIONS AND GRATUITIES TO THE WIDOWS, CHILDREN AND CERTAIN OTHER DEPENDENT RELATIVES OF NAVAL RATINGS AND ROYAL MARINES (OTHER RANKS)

1. A pension cannot be claimed as a right. It may be withheld or reduced at the discretion of the Admiralty Board if the wife was separated from her husband at the time of his death, and in certain other circumstances.
2. A widow is ineligible for a pension if the marriage took place after her husband's final discharge from pensionable naval service.
3. A widow's pension will cease on her re-marriage, but if she again becomes a widow, the pension may be restored at the discretion of the Admiralty Board.
4. Children's pensions will be given where the widow is (or would, if living, have been) eligible for pension. In addition to children of the rating or other rank, adopted children and step-children will, subject to certain conditions, be eligible. 5. *Attributable Pensions.* Awards in respect of deaths attributable to service after 2nd September, 1939 are governed by the regulations of the Department of Health and Social Security which are shown on page 74. SERVICE PENSIONS

6. *Non-Attributable Death Benefits*

- (a) Provided that the member of the Forces gave full pay service on or after 31st March, 1973 and was in receipt of Service Pension or Service Invaliding Pension, or would have been eligible had he been invalided on the day of his death, his eligible widow will have title to a Forces Family Pension of one half of his pension earned by service from 31st March, 1973 and to one third of his pension earned by service prior to that date. However, where a widow's Forces Family Pension is calculated by reference to Service Invaliding Pension the element in the Invaliding Pension which is a result of the special invaliding enhancement will attract a half rate widow's pension.
- (b) *Widows' pensions—buying in service prior to 1st April, 1973 for half rate widows' pensions.* Servicemen who have given service on or after 31st March, 1973 are able to purchase an entitlement for their widows to a half rate instead of a one-third rate pension in respect of their service before 1st April, 1973 (see DCI (Gen.) S. 117/74 and DCI (Gen.) S. 53/76).
- (c) Forces Family Pensions for eligible children will be one quarter of the member of the Forces' rate of Service Pension or Service Invaliding Pension subject to a maximum of 2 children of any one member of the Forces at any one time. Motherless children up to a maximum of 3 will be eligible for Forces Family Pensions at one third of the member of the Forces' rate of pension. Where more than 2 eligible children including motherless children are split between more than one household the total Forces Family Pension allowable for the children may be divided amongst them in such manner as the Secretary of State for Defence considers appropriate to the circumstances.
- (d) Where death occurs in service the widow will be eligible for a gratuity equal to the terminal grant or gratuity for which the husband would have been eligible had he been invalided on the day of his death, or, if more to her benefit, equal to twice the 34 or 37 year rate of pension of her husband's rank for invaliding purposes. If there is no eligible widow but there are eligible children the gratuity which would have been payable to the widow will be paid to the children and will be apportioned among them at the discretion of the Secretary of State for Defence.
- (e) Where death occurs in service and neither an eligible widow nor motherless child/children are left, a sum equal to the gratuity otherwise payable to a widow will be payable to the estate of the deceased.
- (f) Where death occurs in service the basic rate of military salary plus length of service pay in payment to the member of the Forces at the time of his death will be paid to the widow as a short term pension for a period of 91 days. At the end of that period the normal widow's/children's pensions, if payable, will be put into payment. If the widow has no title to a continuing pension the short term pension will be continued for the following further periods according to circumstances:

widow with one eligible child	46 days
widow with 2 or more eligible children	91 days

If there is no eligible widow but eligible child/children a short term pension as above will be paid to the child/children or the person having care of the children for the following periods as appropriate:

one child	61 days
2 or more children	122 days

In cases where eligible children are living in separate households the total short term pension may be apportioned within the limits set out above in such manner as best meets the circumstances of the case.
- (g) Where death occurs in retirement the husband's pension will, if it is to the widow's or motherless children's benefit, be continued for 91 days before the continuing widow's/children's pension is put into payment.
- (h) Where death occurs within a year of retirement or discharge with Service Pension or Service Invaliding Pension or with an invaliding gratuity a widow or motherless child/children will be eligible for a gratuity amounting to the difference between the gratuity which would have been payable if the member of the Forces had died on the day of his retirement or discharge reduced by the terminal grant plus any sum raised by commutation, or gratuity paid to the member of the Forces.

PENSIONS AND GRATUITIES TO DEPENDANTS OF 63 NAVAL RATINGS AND ROYAL MARINES (OTHER RANKS)

7. Attributable Death Benefits

- (a) If a member of the Forces who gave service on or after 31st March, 1973, whether or not serving on pensionable terms, dies in service from causes accepted by the Department of Health and Social Security as being attributable to service or dies in retirement due, in the opinion of the Department of Health and Social Security, to the injury or disease which resulted in his being invalided attributable, any eligible widow and/or eligible children will be eligible for an Attributable Forces Family Pension at the rates according to rank for invaliding purposes shown in paragraph 9. A Forces Family Pension under paragraph 6(a) above will not be payable in addition. Where death occurs in retirement and the Department of Health and Social Security accept that the death was attributable to service, but the member of the Forces had not been attributable invalided, the award of an Attributable Forces Family Pension will be at the discretion of the Secretary of State for Defence. The rate of Attributable Forces Family Pension payable when death occurs after retirement will be at the rate current at the time of the Rating's discharge increased by the appropriate Pensions Increase measures. Where, however, the cause of death of a rating who has been invalided attributable is not regarded as being attributable to service the Forces Family Pension (if any) will be based on his Service Invaliding Pension entitlement and not on the higher level of Service Attributable Pension which he might have received.
- (b) *Gratuities.* The gratuities provided for in sub-paragraphs 6(d) and 6(e) above, as appropriate will be payable. In addition a further gratuity (paragraph 10) will be payable if the member of the Forces dies in service. If a gratuity under sub-paragraph 6(h) is payable this additional gratuity will form part of the calculation.
- (c) The same short term widow's pension as provided for in sub-paragraphs 6(f) and 6(g) above will be payable to the widow/children after the death of the member of the Forces if it is to the widow's benefit.
- (d) Where attributable death occurs in service and the rating leaves neither an eligible widow nor an eligible child/children the gratuity payable under paragraph 6(e) will be payable to his (or her) estate.

8. *General.* The existing conditions of award of Family Pensions which apply also to the New Attributable Forces Family Pensions, remain unchanged except to the extent that they are modified by these new provisions. Gratuity payments may be withheld or reduced where the widow was separated from her husband. Where there are children not dependent on the widow, part of the gratuity may be withheld from her and paid for the benefit of the children. Children dependent on women members of the Forces who die while serving will similarly be eligible for gratuities in certain circumstances.

PRESERVATION OF PENSION

WIDOWS' PENSIONS

11. If the serviceman who has been awarded preserved pension dies before age 60, a Forces Family pension, assessed according to the level of the pension he would have received at age 60 as increased by appropriate pensions increase measures up to the date of his death, may be paid immediately to his widow and or children provided all the conditions (see Note) for an award of a Forces Family Pension are satisfied. Existing provisions for minimum rates will not apply to such pensions. In addition the widow or the children may be awarded the husband's preserved terminal grant increased by appropriate pensions increase awards.

It will be the responsibility of the widow to make application for payment on the death of the ex-serviceman. Note.—One of the conditions of eligibility is that the widow must have been married to her husband before he left the Service.

When a former serviceman dies whose pension has been forfeited or abated, unless it is proven that his widow was party to the offence for which her husband's pension was made forfeit or abated, her widow's pension benefits including any balance of the husband's terminal grant will be assessed on the level of pension which would have been paid to her husband at age 60 or later as enhanced by appropriate pensions increase measures up to date of death.

PENSIONS INCREASE SCHEMES

1. Pensions Increase schemes are introduced periodically with the object of making additions to existing pensions. The effect of the various schemes are briefly summarised here. This summary is not to be taken as superseding or overriding the regulations contained in the Orders-in-Council, which give full details of, and define precise conditions for, the issue of pensions increases.

PENSION CATEGORIES TO WHICH THESE SCHEMES APPLY

2. The main pensions to which these schemes relate are:—

- (a) Officers' service retired pay, service invaliding retired pay, service attributable retired pay preserved pensions and compassionate allowances.

- (b) service retired pay, service invaliding retired pay, service attributable retired pay and compassionate allowances of officers of the Women's Royal Naval Service and of Queen Alexandra's Royal Naval Nursing Service and Nursing Service Reserve and of the Naval Nursing Auxiliary Section.
- (c) men and women's service pensions, including elements for rank and age, and additions for war service.
- (d) pensions payable under Order-in-Council of 23rd May 1952, and previous orders relating to Riggers, Yardcraft personnel and certain Shipwrights.
- (e) pensions payable under appropriate Orders-in-Council relating to European and Indian members of the Hong Kong Dockyard Police, and European and Indian (or otherwise Asian) members of the Singapore Dockyard Police.
- (f) family pensions.
- (g) pensions for distinguished conduct. (Additions to pensions in respect of gallantry awards are, for the purpose of pensions increase schemes, regarded as forming a part of the pension to which they are attached.)
- (h) meritorious service annuities payable to Royal Marines when the recipient is also receiving another pension increaseable under these schemes.
- (i) Retired Officers' Naval Pensions and Good Service Pensions.
- (j) any award increased or increaseable under Orders-in-Council of 13th August 1920, or 8th December 1924.
- (k) pensions of Officers and certain ratings of the Royal Fleet Auxiliary Service.
- (l) service retired pay of Officers of the former Royal Indian Navy.

CONDITIONS OF ELIGIBILITY

3. Pensions to which these schemes relate may be increased provided:—

- (a) the pensioner has reached the age of 55 years or, where the pension is a widow's pension, 40 years, or
- (b) the pensioner, if receiving a pension as a child of a deceased officer rating or other rank, is over 16, is receiving full-time instruction in an educational establishment or is undergoing training for a trade, profession or vocation in circumstances that require him to devote the whole of his time to that training for a period of not less than two years; or
- (c) the pensioner was invalided from naval service other than re-employed service; or
- (d) the pensioner is a woman with at least one dependant who is wholly or mainly dependent on her and where the dependant's circumstances are the same as those of a pensioner defined at (b); or
- (e) the pensioner is permanently incapacitated by physical or mental infirmity from engaging in any regular full-time employment.

METHODS OF COMPUTING INCREASES

4. The actual increases under each scheme are shown separately at the end of this section. They are subject to the following provisions:

- (a) Where the increase is expressed as a percentage, it is applied to the sum of the basic pension and awards under all previous Pensions Increase schemes. Exceptionally the percentage increase under the 1956 scheme is applied only to the basic pension.
- (b) In computing the increases under the 1959 and subsequent schemes, a fraction of a pound in an annual rate of pension is treated as a whole pound, and a fraction of £0.025 in a weekly rate of pension is treated as £0.025 for the purpose of the calculation only. The increase is added to the actual pension in payment.

- (c) Where any part of a pension, which is increaseable under a pensions increase scheme, has been commuted on or after the operative date of a particular pension increase scheme, it continues to be eligible for the increases due from the current and earlier but not subsequent pension increase schemes.
- (d) The pension increases under the 1944-47 and 1952 schemes are subject to certain limitations at various points of the pension range. Where a naval pensioner is also in receipt of one or more of certain other public service pensions, as defined by Order-in-Council, the pensions are aggregated for the purpose of determining the appropriate ceiling.

SPECIAL PROVISIONS

5. The retired pay and additional retired pay granted to officers in respect of certain salaried appointments for which provision is made in Orders-in-Council dated 13th December, 1921 (No. 207*/CE), 26th May, 1925 (No. 114A/CE), 23rd July, 1931 (No. 96/CE), and subsequent amending Orders-in-Council may be increased as follows:—

- (a) Under Measures up to and including that of 1966:
 - (i) the retired pay earned by service on the Active List is increased by the amount of pensions increases appropriate to the date of the officer's final retirement; the additional retired pay earned by service in the salaried appointment after being placed on the Retired List is then added to the original retired pay, increased as above and the whole amount treated as a civil pension dating from final retirement; but
 - (ii) where the increase payable under (i) above is less than the increase that could be given solely on the rate of retired pay awarded for service on the active list, then the latter increase is to be given.

(b) Under the 1969 Measure:

The increase shall be the difference between the award of retired pay, including pensions increases, in payment prior to 1st April, 1969 and the sum of

- (i) the Service retired pay earned by service on the Active List increased in accordance with the general conditions by the pensions increases, including the increase provided for in this Order, applicable to the retired pay code under which this element of retired pay was awarded; plus
- (ii) the additional retired pay earned by service in the salaried appointment increased in accordance with the general conditions by the pensions increases, including the increase provided for in the Pensions (Increase) Act 1969, applicable to a civil pension commencing on the date of final retirement.

6. The pensions specified at sub-paragraphs 2(d)(e) and (k) may be increased only by the extent to which a corresponding award under the Superannuation Acts would have been increaseable under the appropriate Pensions Increase Acts.

- (b) reviews should be predictable and regular;
- (c) all awards made under codes operative before 1st April 1969 should be restored to the level of their original purchasing power as at 1st April 1969;
- (d) it compensates for the rise in the cost of living since 1st April 1969 by providing for:—
 - (1) an increase of 18% on awards which began on or before 1st April 1969;

(2) an increase of 12% on awards which were assessed in accordance with regulations introduced from 1st April 1970;

(2) Any amount commuted during the period 1st April 1969 to 31st March 1971 will be deducted from the greater of the two figures and 18% will be added to the result; any amount commuted after 31st March 1971 will then be deducted;

(b) If the pension was assessed or re-assessed in accordance with regulations which were introduced after 31st March 1969 and were in force before 1st April 1970, the basic rate (less any portion commuted prior to 1st April 1971) will be increased by 18%; any portion commuted after 31st March 1971 will then be deducted;

(c) If the pension was assessed or re-assessed in accordance with regulations introduced from 1st April 1970 the basic rate (less any portion commuted prior to 1st April 1971) will be increased by 12% from the effective date of subsequent regulations, or from 1st September 1971 which ever is the later; any portion commuted after 31st March 1971 will then be deducted.

(d) If the pension was assessed or re-assessed in accordance with regulations introduced from 1st January 1971 the basic rate (less any portion commuted prior to 1st April 1971) will be increased by 6% from the effective date of subsequent regulations or from 1st September 1971 whichever is the later; any portion commuted after 31st March 1971 will then be deducted.

REGULATIONS RELATING TO THE EMPLOYMENT, &c., OF OFFICERS ON THE RETIRED AND EMERGENCY LISTS

Note (A).—Officers on the Retired and Emergency Lists are reminded that they are under a continuous liability for Naval Service, if so required, on mobilisation. Before undertaking any Civil employment which would interfere with their immediate readiness for service, Officers should ascertain whether the Ministry of Defence is prepared to grant them exemption from Naval Service, either for a limited period or permanently. For Officers under the age of 60 such exemption will only be approved in special cases, and applications received in time of emergency when mobilisation is expected, or has been ordered, will not be entertained.

Note (B).—The regulations concerning payment of Service retired pay during re-employment in peacetime and time of emergency, and as regards further awards of Service retired pay, terminal grant, or additional terminal grant or service gratuity following such re-employment, are given in the section on retired pay. They should not be confused with the rules regarding payments for attendance at, or in connection with, committees under the Ministry of Defence or for special duties, given in paragraph 8 below.

1. *General.*—Her Majesty has the power to call all Retired Officers into active employment in case of war or emergency, but the first selection for employment will be made from those who are below the age of 60.

Lists of Retired Officers are kept at the Ministry of Defence. On retirement, Officers are to report their private addresses to the undermentioned authorities:—

- (a) All Naval Officers other than those in categories (b) and (c) below: Naval Secretary, Ministry of Defence, Old Admiralty Building, Whitehall, London, S.W.1. A 2BE

- (c) Royal Marines Officers:—Commandant General Royal Marines, Old Admiralty Building, Whitehall, London, S.W.1. A 2BE

Any change of address is to be similarly reported.

As a general rule Officers retired on account of physical unfitness are included with a view to employment on such service as they may be fit to perform.

Officers on the Retired List or Emergency List who are not on active service are asked to notify the Ministry if they intend to visit countries outside the Commonwealth and Colonies, the N.A.T.O. areas, the Irish Republic, Austria, Switzerland, Spain or South Africa, or to be absent from the United Kingdom for more than one month Q.R. (R.N.), 0923 11.

Those Retired and Emergency List Officers who have been specially indoctrinated must continue to abide by their undertaking.

2. *Retired and Emergency List Officers re-employed in an emergency:—*

Pay and Allowances

- (a) Retired Flag Officers and Officers of equivalent rank will receive pay of the rank in which they are appointed to serve, together with allowances appropriate to that rank. Where appointed to serve in a rank below Flag rank, they will receive the maximum rate of pay in the rank in which serving. During periods of sick leave, or other intervals between effective appointments, the rates of pay and allowances will be those last in issue, unless instructions to the contrary are issued by the Ministry.
- (b) Retired Officers and Officers on the Emergency List of the rank or relative rank of Captain, R.N., or below, will receive the Reserve rate of pay on the scale appropriate to the rank held on the Retired or Emergency Lists, irrespective of the rank in which serving, time served on pay in that rank being reckoned for the purposes of increments of pay. A retired Officer or an Officer on the Emergency List of the rank or relative rank of Captain, R.N., or below, who is re-employed in a rank lower than that last held on the Active List, will receive allowances at the rates appropriate to the last rank held on the Active List. A retired Officer of the rank or relative rank of Captain, R.N., or below promoted on or after retirement, and re-employed in a rank lower than that held on the Retired List will receive allowances at the rates appropriate to the rank in which he is serving, except that allowances for which he would be ineligible if

serving in the rank held on the Retired List will not be payable. This provision also applies to an Officer promoted after being placed on the Emergency List and re-employed in a lower rank than that held on that list.

- (c) Retired and Emergency List Officers who are granted acting rank higher than that held on the Retired or Emergency Lists will receive pay and allowances of the higher rank on the Reserve scale under the conditions applying to Active List Officers.
- (d) In all cases the scales of pay and allowances will be those in force at the time for corresponding Officers of the Reserve Forces.
- (e) An Officer will be eligible to receive a rate of pay equivalent to the rate of service retired pay if more to his advantage than the rate of pay payable under clauses (a) and (b).
- (f) No reduction from pay will be made in respect of any gratuity awarded on retirement or discharge.
- (g) In the case of Officers who have retired without retired pay and Officers on the Emergency List, neither time nor promotion after retirement will qualify for retired pay or retiring gratuity.

3. *Officers retained in employment beyond the age set for compulsory retirement.*—Such Officers will be treated as retired Officers re-employed.

4. *Promotion.*—Officers called from the Retired List during war or emergency may be dealt with as regards promotion under the regulations which are in force at the time for Officers of the same class on the Active List, in so far as promotion is dependent on service.

Such Officers may also be promoted at the discretion of the Defence Council or Admiralty Board irrespective of the regulations governing the promotion of Officers on the Active List, provided that such special promotion does not extend to the granting of Flag rank or of any equal relative rank. As a rule, however, such step in rank will not be granted until the Officer has ceased re-employment.

5. *Instruction*

- (a) Retired Officers who have been selected to fill appointments in time of emergency will undergo instruction as may be necessary to qualify them for the duties of the posts they will be required to take up. While undergoing such instruction they will receive pay as in paragraph 2 (without command money or equipment allowance), and the allowances of their corresponding ranks on the Active List. The time served will count for increase of pay.
- (b) Officers will not, however, be detailed for courses of instruction in time of peace except with their own consent.

6. *Uniform.*—Officers re-employed after a break in service will receive a uniform grant to be decided by the Ministry and assessed on current costs prevailing at the time, for the purpose of bringing their uniform up to the prescribed scale. An additional grant may be paid to Officers whose break in service is four years or more.

Officers will wear the uniform of the rank in which they serve (see following paragraph).

7. Rank and Command.—Subject to the following provisions as to the right of command, steps in rank given on or after retirement will confer the right to the title, and other advantages of the higher rank.

In cases where a step or steps in rank have been granted automatically by virtue of and in strict seniority, the Officers shall take command according to their seniority on the Retired List, subject to the conditions that Captains retired from that rank shall in no case take command over an Officer on the Active List of Flag Officers, or over one who has retired from the Active List of Flag Officers.

In other cases steps in rank given on or after retirement shall not give the right of command amongst Naval Officers, which shall be governed by the date of commission in the rank held on the Active List at the date of retirement.

(Note.—For regulations regarding widows' pensions, etc., including the effect of total or partial commutation of retired pay, see appropriate sections of the Appendix.)

8. Retired Officers employed as members of committees or on special duties under the Ministry of Defence.

(a) Officers on retired pay employed as members of committees under the Ministry will be paid:—

- (1) their actual reasonable travelling expenses in attending the meetings of, or when employed on special duties connected with, the committee. Whenever practicable travelling warrants should be used for the journey, but when warrants are not used, the number of the railway ticket purchased should be stated. In the absence of this information, only the cost of a Government rate journey will be allowed;
- (2) the difference between the Reserve rate of pay and retired pay for those days on which Officers attend the meetings of the committee, or are employed on special duties connected therewith, including the days occupied in travelling from the Officers' residences and back;
- (3) subsistence allowance in accordance with current regulations, when employed at a distance from their residences for those days on which they attend the meetings of the committee, or are engaged on

special duties connected therewith, including the days occupied in travelling; but should the service on which they are employed entitle them to the allowance for more than fourteen nights' consecutively at the same place, a reduction of one-third will be made in the allowance during any further stay in that place;

- (4) allowances they are entitled to whilst actually attending the committee, should Officers' residences be at such a distance from the places at which the committee meets that the expense of going there and returning between the dates of any two consecutive meetings would be greater than that of remaining in the vicinity. Officers are to adopt the former course, acquainting the president of the committee of the facts and reporting the same to the Ministry of Defence in forwarding their claims for payment.
- (b) Officers on retired pay while employed on special duties under the Ministry (except Officers employed by the Hydrographer of the Navy, for whom see clause (f) below), will be paid in accordance with this article, the days of employment on special service being taken as answering to those of attendance on committees.
- (c) Officers on retired pay, when called upon to give evidence before committees assembled at a distance from their residence, will be repaid their actual reasonable travelling expenses, subject to the proviso in the second paragraph of clause (a) (1), and will receive subsistence allowance, as specified in clause (a) (3) and (4).
- (d) All claims are to be made by the respective Officers in detail, and, for employment on a committee, the claim of each Officer must be certified by the president or chairman, stating the number of days and dates on which the Officer actually attended a meeting, or was employed on special duties connected with the committee.
- (e) Claims which should if possible be made out on Form S.542 (Travelling Expenses Claim) are to be forwarded to Director General of Defence Accounts PP3.
- (f) Retired Officers engaged under the Hydrographer's directions in compiling Hydrographic publications will be paid at rates as may be authorised from time to time.

In order that the State may not lose altogether the advantages which it has the right to expect in return for the expenses incurred in the training of Officers, a list of Officers eligible for employment in an Emergency, known as the R.N. Emergency List, has been established, and the Admiralty Board expect that all Officers who are released from the Active List for private reasons should be prepared to make application to enrol their names on this List for four years' service.

2. Officers leaving the Active List on completion of their Supplementary List Short Service or Extended Service engagements will, however, be placed on the List in all cases and be liable for service in war or emergency during the subsequent four years required by the terms of their engagement.

3. Officers on the Emergency List are to report any change in their address.

4. Officers on the Emergency List who are not on Active Service are asked to notify the Ministry if they intend to visit countries outside the Commonwealth and Colonies, the NATO areas, the Irish Republic, Austria, Switzerland, Spain or South Africa, or to be absent from the United Kingdom for more than one month. (QR (R.N.) 0923). Those Emergency List Officers who have been specially indoctrinated must continue to abide by their undertaking.

5. Before Officers on the Emergency List enter into any engagement under or on behalf of Foreign Governments or accept any form of employment which may take them away from the United Kingdom, thus rendering them not available for service in Her Majesty's Fleet at short notice, they must first obtain the approval of the Ministry of Defence.

6. When an Officer has completed 4 years' service on the Emergency List his Commission will be terminated.

7. The names of Officers on the Emergency List are shown in the Retired Section of the Navy List.

9. Officers selected to fill appointments to be taken up in time of war or emergency may be required to undergo such instruction as may be considered necessary to fit them for the duties they will be called upon to perform. courses of instruction will be under the following regulations:—

First Prize	..	..	..	£25
Second Prize	..	..	..	£15
Third Prize	..	..	..	£10

If, however, in the opinion of the Admiralty Board sufficient entries of a high standard have not been received, the award of any or all of the prizes for the competition may be withheld. A prize may also be awarded at the discretion of the Admiralty Board to the widow or the next-of-kin of a deceased rating to whom, but for his death, it would have been awarded.

No competitor may submit more than one essay for each competition. Each essay must be accompanied by a declaration by its author that it is his own unassisted work; this declaration is to be countersigned by his Commanding Officer, and placed in the sealed envelope referred to in the last paragraph.

Essays should be between 1,000 and 2,000 words and may be in manuscript or typed. In marking them, attention will be paid to subject matter, including logical arrangement, to paragraphing, expression and sentence construction, to general tidiness, and to spelling and punctuation.

Entries should be submitted through Commanding Officers direct to the appropriate Administrative Authority and should reach that authority not later than 30th November. Entries from R.M. other ranks should be submitted through the authority in whose Command they are serving. Essays will be marked initially at Command level, only the three or four best essays from each Command being forwarded to the Director of the Naval Education Service.

This pseudonym, or motto, is to be written at the head of the essay in the candidate's own handwriting. In addition, each competitor is to attach to his essay a sealed envelope with his pseudonym or motto written on the outside and containing (a) a sheet of paper on which are written his name, rating, official number and address together with his pseudonym or motto, (b) the certificate referred to in the fourth paragraph. This envelope will only be opened by the Administrative Authority after a decision has been made not to forward an essay to the Director of the Naval Education Service, or in the

Ministry of Defence after the final adjudication has been made.

ROYAL NAVY AND ROYAL MARINES SCHOLARSHIP SCHEME AND ROYAL NAVY RESERVED PLACE SCHEME

INTRODUCTION

1. The Royal Navy/Royal Marines Scholarship and Reserved Place scheme is for boys who are about to take G.C.E. "O" Level or S.C.E. "O" Grade examinations, are intending to stay on at school to take "A" Levels or "H" Grades, and want then to join the Royal Navy or the Royal Marines for training as officers.

2. Those who reach a qualifying standard at "O" Level, successfully undergo the selection procedure, and satisfy certain medical standards, have places reserved for them to join the Royal Navy or the Royal Marines 2 years later when they have passed their "A" Levels. In addition, each year a number of boys who do particularly well in the selection procedure are awarded Scholarships as well as Reserved Places. The Scholarships may entitle their parents to some assistance in the form of Maintenance and Tuition Grants towards the cost of keeping them at school to qualify for entry to the Royal Navy or Royal Marines.

3. Royal Navy Reserved Place holders have a place reserved for them to join the Britannia Royal Naval College, Dartmouth, as Naval College Entry officers on a Full Career Commission; for Royal Marines, the Reserved Place is at the Officers Training Wing, Commando Training Centre, Royal Marines Lympstone, where they join as First Appointment Officers on a Long Service Commission.

4. The Regulations governing participation in the Scholarship and Reserved Place scheme are detailed in this booklet as follows:—

- PART 1 Applications—Conditions of Acceptance
- PART 2 The Selection Procedure and Award of Scholarships and Reserved Places
- PART 3 Conditions Governing Scholarship and Reserved Place Awards
- PART 4 Scholarship Holders—Financial Assistance
- PART 5 Educational Qualifications
- PART 6 Medical Standards

PART 1

APPLICATIONS—CONDITIONS OF ACCEPTANCE

SCOPE OF THE SCHEME

5. The scheme is open to boys undergoing full time instruction at any school recognised by the appropriate Education Authority in the United Kingdom, the Isle of Man, the Channel Islands, or at British Forces Schools overseas. The school must be capable of educating boys up to the standard of Ordinary and Advanced Levels of the General Certificate of Education, or the Ordinary and Higher Grades of the Scottish Certificate of Education (or for Engineering candidates the Certificate of Sixth Year Studies). Lacking this, the Headmaster must certify on the application form that arrangements can be made to have the candidate transferred to a school which has such facilities.

NATIONALITY

6. To be eligible candidates must:—

- (a) at all times since birth have been a British Subject or a Citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and

- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British Subjects or Citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Entry application forms from such applicants should be accompanied by the following documents:—

- (d) Naturalisation Certificate or Evidence of Naturalisation;
- (e) Parents' birth and marriage certificates;
- (f) Candidate's and parents' passports.

7. Candidates who are Citizens of the Republic of Ireland will be required as a condition of entry to the Royal Navy or Royal Marines to undertake to apply for British Nationality (in order to be issued with a British passport). Application for British Nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

8. Candidates who are not of United Kingdom origin should have resided in the United Kingdom for at least 5 years immediately preceding their application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

EDUCATIONAL QUALIFICATIONS

9. The minimum educational standard at Ordinary Level of the G.C.E. or Ordinary Grade of the S.C.E. needed to qualify for the award of a Scholarship or Reserved Place is given in Part 5. Part 5 also shows the minimum standard which Scholarship and Reserved Place holders are required to reach to qualify for entry to the Royal Navy or Royal Marines.

AGE LIMITS

10. Candidates making their first application must be at least 15 years of age but under 17 years of age on 1st June of the year in which they are awarded a Scholarship or Reserved Place. Those applying for a second time must be under 16½ years of age on 1st June of the year in which they are awarded a Scholarship or Reserved Place.

WHEN TO APPLY

11. Candidates should submit their applications by 1st June of the year in which they expect to reach the minimum educational standard at Ordinary Level/Ordinary Grade to qualify for the award of a Scholarship or Reserved Place, although they may apply up to 9 months beforehand. The timetable at the back of this booklet gives guidance on when to apply. Candidates will not however be called for interview until they have gained the educational qualifications referred to in paragraph 9 above.

APPLICATIONS

12. The application form should be completed and returned to the Ministry of Defence, Naval Personnel Division 1 (Scholarships), Old Admiralty Building, Whitehall, London SW1A 2BE. A Registrar's copy of the candidate's birth certificate, or if one cannot be obtained, other documentary evidence (which may be a Statutory Declaration before a Magistrate)

giving exact date of birth should accompany the application. Any candidate who has not received acknowledgement of his application within 10 complete days should write at once to the above address.

SPECIALISATION

13. Candidates should state on their application forms whether they wish to be considered for entry to the Royal Navy or the Royal Marines, or both. Where they apply for both Services, an order of preference must be given.

14. Candidates for the Royal Navy are asked to state the order of preference for the specialisations in which they are willing to serve. These specialisations are:—

Seaman
Supply and Secretariat
Engineering

It should be noted, first, that candidates for the Engineering specialisation are required to take certain specified Mathematics and Science subjects at "A" Level (or equivalent), whereas Seaman and Supply and Secretariat specialists have a wide choice of acceptable subjects; and second, that the visual standards for the Supply and Secretariat and Engineering specialisations are lower than those of the Seaman specialisations.

15. Wherever possible, successful candidates are allocated to the specialisation of their choice, but this cannot always be guaranteed because acceptance for each specialisation depends upon the number of places available, and upon candidate's visual fitness and educational qualifications. There are only a very small number of Scholarships and Reserved Places available in the Supply and Secretariat Branch.

NUMBER OF ATTEMPTS

16. Candidates who are unsuccessful in their first application for a Reserved Place may compete again one year later provided they are within the age limits (see paragraph 10). Alternatively, they may apply during their last year at school for direct entry to the Royal Navy or the Royal Marines. Lack of success in the Scholarship and Reserved Place scheme will in no way affect the chances of a candidate who subsequently applies to join the Royal Navy or the Royal Marines under any other scheme.

PART 2

THE SELECTION PROCEDURE AND AWARD OF SCHOLARSHIPS AND RESERVED PLACES "O" LEVEL/"O" GRADE RESULTS

17. It is each candidate's responsibility to notify the Ministry of Defence (Naval Personnel Division 1) when the "O" Level and "O" Grade examination results are published whether he has reached the minimum educational standard given in Part 5 (Section A) to qualify for a Reserved Place, and examination results slips should be forwarded in evidence. Only those candidates who reach the minimum educational standard will be called for interview.

INTERVIEW

18. Interviews are held in the Autumn, between September and November.

19. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, a Shore Establishment at Gosport, Hampshire, which is under the Presidency of a Flag Officer (or a Captain R.N.) assisted by other Naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the results of tests of intelligence, aptitude and personality conducted during the

selection procedure. Candidates attend the Admiralty Interview Board for 2 days.

20. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended to be considered further for a Reserved Place award. It is important that those who are recommended do not assume that an award will automatically follow, because the final allocation of awards is made in the Ministry of Defence.

MEDICAL EXAMINATION

21. Candidates who are recommended for a Reserved Place by the Admiralty Interview Board are generally called about 2 weeks later for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances, every effort is made to arrange the medical examination at the same time as their interview.

22. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). Accommodation, meals and travelling expenses incurred, attending an Appeal Board are not refunded. The decision of the Naval Medical Board of Appeal is final.

TRAVELLING AND OTHER EXPENSES

23. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan* and a light meal is provided at the Medical Board where appropriate.

24. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ANNOUNCEMENT OF SCHOLARSHIP AND RESERVED PLACE AWARDS

25. The Reserved Places available each year are awarded by the Ministry of Defence towards the end of December once all the interviews and medical examinations have finished. Candidates who have received an Admiralty Interview Board recommendation and satisfy the medical standards appropriate to their specialisation are placed in an order of Merit of the results they achieved in the Admiralty Interview Board selection procedure. The Reserved Places are allocated to candidates based on their positions in the Order of Merit.

26. The Scholarships are then awarded to those Reserved Place holders who have received the best Admiralty Interview Board recommendations.

PART 3

CONDITIONS GOVERNING SCHOLARSHIP AND RESERVED PLACE AWARDS

DURATION OF AWARDS

27. The Scholarships and Reserved Places will normally be held for two full academic years, counted retrospectively from 1st September of the year in which the award is made.

UNDERTAKING TO ENTER THE ROYAL NAVY OR ROYAL MARINES

28. Award holders are expected to remain under full time education and to do their best to qualify for entry to the Royal Navy on a Full Career Commission or to the Royal Marines on a Long Service Commission. An undertaking to this effect will be required. In addition, the parents of those who are awarded Scholarships will be required to undertake to re-pay to the Ministry of Defence any instalments of the Tuition and Maintenance Grants paid to them if their sons do not join the Royal Navy or the Royal Marines for reasons considered by the Ministry of Defence to be within their control.

RECIPROCAL UNDERTAKING

29. In return, the Ministry of Defence will reserve a place for each Royal Navy award holder at the Britannia Royal Naval College, Dartmouth, to take up as a Naval College Entry officer on a Full Career Commission, and for each Royal Marines award holder at the Officers Training Wing, Commando Training Centre, Royal Marines, Lympstone, to take up as a First Appointment Officer on a Long Service Commission, provided that:—

- (a) he reaches the qualifying entry standard within the tenure of his award; and
- (b) he remains medically fit (all award holders are required to attend for a further medical examination within 6 months of their entry to the Service) and
- (c) his conduct and behaviour remain satisfactory (Headmasters' reports are sought at regular intervals).

SUMMER CAMP

30. Award holders are invited to carry out a week of Acquaint training at Dartmouth or Lympstone during their Summer holidays (at the end of July or early August). This training is normally undertaken during the first year of the award, but since the number of places available at each Camp is limited, it is sometimes necessary for some to attend during their second year.

ACADEMIC FAILURE

31. Award holders who do not reach the qualifying entry standard to join the Royal Navy on a Full Career Commission or the Royal Marines on a Long Service Commission within the tenure of their awards, and intend to stay on at school for a further attempt to qualify, may, at Ministry of Defence discretion, have their Reserved Places held open for a further year. No financial assistance will, however, be granted to Scholarship holders during this extra year.

32. Alternatively, they may opt to be considered for entry to the Royal Navy on a Short Career Commission or to the Royal Marines on a Short Service Commission, in which case their acceptance may depend upon a further recommendation by the Admiralty Interview Board.

UNIVERSITY CADETSHIP ENTRY

33. Naval College Entry officers in the Seaman and Supply and Secretariat specialisation of the Royal Navy, and all First Appointment Royal Marine officers, who wish to read for a degree will have the opportunity to apply to begin a course after a period of initial training. All may apply to be considered for The City University's B.Sc. degree in Systems and Management. In addition, those who in the opinion of the Ministry of Defence, show good academic promise may also apply to read for an Honours degree at another civilian University.

34. Nevertheless, those Scholarship and Reserved Place holders, who prefer, for one reason or another, to make their own arrangements from school to go to a civilian University may apply for University

Cadetship Entry to the Royal Navy or the Royal Marines. Under the University Cadetship Scheme young men may be sponsored through a degree course on entry to the Service; a variant of the scheme called Deferred University Cadetship allows them to do a year of training in the Royal Navy or Royal Marines before going up to University. Acceptance for University Cadetship Entry in all cases depends upon a further recommendation by the Admiralty Interview Board, but those who are not recommended may still take up their Reserved Naval College Entry or First Appointment places.

35. Scholarship and Reserved Place holders in the Engineering specialisation of the Royal Navy may also apply for University Cadetship Entry if they wish, but the preferred way for them to gain their degrees is as Naval College Entrants, who all go to the Royal Naval Engineering College, Manadon, to read for a degree in Electrical or Mechanical Engineering.

PART 4**SCHOLARSHIP HOLDERS—FINANCIAL ASSISTANCE****GENERAL**

36. The parents/guardians of Scholarship holders may be eligible to receive some financial assistance towards the cost of keeping them at school with the purpose of qualifying for entry to the Royal Navy or the Royal Marines. The money is payable in the form of two separate tax-free grants, a Tuition Grant and a Maintenance Grant.

37. The grants are paid by termly instalments during the two academic years in which the Scholarship is held.

TUITION GRANT

38. The Tuition Grant is payable where a Scholar is attending a fee-paying school and the parents/guardians are themselves responsible for the fees. Fees in respect of tuition (but not for boarding) are reimbursed up to a maximum of £260 per year. The grant is paid each term on production to the Ministry of Defence of a receipted school bill.

MAINTENANCE GRANT

39. A Maintenance Grant is payable for Scholars whose parents/guardians have a net income of less than £2,125 per year. In determining net income the following annual outgoings are deducted from the gross income:—

- (a) £200 for wife;
- (b) £200 for each wholly dependant child, including the candidate;
- (c) £200 for each other dependant (other than children);
- (d) Up to £300 for school tuition fees (but not for boarding fees) of each dependant child other than the candidate;
- (e) Interest on mortgages, loans, etc.;
- (f) Contributions payable for superannuation (including National Insurance) and premiums of life assurance on the parents or guardians (up to 10 per cent of income).

40. The Maintenance Grant will be paid at the following rate:—

<i>Net Annual Income</i>	<i>Grant per annum</i>
Below £625	£125
£625 to £874	£100
£875 to £1,124	£75
£1,125 to £1,374	£50
£1,375 to £1,624	£45
£1,625 to £1,874	£40
£1,875 to £2,125	£20
Over £2,125	Nil

41. Following the award of a Scholarship parents/guardians are asked to complete a Confidential Income Assessment Form. The first instalment of the Maintenance Grant is paid as soon as possible thereafter; further instalments are paid at the beginning of every term. After the first year of the award, parents/guardians are asked to complete a further financial declaration in order that the original award may be reviewed if necessary and the second years' grant calculated.

42. The payment of Tuition and Maintenance Grants is subject to satisfactory progress being maintained at school.

PART 5 EDUCATIONAL QUALIFICATIONS

43. This part of the Regulations is divided into 3 sections as follows:—

Section A—Minimum Educational Standard needed to qualify for a Scholarship or Reserved Place in the Royal Navy and the Royal Marines.

Section B—Minimum Educational Standard needed to qualify for Naval College Entry to the Royal Navy for a Full Career Commission and First Appointment Officer entry to the Royal Marines for a Long Service Commission.

47. Subjects by-passed at Ordinary Level/Ordinary Grade. A candidate who is by-passing not more than two subjects (other than English Language) at Ordinary Level or Grade because he is taking them at Advanced Level or Higher Grade may be accepted provided he possesses 3 acceptable Ordinary passes (including English Language) and his Headmaster certifies that he is to offer, with reasonable hope of success, the other subjects at Advanced Level or Higher Grade within the tenure of the award.

48. Candidates from Scotland who take no ordinary Grade examinations but proceed direct to Higher Grades may apply for both Scholarships and Reserved Places. They should submit their applications as if they were taking Ordinary Grade exams. (i.e. by 1st June of the year before they sit Higher Grades). In lieu of Ordinary Grade results a special and detailed report will be sought from their Headmasters about their academic progress, and provided this report is satisfactory they will be invited for interview.

Note:—(3) MATHEMATICAL SUBJECTS

At "O" level
All candidates must offer the normal "O" level subject of their G.C.E. Board in Mathematics. Pure Mathematics or General Mathematics.

At "AO" or "O" level
Additional Mathematics may also be offered as a qualifying subject when the optional papers chosen cover a syllabus substantially different from the normal Mathematics "O" level taken and when the two Mathematics subjects together contain an adequate element of Applied Mathematics/Mechanics.

Not more than two Mathematics subjects at any level may count towards the requirements.

At "A" level
The Ministry of Defence generally accepts the regulations of the G.C.E. Boards regarding appropriate papers to be taken in Mathematics as a single "A" level subject and those to be taken in Pure Mathematics and Applied Mathematics (OR Mathematics and Further Mathematics as two separate "A" level subjects).

Modern or Experimental Syllabus
Passes at Ordinary and Advanced Levels in a G.C.E. examination of a recognised examining board and which are based on a modern or experimental syllabus are acceptable (e.g. The School Mathematics Project, Midlands Mathematical Experiment, St. Dunstan's Project, Mathematics for Education and Industry Project, Shropshire Experiment, Nuffield Project).

For the Engineering specialisation, an S.M.P. "A" level in Mathematics OR Further Mathematics satisfies the requirements in Mathematics, both Pure and Applied. For other project schemes, acceptance of passes in special "A" level examinations is subject to assessment of the syllabus and papers concerned. In all cases the normal rules regarding acceptable and overlapping subjects apply. With many Regional and National Examination Boards it is not feasible to produce an absolutely comprehensive list of Acceptable Subjects and, if any doubt exists as to the acceptability of any subject or combination of subjects, Naval Personnel Division 1 should be consulted.

PART 6

MEDICAL STANDARDS

56. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world throughout his period of service.

57. An International Vaccination Certificate which has been counter-signed by the Local Medical Officer of Health must be obtained before entry, showing that the candidate has been vaccinated or revaccinated within the last 3 years against Smallpox.

58. The following is a list of defects which may cause rejection:—

- (a) *Poor Physique* imperfect development or skeletal deformity either hereditary or acquired.

 - (3) Hallux Valgus, Hallux Rigidus, Hammer toes, Pes Cavus, Flat Feet;
 - (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) *Obesity*. The significance of a candidate's weight depends upon whether his cardio vascular and respiratory systems are within normal limits, whether the exercise tolerance is normal, and whether there is no undue dyspnoea on exertion, but weight should not normally vary from the average by more than 25%.
- (c) *Skin Disease*. Unless temporary or trivial, Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) *Psychiatric Disorders*. Or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
- (e) *Disorders of the Central Nervous System*. Organic disease of the C.N.S.; Epilepsy; migraine if recurrent.

 - (1) *Perforations*—an unhealed perforation is a bar to entry.
 - (2) *Mastoid Operation*. A radical mastoid operation is a bar to entry. A successful myringoplasty or tympanoplasty is acceptable 12 months after the operation provided the hearing level is normal. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist.

A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.

- (3) *Diseases of the bones or cartilage of the nose, and recurrent nasal polypus. Disease of the naso pharynx*. Simple septal deviations or nasal deformities are not cause for rejection.
- (4) *Disease of the throat or palate*. Disease or injury affecting the normal function of either mandibular joint.
- (5) *Tonsillitis*. Apparent enlargement of the tonsils is not a cause for rejection.
- (6) *Sinusitis*. Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In a case of doubt, a specialist opinion should be obtained.
- (7) *Stapedectomy*. A successful stapedectomy is acceptable 12 months after the operation assuming hearing is satisfactory.
- (h) *Diseases of the Chest*. Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.
 - (1) *Asthma*. Where this forms, or is likely to form a serious impediment to the efficient performance of duty. If there is a history of Asthma clear evidence must be produced that there has been complete freedom from an attack for the 5 preceding years without treatment.
- (i) *Cardio-vascular*. Functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director General (Naval).
- (j) *Rheumatic Fever*. An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—
 - (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
 - (2) there has been 10 years 'freedom from recurrence, no prophylaxis having been given.
- (k) *Disease of the liver, spleen, stomach or bowels*.
 - (1) *Peptic Ulcer*.
 - (2) *Hernia* does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) *Fistula or fissure of anus; Haemorrhoids*.
- (l) *Genito-Urinary Conditions*.
 - (1) *Congenital, active or latent syphilis*. Active Gonorrhoea.
 - (2) *Albuminuria*, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
 - (3) *Glycosuria*, unless a satisfactory report on a sugar tolerance test is produced.
 - (4) *Stricture of the urethra*.
 - (5) *Incontinence of urine*.
 - (6) *Nocturnal Enuresis*, if this has continued beyond the age of 12 years.
 - (7) *Hydrocele and Varicocele* except that a satisfactory surgical repair will normally render a candidate fit for entry.
 - (8) *Serious defect or malformation of the genital organs*.
 - (9) *The absence of one testicle* should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental

health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.

(10) Diseases and malformations of the kidneys.

(11) Urolithiasis.

(m) *Allergic Diseases.* Where these form, or are likely to form a serious impediment to the efficient performance of duty.

(1) *Hay fever.* Mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.

(n) *Metabolic Conditions.* Diseases of the thyroid gland, hyperthyroidism, myxoedema.

Candidates must be at least 5 foot 3 inches in height.

62. OTHER QUALIFICATIONS

- (a) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- (b) Anisometropia within the following limits will be acceptable in the Seaman Specialisation. Better eye 6/6 N5 without lenses and a manifest hypermetropia of not less than +0.75 sphere and not more than +1.50 sphere: worse eye 6/60 N5 without lenses correcting to 6/6 with lenses.
- (c) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre or hyperphoria.
- (d) Spectacles. Contact lenses. There is general no restriction to the wearing of lenses to increase visual efficiency provided that the standards are met without them. In certain circumstances they are incompatible with adequate job performance, e.g. Aircrew, Royal Marines and are therefore not permitted in these situations.

ROYAL NAVY—NAVAL COLLEGE ENTRY SEAMAN, ENGINEERING (MECHANICAL AND ELECTRICAL) AND SUPPLY AND SECRETARIAT SPECIALISATIONS FULL CAREER COMMISSIONS

INTRODUCTION

1. Young men who wish to make the Royal Navy their career may join as Naval College Entrants (N.C.E.s) for a Full Career Commission in the Seaman Supply and Secretariat or Engineering specialisation. To be considered for Naval College Entry they must pass the selection procedure, meet certain medical standards and hold, or be in the process of obtaining, the necessary educational qualifications.

2. N.C.E.s in the Seaman and Engineering specialisation join the Britannia Royal Naval College, Dartmouth, in September, January and May. Supply and Secretariat specialists join in September and January. Every effort is made to place candidates in the specialisation of their choice, but the number of Supply and Secretariat vacancies is comparatively

small and it is not always possible to offer places to all those who meet the entry requirements.

3. Seaman and Supply and Secretariat N.C.E.s who wish to read for a degree will have the opportunity to apply to begin a course after a period of naval training. All may apply to be considered for The City University's B.Sc. degree in Systems and Management. In addition those who, in the opinion of the Ministry of Defence, show good academic promise may also apply to read for an Honours degree at another civilian University.

4. All Engineer N.C.E.s read for a degree in Engineering (Honours or ordinary). The great majority do so at the Royal Naval Engineering College, Manadon but a very few may be selected to

go to Cambridge University. Normally those officers who attend Manadon, first spend some time at Britannia Royal Naval College, Dartmouth, undergoing background training followed by training at sea. They then enter Manadon at the start of the academic year in the year following their entry. Apart from the obvious benefits of some early naval experience prior to entry to the College, this pattern fits in well with the currently held view of many young men that a break between school and their degree course has considerable attraction and can be of real and lasting benefit.

5. Nevertheless, there are those who, for one reason or another, prefer not to interrupt their studies and wish to start immediately on their degree course. Successful applicants who wish to do so may therefore enter Manadon straight from school.

6. Candidates for Naval College Entry may apply at the same time for University Cadetship Entry. Full information about the University Cadetships offered may be found elsewhere in this book, but briefly, the scheme sponsors young men through a University Course, either direct from school, or after a period of up to a year spent training in the Royal Navy, at the start of a Full Career Commission. University Cadets receive a special rate of pay which includes an Education Grant. A candidate may be considered by the Admiralty Interview Board for Naval College and University Cadetship Entry at the same interview.

7. This section contains the regulations governing Naval College Entry, which are detailed as follows:

Part 1: Method of Selection and Acceptance for Entry.

Part 2: General Conditions of Entry.

Part 3: Educational Requirements.

Part 4: Medical Standards.

8. Part 5 gives information about training, promotion and career prospects but this section does not form part of the regulations.

PART 1

METHOD OF SELECTION AND ACCEPTANCE FOR ENTRY

APPLICATIONS

9. The application form should be completed and returned, together with birth and educational certificates, to the Ministry of Defence, Naval Personnel Division 1 (N.C.E.), Old Admiralty Building, Whitehall, London SW1A 2BE. Applications may be forwarded at any time up to a year before the desired date of entry, but not later than 1st March for May entry, 15th June for September entry and 15th October for January entry. Any candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address.

INTERVIEW

10. All candidates attend the Admiralty Interview Board at H.M.S. *Sultan*, Gosport, Hampshire, which is under the presidency of a Flag Officer (or a Captain R.N.) assisted by other naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the result of tests of intelligence, aptitude and personality conducted during the selection procedure. Because of the need to obtain Headmasters' reports, etc. for candidates, it will be at least 4 weeks from the receipt of applications before an interview is arranged. Candidates attend the Admiralty Interview Board for 2 days.

11. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for Naval College Entry. Those who are recommended should not, however, assume that their entry to the Royal Navy is guaranteed

because the final selection is made in the Ministry of Defence.

12. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of 12 months, but they may not be considered more than once for any particular entry.

MEDICAL EXAMINATION

13. Candidates who are recommended for entry by the Admiralty Interview Board are generally called about 2 weeks later for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances every effort is made to arrange the medical examination at the same time as their interview.

14. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s).

TRAVELLING AND OTHER EXPENSES

15. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

16. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

17. Candidates are normally told by the Admiralty Interview Board shortly after their interview whether they have been recommended for a commission in the Royal Navy. Those who are recommended should not however, assume that their entry is guaranteed because the final acceptance rests with the Ministry of Defence: candidates who satisfy the educational requirements and medical standards given in Parts 3 and 4 below are placed in an Admiralty Interview Board Order of Merit from which the selections for the available places are made. When the number of vacancies is small, the final selections may not be made until all candidates have been interviewed. Every effort is made to give those who are selected a full month's notice of their entry date.

18. Successful Seaman and Engineering candidates join the Britannia Royal Naval College, Dartmouth in May, September and January. Supply and Secretariat specialists join in September and January.

19. Candidates who are selected for entry, but are disqualified through failing to meet the educational requirements in Part 3, and who subsequently meet these requirements, may, at the discretion of the Ministry of Defence, be accepted for entry without further interviews. Where a particular entry is fully subscribed the Ministry of Defence will, where possible, offer fully qualified candidates entry at a later date without further interviews.

PART 2

GENERAL CONDITIONS OF ENTRY
AGE LIMITS

20. Candidates must be at least 17 years but under 20 years 6 months on:

- 1st September for entry in that month;
- or 1st April for entry the following May;
- or 1st January for entry in that month.

21. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate), giving exact date of his birth.

NATIONALITY

22. To be eligible candidates must:

- (a) at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Entry application forms from such applicants should be accompanied by the following documents.

- (a) naturalisation certificate or evidence of naturalisation;
- (b) parents' birth and marriage certificates;
- (c) candidate's and parents' passports.

23. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British passport). Application for British nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

24. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

25. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if an officer:

- (a) fails to reach a satisfactory standard during his studies or in training; or
- (b) his conduct is unsatisfactory; or
- (c) he does not display the qualities required of a naval officer.

26. Officers to whom a naval career ceases to appeal are normally allowed to withdraw from training subject to the requirements of paragraphs 27, 29 and 30 below at any time up to 4 calendar years from the day of entry. Thereafter, officers are not normally allowed to withdraw until they have given a period of effective service of 4-5 years from the date of their first appointment after satisfactory completion of training (i.e. a total of 7-11 years after entry depending upon the length of training). This rule is waived only in exceptional circumstances (e.g. compassionate cases).

27. N.C.E.s who gain a degree at the Navy's expense and are allowed to withdraw without giving a period of effective return of service will be required to make a payment equivalent to the Education Grant received by a University Cadetship Entrant for a similar period of sponsored studies.

UNIFORM

28. On entry at the Britannia Royal Naval College, Dartmouth, Full Career Commission N.C.E.s are provided with one uniform suit and a gratuitous issue of a limited number of other items of uniform; after one term at Dartmouth, i.e. 4 months at Dartmouth they are paid a cash grant to purchase mess dress, and on promotion to Sub-Lieutenant they are provided with the remainder of their R.N. uniform. On promotion to Sub-Lieutenant they receive a promotion grant to enable them to lace their existing uniform correctly. While serving as Midshipmen, officers receive with their pay a daily allowance for upkeep of their uniform; thereafter, uniform upkeep is by means of Income Tax relief in place of the daily allowance.

29. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer (or if he is under 18 years, against his parent or guardian) for any specific article not returned.

30. In addition, if an officer withdraws voluntarily, he is required, at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash grants (as described in paragraph 28 above) on the following scale:—

Grants paid and issues made less than one year before date of resignation	in full
Grants paid and issues made more than one year but less than 2 years before date of resignation	two-thirds
Grants paid and issues made more than 2 years but less than 3 years before date of resignation	one-third
Grants paid and issues made more than 3 years before date of resignation	nil

31. The amount of refund is reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

PART 3

EDUCATIONAL REQUIREMENTS

32. The minimum academic qualifications required for Naval College Entry to the Britannia Royal Naval College, Dartmouth, in the Seaman and Supply and Secretariat specialisations and in the Engineering specialisations, are given separately below.

33. Actual certificates showing the results of examinations already taken should be forwarded with application forms. Examination results received after the despatch of the application form should also be forwarded to the Ministry of Defence, Naval Personnel Division 1 (N.C.E.), Old Admiralty Building, Whitehall, London SW1A 2BE.

34. Academic qualifications other than those given below may be accepted if, in the opinion of the Ministry of Defence the standard and content are acceptable in lieu of G.C.E. subjects. If any doubt exists as to the acceptability of any subject or combination of subjects Naval Personnel Division 1 (N.C.E.) should be consulted.

SEAMAN and SUPPLY AND SECRETARIAT SPECIALISATIONS**35. General Certificate of Education—England, Wales, Northern Ireland****Passes in 5 subjects including:**

- English Language
- Mathematics
- Physics—or other approved combined Science subjects (see Table of Acceptable Subjects, note 2).

Two of the passes must be at advanced level. *Note:* For G.C.E. Ordinary levels taken from Summer 1975 onwards, Grades A, B and C only are acceptable.

36. Scottish Certificate of Education**Passes in 5 subjects including:**

- English
- Mathematics
- Physics or higher grade science (Physics and Chemistry)

Candidates must offer 3 passes at higher level or 2 passes in the certificate of sixth year studies.

Ordinary grade subjects must be Grade C at or above.

37. The Seaman specialisation requires candidates with all types of "A" levels or equivalents. Any requirement for a deeper knowledge of scientific or technological principles is given after entry and officers who have a limited background in these subjects are at no disadvantage in the long term.

38. Exceptionally, if vacancies exist in the Supply and Secretariat specialisation, the Ministry of Defence may exercise discretion in favour of a candidate possessing no qualification in Physics or an acceptable equivalent, provided that both the following conditions are satisfied:—

- (a) There is good reason to expect that, with additional training, the candidate will be able to attain at least "O" level standard in Physics.
- (b) The Admiralty Interview Board recommends the candidate as worthy of special consideration.

ENGINEERING SPECIALISATION (MECHANICAL AND ELECTRICAL)**39. General Certificate of Education Examination—England, Wales, Northern Ireland****Passes in 5 acceptable subjects including:**

together with a Headmaster's certificate showing that the candidate has studied Mathematics (including

Mechanics) and Physics for a full year after gaining Higher levels, to a standard and coverage equivalent to the Certificate of Sixth Year Studies.

Note: (1) SCIENCE SUBJECTS

Any one of the following group of subjects may be offered as an adequate qualification at "O" level for Seaman or Supply and Secretariat Specialisations in lieu of "O" level Physics:

- Physics with Chemistry
- Physics with Biology
- Physical Science

General Science and Additional General Science
Engineering Science or General Engineering Science (A.E.B.)
Combined Science I and II
J.M.B. Technical Science
Integrated Science (double "O" level)

Note: (2) MATHEMATICAL SUBJECTS

At "O" level

All candidates must offer the normal "O" level subject of their G.C.E. Board in Mathematics, Pure Mathematics or General Mathematics.

At "AO" or "O" level

Additional Mathematics may only also be offered as a qualifying subject when the optional papers chosen cover a syllabus substantially different from the normal Mathematics "O" level taken and when the two Mathematics subjects together contain an adequate element of Applied Mathematics/Mechanics.

Not more than two Mathematics subjects at any level may count towards the requirements.

At "A" level

The Ministry of Defence generally accepts the regulations of the G.C.E. Boards regarding appropriate papers to be taken in Mathematics as a single "A" level subject and those to be taken in Pure Mathematics and Applied Mathematics (OR Mathematics and Further Mathematics) as two separate "A" level subjects.

Modern or Experimental Syllabus

Passes at Ordinary and Advanced levels in a G.C.E. examination of a recognised examining board and which are based on a modern or experimental syllabus are acceptable (e.g. The School Mathematics Project, Midlands Mathematical Experiment, St. Dunstan's Project, Mathematics for Education and Industry Project, Shropshire Experiment, Nuffield Project). For the Engineering specialisation, an S.M.P. "A" level in Mathematics OR Further Mathematics, satisfies the requirements in Mathematics, both Pure and Applied. For other project schemes, acceptance of passes in special "A" level examinations is subject to assessment of the syllabus and papers concerned. In all cases the normal rules regarding acceptable and overlapping subjects apply.

With many Regional and National Examination Boards it is not feasible to produce an absolutely comprehensive list of Acceptable Subjects and, if any doubt exists as to the acceptability of any subject or combination of subjects, Naval Personnel Division 1 should be consulted.

PART 4

MEDICAL STANDARDS

43. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world throughout his period of service.

44. An International Vaccination Certificate which has been counter-signed by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or revaccinated within the last 3 years against Smallpox.

45. The following is a list of defects which may cause rejection:—

(a) Poor Physique, imperfect development or skeletal deformity either hereditary or acquired.

- (1) asymmetry of torso or limbs, limitation or movement of joints, the presence of muscular wasting;
- (2) abnormal spinal conditions, abnormal locomotion, amputations;
- (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet;
- (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.

(b) Obesity. The significance of a candidate's weight depends upon whether his cardiovascular and respiratory systems are within normal limits, whether the exercise toleration is normal, and whether there is no undue dyspnoea on exertion, but weight should not normally vary from the average by more than 25 per cent.

(c) Skin Disease. Unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.

(d) Psychiatric Disorders. Or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.

(e) Disorders of the Central Nervous System. Organic disease of the C.N.S.; Epilepsy; migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.

(f) Deformity or any chronic disease of eyes or eyelids.

(g) Diseases of the Ear, Nose and Throat

- (1) Perforations—an unhealed perforation is a bar to entry. A successful myringoplasty or tympanoplasty is acceptable 12 months after the operation, provided the hearing level is satisfactory.
- (2) **Mastoid Operation**. A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
- (3) Disease of the bones or cartilage of the nose, and recurrent nasal polypus. Disease of the naso pharynx. Simple septal deviations or nasal deformities are not cause for rejection.
- (4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
- (5) **Tonsillitis**. Apparent enlargement of the tonsils is not a cause for rejection.
- (6) **Sinusitis**. Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.
- (7) **Stapedectomy**. A successful stapedectomy is acceptable 12 months after the operation, assuming hearing is satisfactory.

(h) Diseases of the Chest. Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.

- (1) **Asthma**. Where this forms, or is likely to form a serious impediment to the efficient performance of duty. If there is a history of Asthma, clear evidence must be produced that there has been complete freedom from an attack for the 5 preceding years without treatment.

- (f) **Cardio-vascular.** Functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director General (Naval).
- (g) **Rheumatic Fever.** An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:
- (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
 - (2) there has been 10 years' freedom from recurrence, no prophylaxis having been given.
- (k) **Disease of the liver, spleen, stomach or bowels**
- (1) Peptic ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; Haemorrhoids.
- (l) **Genito-Urinary Conditions**
- (1) Congenital, active or latent syphilis, active Gonorrhoea.
 - (2) Albuminuria, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
 - (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
 - (4) Stricture of the urethra.
 - (5) Incontinence of urine.
 - (6) Nocturnal Enuresis, if this has continued beyond the age of 12 years.
 - (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
 - (8) Serious defect or malformation of the genital organs.
 - (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
 - (10) Diseases and malformation of the kidneys.
 - (11) Urolithiasis.
- (m) **Allergic Diseases.** Where these form, or are likely to form a serious impediment to the efficient performance of duty.
- (1) *Hay Fever.* Mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (n) **Metabolic Conditions.** Diseases of the thyroid gland, hyperthyroidism, myxoedema.

46. Candidates must be at least 5 foot 3 inches in height.

49. COLOUR PERCEPTION STANDARDS

Standard	Test Specification
1	The correct recognition of coloured lights shown through the small paired apertures on the Martin Lantern at 6 metres (20 feet) distance.
2	The correct recognition of 13 out of the first 15 plates of the Ishihara Test (24 Plate abridged Edition 1969) shown in random sequence at a distance of 75 cm under standard fluorescent lighting supplied by an artificial daylight Fluorescent Lamp (British Standard 950: 1967).
3	The correct recognition of coloured lights shown through the large paired apertures on the Martin Lantern at 6 metres (20 feet) distance. The correct recognition of colours used in relevant trade situations, and assessed by simple tests with coloured wires, resistors, stationery tabs, etc.

50. OTHER QUALIFICATIONS

- Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- Anisometropia within the following limits will be acceptable in the Seaman Specialisation. Better eye 6/6 N5 without lenses and a manifest hypermetropia of not less than +0.75 and not more than +1.50 sphere; worse eye 6/60 N5 without lenses correcting to 6/6 with lenses.
- Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.
- Spectacles and Contact Lenses. There is in general no restriction to the wearing of lenses to increase visual efficiency provided that the standards are met without them. In certain circumstances they are incompatible with adequate job performance, e.g. Aircrew, and are therefore not permitted in these situations.

PART 5

TRAINING, PROMOTION AND CAREER PROSPECTS

This information is for guidance only and does not form part of the entry regulations. From time to time changes may be made in the conditions of service.

TRAINING

Seaman and Supply and Secretariat Specialists

51. All N.C.E.s are given approximately 2 terms of general naval training following entry. One full term

is spent at the Britannia Royal Naval College, Dartmouth and the second term includes some 9 weeks in the Dartmouth Training Ship. The subsequent pattern of training depends on whether or not officers are chosen to read for degrees.

52. These officers who wish to read for degrees and are considered by the Ministry of Defence to be suitable, academically and otherwise, to do so are selected to read for the vocationally-slanted B.Sc. in Systems and Management at The City University or to read for other degrees as Nominations to other Universities. All officers are considered by The City University authorities and interviews normally take place sometime during their first Dartmouth term.

53. *Non-Degree Stream.* Having successfully completed the 2 terms of general naval training these officers undertake a further 3 terms of academic training at Britannia Royal Naval College. On completing this phase of training they go to sea for training with the Fleet and work for their examination by a Fleet Board after some 9 months at sea. After passing their Fleet Boards, Seaman Officers undertake Operations and Weapons Courses. They are then appointed to sea and in this first appointment work for their Bridge Watchkeeping and Ocean Navigation Certificates.

54. Supply and Secretariat Officers, after passing their Fleet Boards, undertake their Operations and Weapons Courses and Supply and Secretariat Professional Courses.

55. *Degree Stream.* Officers selected to read either for the B.Sc. Degree in Systems and Management at The City University or for other degrees as Nominations elsewhere are not required to undertake the 3 terms of academic studies taken by non-degree officers.

- (a) Officers who enter in May proceed to sea immediately after successful completion of their general naval training at the Britannia Royal Naval College to work for their Fleet Board examinations, and proceed to University some 17 months after entry.
- (b) Officers who enter in September also proceed to sea immediately after successful completion of general naval training, for about 4 months and then proceed to University a year after entry. They complete their sea training and take Fleet Board examinations on graduation.
- (c) Officers who enter in January proceed direct to University on completion of general naval training and go to sea to prepare for their Fleet Board examinations after graduation.
- (d) During their University vacations, officers normally undertake 5 weeks' training in the Fleet and other leave activities subject to University academic requirements.
- (e) Upon graduation and subject to their passing their Fleet Boards, officers undertake Operations and Weapons and Supply and Secretariat professional courses, as appropriate. Seaman officers requiring scientific preparation do a course at the Britannia Royal Naval College before proceeding to Operations and Weapons courses.

56. *Engineer Specialists*

- (a) *Engineer Officers* (apart from Direct Manadon Entry Officers—see paragraph 56(d) do approximately 2 terms of general naval training on entry in the same way as N.C.E. Seaman and Supply and Secretariat Officers (see paragraph 51. January entrants proceed direct to Manadon on the completion of their general naval training. Those entering in September or May go to the Fleet after general naval training and spend their pre-Manadon/Cambridge time working for their Fleet Board.

- (b) For May entrants this period is about 9 months and these officers take their Fleet Board towards the end of their time with the Fleet. For September entrants, however, it is only about 5 months. Exceptional officers may be recommended by their Commanding Officers to take the Fleet Board at the end of this shorter period. Failure of the Fleet Board at this early stage is not regarded as a failure of a stage of training, and no penalty is applied.

- (c) September and May entrants begin reading for their degrees—mostly at the Royal Naval Engineering College, Manadon, but a limited number at Cambridge—at the start of the academic year following their entry. January entrants do so in the same academic year that they enter. Subject to the requirements of their academic work those studying at Cambridge are required to do 6 weeks of workshop training at Manadon in their Summer vacations. January entrants may be required to undertake a few weeks' training in the Fleet between their second and third years of degree studies.
- (d) In some cases an officer may wish to begin his degree studies at the Royal Naval Engineering College, Manadon immediately after entry in September. If this is approved he will only spend an introductory week at the Britannia Royal Naval College as a Direct Manadon Entrant before commencing his degree studies.
- (e) On completion of their degree Course officers who have already passed their Fleet Board undertake Application Courses beginning at the end of August. Those who have not so qualified (except those who entered Manadon direct) proceed to the Fleet and after passing their Fleet Board commence Application Courses. Direct Manadon Entrants will spend up to a term at Britannia Royal Naval College, Dartmouth before proceeding to the Fleet, passing their Fleet Board and commencing Application Courses.

57. Officers follow a standard rank/promotion progression which is not tied to completion of specific stages of training. Officers enter in the rank of Midshipman at the start of the Britannia Royal Naval College term with seniority of 1st January, 1st May or 1st September, as appropriate. They are promoted to Sub-Lieutenant on achieving 2 years' seniority in the rank of Midshipman, and promotion to the rank of Lieutenant takes place on a date 5 years from their initial date of seniority as Midshipman on entry.

58. The basic date of seniority as Lieutenant is the promotion date. Additional seniority may be awarded on the results achieved during training and this will count for increments of pay. It will not, however, attract back pay as a Lieutenant.

59. Promotion to Lieutenant-Commander takes place on attaining 8 years' seniority as Lieutenant and further promotion to Commander and above is by selection in competition with other Full Career Commission Officers.

LENGTH OF CAREER

60. Full Career Commission Officers retire on reaching the following ages:—

Lieutenant-Commander	..	..	50
Commander	..	..	53
Captain	..	..	55

Officers may apply to retire voluntarily at any time before reaching the age of compulsory retirement. Applications are normally subject to a one year waiting period, or longer in cases where an officer has recently been given further training of some months or more duration, and are considered by the Ministry of Defence in the light of the requirements of the Service. Special consideration is, however, given to applications made on compassionate grounds (see also Part 2, paragraph 26, about periods of minimum service).

ROYAL NAVY UNIVERSITY CADETSHIPS SEAMAN, ENGINEERING AND SUPPLY AND SECRETARIAT SPECIALISATIONS FULL CAREER COMMISSIONS

INTRODUCTION

1. Young men who want to become Naval officers in the Seaman or Supply and Secretariat specialisations and to read for a degree, are encouraged to join as University Cadets. There are also opportunities for those who wish to join the Engineering (Mechanical or Electrical) specialisation to enter as University Cadets, but for the great majority the recommended degree course is that provided by the Royal Naval Engineering College at Manadon. There are 3 types of University Cadetships offered:—

(a) **Standard Cadetships.** These cater for young men who either start degree studies immediately after leaving school or are already studying for a full time degree at a U.K. University, Polytechnic or College of Technology.

If studying for "A" levels and hoping to go on to read for a degree they may apply at any time during their last year at school. They need not have secured a place at a University, Polytechnic, etc., but should have decided which degree course to follow. If they are already at University they may apply at any time during their course of studies.

(b) **Deferred Cadetships.** These cater for young men who have been awarded places at University, but who have obtained permission from the University authorities to defer their entry for one year. Successful applicants will enter the Britannia Royal Naval College, Dartmouth, and carry out 12 months' naval training at the College and at sea before going up to University.

If studying for "A" levels and hoping to go on to read for a degree they may apply at any time during their last year at school. They need not have secured a place at University, Polytechnic, etc., but should have decided which degree course to follow. On gaining a University place, successful applicants will need to seek their Universities' permission to defer their entry for one year. This pattern fits in well with the increasingly widely held view that a break between school and university is of positive value and gives a greater maturity and breadth of experience to a young man before he embarks on his university course. The Admiralty Board believe that for most young officers this is the most valuable way of combining their naval and university training.

(c) **January and May Entry Cadetships.** These cater for young men who have an unconditional place at University but who are not due to start degree studies until the beginning of the academic year. The Cadetships are particularly suitable for those seeking, or accepted for, entrance to Oxford or Cambridge, but are of course not limited to them. Successful applicants will enter the Britannia Royal Naval College, Dartmouth, in January or May and carry out naval training at the College and at sea for 2 terms or one term respectively before going up to University.

Young men may apply having obtained an unconditional University place or while seeking such a place on the basis of "A" level exams already taken. Those who are seeking entrance to Oxford or Cambridge may apply before sitting, or while awaiting the result of the Entrance Examination.

2. The course at the Royal Naval Engineering College, Manadon, for a degree in Engineering which may be taken by Engineer Officers, is recognised by

the Council of National Academic Awards and is of a special character designed to meet more accurately the specific needs of a Naval Officer. The equipment, facilities and teaching resources of the College are all specifically geared to providing the most relevant degree course possible, and it is the view of the Admiralty Board that the future career of the Engineer officer will normally best be served by reading for this degree.

3. Normally those officers who attend Manadon, first spend some time at Britannia Royal Naval College, Dartmouth, undergoing general background training followed by training at sea. They then enter Manadon at the start of the academic year in the year following their entry. Apart from the obvious benefits of some early naval experience prior to entry to Manadon, this pattern fits in well with the currently held view of many young men that a break between school and their degree course has considerable attraction and can be of real and lasting benefit.

4. Nevertheless, there are those who prefer not to interrupt their studies and wish to start immediately on their degree course. Successful applicants who wish to do so may therefore enter Manadon straight from school.

5. Should an applicant wish to go to a civilian University, however, to take a particular Engineering course, a University Cadetship under the terms described in paragraph 1 may be awarded.

6. The regulations for these Cadetships are detailed as follows:—

- | | |
|--------------|-------------------------------|
| Part 1 | Method of Selection and Award |
| Part 2 | General Conditions of Entry |
| Part 3 | Educational Requirements |
| Part 4 | Medical Standards |

Part 5 gives information about Training, Promotion and Career Prospects but does not form part of the regulations.

7. University Cadets will be paid throughout their period of pre-University training and while at University. Their pay will include an education grant and their tuition fees will be paid. They will, however, have to repay the grant and fees if they are allowed to withdraw from the Navy without giving an adequate return of service.

PART 1

METHOD OF SELECTION AND AWARD APPLICATIONS

8. The application form should be completed and returned, together with birth and educational certificates, to the Ministry of Defence, Naval Personnel Division 1 (University Cadetships), Old Admiralty Building, Whitehall, London SW1A 2BE. Any candidate who has not received an acknowledgement of his application within 10 days should write at once to the above address.

INTERVIEW

9. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the presidency of a Flag Officer (or a Captain R.N.) assisted by other naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the result of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 2 days.

10. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for a University Cadetship. Those who are recommended should not, however, assume that their entry to the Royal Navy is guaranteed, because the final selection is made in the Ministry of Defence.

11. Engineering specialisation candidates will be invited to make an acquaintance visit to the Royal Naval Engineering College, Manadon, shortly before their interview.

12. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of 12 months.

MEDICAL EXAMINATION

13. Candidates who reach a satisfactory standard at the Interview Board are called shortly afterwards for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances every effort is made to arrange the medical examination on the day following their interview in *H.M.S. Sultan*.

14. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). Accommodation, meals and travelling expenses incurred attending an Appeal Board are not refunded.

TRAVELLING AND OTHER EXPENSES

15. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in *H.M.S. Sultan*, and a light meal is provided at the Medical Board where appropriate.

16. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

AWARD OF CADETSHIP

17. Notification of provisional awards of Cadetships is given as soon as possible after appearance at the Admiralty Interview Board. Confirmation of the awards depends on the candidates satisfying the educational and medical requirements given in Parts 3 and 4 below. In cases where the number of vacancies is small, as for instance in the Supply and Secretariat specialisation, confirmation may have to be delayed until the educational qualifications and order of merit at interview of all candidates are known.

18. For Standard Cadetships the award dates from shortly before the start of the applicant's degree course or, where the course has already been started, from the beginning of the term following selection. Successful candidates who are in receipt of assistance from public funds should inform the appropriate Local Education Authority or other award-making body immediately they are awarded a Royal Navy University Cadetship. It should be assumed that no further assistance will be given by that body after the date on which the cadetship commences. Local Education Authorities are entitled to claim the

repayment of the portion of the maintenance grant paid to students joining the Royal Navy during the course of an academic year if their Naval pay is sufficiently in excess of what the grant might otherwise have been.

19. For Deferred and January/May Entry Cadetships, successful candidates enter the Britannia Royal Naval College, Dartmouth, in the September, January or May respectively preceding the start of their degree studies, their training following the pattern outlined in Part 5 below.

20. Candidates who are provisionally awarded Deferred Entry University Cadetships but who do not manage to obtain the permission of their University to defer their entry for one year will normally be awarded Standard University Cadetships.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

21. Candidates must be at least 17 years on being appointed and of such an age that:—

- (a) if Standard University Cadets they will be under 24 years of age on 1st September of the year in which they graduate.
- (b) if Deferred, January or May entry University Cadets they will be under 21 years of age on the first of the month in which they enter.

22. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate), giving exact date of his birth.

NATIONALITY

23. To be eligible candidates must:—

- (a) at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances, and with the special permission of the Secretary of State for Defence, be accepted. Entry application forms from such applicants should be accompanied by the following documents:—

- (a) naturalisation certificate or evidence of naturalisation;
- (b) parents' birth and marriage certificates;
- (c) candidate's and parents' passports.

24. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British passport). Application for British Nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

25. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

UNIFORM

26. University Cadets are provided with their initial uniform outfits free of charge on reporting to the

Britannia Royal Naval College, Dartmouth. Additional requirements are provided on promotion to Sub-Lieutenant (Acting or Confirmed) either by means of a cash grant or by further free issues. For the upkeep of uniform, entrants receive a cash grant while serving as Midshipmen and Income Tax Relief thereafter. It is a condition of entry that an officer whose appointment is terminated compulsorily will be required to return his principal items of free issue uniform, charges being raised against the officer (or if he is under 18 against his parent or guardian) for any specific article not returned.

FAILURE TO OBTAIN A DEGREE

27. University Cadets who fail academically during their degree course, or who fail to obtain a degree at the end of their course, may be considered for transfer to the appropriate Short or Full Career Naval College Entry, depending upon their age, the number of vacancies available in their specialisation or an appropriate alternative specialisation and their performance during the naval training they have carried out; or they may, at the discretion of the Ministry of Defence, have their appointments terminated.

FINANCIAL LIABILITY

28. Other than as indicated in the foregoing paragraph, should an officer entered as a University Cadet under any of the forms of entry be permitted to leave the Royal Navy voluntarily before graduating or before completing 5 years of naval service subsequent to graduation, he is required to refund to the Ministry of Defence his education grant and tuition fees paid from public funds. An undertaking to this effect is required. A similar refund is required if a University Cadet's appointment is terminated because he fails to obtain his degree as a result of lack of diligence, or becomes medically unfit whilst at University for reasons attributable to his own fault.

29. In addition, if an officer withdraws voluntarily, he is required at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash grants issued to him on the following scale:—

Grant paid and issues made less than one year prior to date of resignation ..	in full
Grants paid and issues made more than one year but less than 2 years before date of resignation ..	two-thirds
Grants paid and issues made more than 2 years but less than 3 years before date of resignation ..	one-third
Grants paid and issues made more than 3 years before date of resignation ..	nil

30. The amount of refund is reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

31. It must be clearly understood that the whole period of a University Cadetship and subsequent training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if the officer:—

- fails to reach a satisfactory standard during his studies or in training; or
- his conduct is unsatisfactory; or
- he does not display the qualities required of a naval officer.

32. Officers to whom a naval career ceases to appear are normally allowed to withdraw from training subject to the requirements of paragraphs 28 and 29 at any time up to 4 calendar years from the day of entry except in the case of standard U.C.E.s

who enter with less than 3 years of the degree course still to run; for these officers the operative date is 1st September of the year following graduation.

33. Thereafter, officers are not normally allowed to withdraw until they have given a period of effective service of 5 years from the date of their first appointment after satisfactory completion of training. This rule is waived only in exceptional circumstances (e.g. compassionate cases).

PART 3

EDUCATIONAL REQUIREMENTS

34. A confirmed award of a Standard Cadetship is dependent on a candidate obtaining a place for, or being currently on, a degree course as a full time internal student at a University, Polytechnic or College of Technology in the United Kingdom, acceptable to the Ministry of Defence, Deferred, January and May Entry Cadetships will only be confirmed where a definite offer of a degree course place has been obtained. Candidates obtaining, or already on, a sandwich degree course at a United Kingdom Polytechnic or University may also be considered for the award of a University Cadetship and may apply in anticipation of obtaining a place on such a course.

35. There is no restriction on the subject of the degree course that may be undertaken by candidates for the Seaman and Supply and Secretariat specialisations. Candidates for the Engineering specialisation must, however, be undertaking or intending to undertake, a course of study leading to a degree in Mechanical Engineering, Electrical Engineering or in a closely related scientific or engineering subject.

36. For all candidates, General Certificate of Education or equivalent qualifications must include at least "O" level passes or equivalent S.C.E. Ordinary Grade passes at Grade C or above, in English Language, Mathematics and Physics (or Physics with Chemistry, General Science or other approved Science subjects including Physics). For the Supply and Secretariat specialisation, however, the Ministry of Defence may exercise discretion in favour of a candidate possessing no qualification in Physics or acceptable alternative, provided that both of the following conditions are satisfied:—

- there is good reason to expect that, with additional training the candidate will be able to attain at least "O" level standard in Physics;
- The Admiralty Interview Board recommends the candidate as worthy of special consideration.

37. Courses of study are not to be changed without the prior approval of the Captain, Britannia Royal Naval College, Dartmouth. Students wishing or required to do so should seek approval without delay.

38. If any doubt exists concerning educational qualification for a University Cadetship, Naval Personnel Division 1, Old Admiralty Building, Whitehall, London SW1A 2BE should be consulted.

PART 4

MEDICAL STANDARDS

39. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection, if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world, throughout his period of service.

40. An International Vaccination Certificate which has been countersigned by the local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years against Smallpox.

41. The following is a list of defects which may cause rejection:—

- (a) Poor Physique imperfect development or skeletal deformity, either hereditary or acquired.
 - (1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting;
 - (2) abnormal spinal conditions, abnormal locomotion, amputations;
 - (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet;
 - (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) Obesity. Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored.
- (c) Skin Disease. Unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) Psychiatric Disorders. Or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
- (e) Disorders of the Central Nervous System. Organic disease of the C.N.S.; Epilepsy; migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.
- (f) Deformity of any chronic disease of eyes or eyelids.
- (g) Diseases of the Ear, Nose and Throat.
 - (1) Perforations—an unhealed perforation is a bar to entry.
 - (2) Mastoid Operation. A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - (4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
 - (5) Tonsillitis. Apparent enlargement of the tonsils is not a cause for rejection.
 - (6) Sinusitis. Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.
- (h) Disease of the Chest. Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.
 - (1) Asthma. Where this forms, or is likely to form a serious impediment to the efficient performance of duty.
- (i) Cardio-vascular. Functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or arterial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director General (Naval).
- (j) Rheumatic Fever. An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—

- (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence; or
- (2) there has been 10 years' freedom from recurrence, no prophylaxis having been given.
- (k) Disease of the liver, spleen, stomach or bowels.
 - (1) Peptic Ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; Haemorrhoids.
- (l) Genito-Urinary Conditions.
 - (1) Congenital, active or latent syphilis. Gonorrhoea.
 - (2) Albuminuria, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
 - (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
 - (4) Stricture of the urethra.
 - (5) Incontinence of urine.
 - (6) Enuresis, if this is within the last 2 years.
 - (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
 - (8) Serious defect or malformation of the genital organs.
 - (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
- (10) Diseases and malformations of the kidneys.
- (11) Urolithiasis.
- (m) Allergic Diseases. Where these form, or are likely to form a serious impediment to the efficient performance of duty.
 - (1) Hay fever. Mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (n) Metabolic Conditions. Diseases of the thyroid gland, hyperthyroidism, myxoedema.

- (a) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- (b) Anisometropia with the following limits will be acceptable in the Seaman Specialisation. Better eye 6/6 N5 without lenses and a manifest hypermetropia of not less than +0.75 sphere and not more than +1.50 sphere; worse eye 6/60 N5 without lenses correcting to 6/6 with lenses.
- (c) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.
- (d) Spectacles. There is in general no restriction to the wearing of lenses to increase visual efficiency provided that the standards are met. In certain circumstances they are incompatible with adequate job performance (e.g. Aircrew) and are therefore not permitted in these situations.

PART 5

TRAINING, PROMOTION AND CAREER PROSPECTS

This information is for guidance only and does not form part of the entry regulations. From time to time changes may be made in the conditions of service.

TRAINING

STANDARD CADETSHIPS

46. Whilst at University, Standard University Cadets carry out the following training:—

- (a) **FIRST CADETSHIP YEAR.** Where possible University Cadets join the Britannia Royal Naval College, Dartmouth, before the beginning of the Autumn Term at University for up to 14 days' introductory training. During the Easter vacation all Cadets spend a week at the College. During the Summer vacation all University Cadets spend 3 weeks on a training course in the Dartmouth Training Ship; in

addition, Engineering specialists will carry out 3 weeks' workshop training at the Royal Naval Engineering College, Manadon.

- (b) **SECOND AND SUBSEQUENT CADETSHIP YEARS.** During the Summer vacation Seaman and Supply and Secretariat University Cadets spend 4 weeks training in the Fleet. Engineering specialists carry out 6 weeks' workshop training at the Royal Naval Engineering College, Manadon.

47. On completion of their Degree Course University Cadets undergo a short course of professional training at the Britannia Royal Naval College, Dartmouth. The length of this training depends on progress in training completed during University vacations. Those officers who are required to spend a longer period on this training do not suffer loss in seniority. Engineering officers also do 3 weeks' workshop training at the Royal Naval Engineering College, Manadon. Thereafter all officers join the Fleet for approximately 8 months' sea training, at the end of which they are required to pass a Fleet Board examination. Seaman and Supply and Secretariat officers then normally proceed to professional and other courses appropriate to their specialisations, but those Seaman officers who have taken a non-scientific degree, or otherwise, have insufficient scientific background first undergo a short period of academic studies at the Britannia Royal Naval College, Dartmouth. Engineering Officers proceed from their Fleet Boards to naval engineering Application Courses.

48. Those officers who opt to attend Royal Naval Engineering College, Manadon, rather than a civilian University will follow the training pattern described in CR2 for the Naval College Entry.

DEFERRED UNIVERSITY CADETSHIPS

49. These University Cadets join the Britannia Royal Naval College, Dartmouth, at the beginning of the Autumn Term in September and spend a full year in training before going up to University. They undertake approximately 2 terms of General Naval Training: the first term is spent at the Britannia Royal Naval College, followed by 9 weeks in the Dartmouth Training Ship. They then return to the College for examination. If they fail this examination, or during their initial training do not display the qualities required of a naval officer they may be withdrawn from training. Although this will not affect their University place, their University Cadetship will be terminated.

50. On successful completion of this training, University Cadets will go to sea for between 5 and 6 months with the Fleet in order to work towards their Fleet Board. If they have made sufficient progress in training they may exceptionally be allowed to sit the Fleet Board examination before going up to University. Officers who fail, or do not sit, their Fleet Board are not, however, regarded as having failed a stage of training and suffer no penalty as a result.

51. During their time at University, Deferred University Cadets undertake Summer vacation training as laid out in paragraph 46(b) above. After graduation officers return to the Britannia Royal Naval College, Dartmouth, for a short refresher course and then proceed to sea to pass their Fleet Board if they have not already done so.

JANUARY ENTRY UNIVERSITY CADETSHIPS

52. These University Cadets join the Britannia Royal Naval College, Dartmouth, at the start of the Spring Term and undertake approximately 2 terms of General Naval Training before going up to University in the autumn. One full term is spent at the Britannia Royal Naval College and 9 weeks in the Dartmouth Training Ship, after which they return to the College for an examination. If they fail this examination or during their initial training do not

display the qualities required of a naval officer they may be withdrawn from training. Although this will not affect their University place their University Cadetship will be terminated.

53. On successful completion of this training, January Entry University Cadets proceed to University. During their time at University they will undertake Summer vacation training as laid out in paragraph 46(b) above. After graduation, officers return to the Britannia Royal Naval College, Dartmouth, for a short refresher course and then go to sea to pass their Fleet Board.

MAY ENTRY UNIVERSITY CADETSHIPS

54. These University Cadets join the Britannia Royal Naval College, Dartmouth, at the beginning of the Summer term for one term of General Naval Training at the College and in the Dartmouth Training Ship before going up to University in the autumn. They are not required to sit an examination, but may be withdrawn from training if they fail to display the qualities required of a naval officer. During their time at University and after graduation they will undertake training as laid out in paragraph 46(b) and 47 above.

PROMOTION

55. Standard, Deferred, January and May Entry University Cadets who undertake a 3 year degree course follow a similar promotion pattern. They serve for 2 years as a Midshipman (U.C.E.), for one year as a Sub-Lieutenant (U.C.E.) and for 2 years as a Sub-Lieutenant. Deferred Entry University Cadets are therefore designated Sub-Lieutenant, receiving the higher rate of pay, at the start of their 3rd year at University. Similarly, January and May Entry University Cadets become Sub-Lieutenant on 1st January or 1st May respectively during their 3rd year at University.

56. The ranks of Sub-Lieutenant (U.C.E.) and Sub-Lieutenant may be held in the Acting or Confirmed capacity according to whether an officer has passed his Fleet Board.

57. Promotion to Lieutenant will normally follow 5 years from the date of seniority on entry (i.e. from 1st January, 1st May or 1st September as appropriate).

58. Those officers who take more than 3 years to graduate will normally serve correspondingly longer in the rank of Sub-Lieutenant (U.C.E.) and their subsequent promotion will be delayed by similar periods.

59. Those who are awarded Standard University Cadetships when they are already at University have their rank on entry assessed as though they had entered at the start of the course (e.g. a student who enters as a University Cadet at the start of the third year of his degree course will do so as an Acting Sub-Lieutenant (U.C.E.).

LENGTH OF CAREER

Full Career Commission Officers retire on reaching the following age:—

Lieutenant-Commander	..	..	50
Commander	..	..	53
Captain	..	..	55

Officers may apply to retire voluntarily at any time before reaching the age of compulsory retirement. Applications are normally subject to a one year waiting period, or longer in cases where an officer has recently been given further training of some months or more duration, and are considered by the Ministry of Defence in the light of the requirements of the Service. Special consideration is, however, given to applications made on compassionate grounds (see also Part 2 paragraph 33 about periods of minimum service).

ROYAL NAVY—SEAMAN AND SUPPLY AND SECRETARIAT SPECIALISATIONS—FULL AND SHORT CAREER COMMISSIONS FOR GRADUATES

INTRODUCTION

1. There are two types of commission open to the Graduate who has obtained a U.K. degree (or the equivalent) and wishes to join the Royal Navy in the Seaman or Supply and Secretariat specialisations. The first is a Full Career Commission; the second is a Short Career Commission which involves an initial commitment of 4 years' service, followed by a period of 4 years on the Emergency List (whereby officers will be required to return to the Navy in time of war or other national emergency). Officers entered on a Short Career Commission have the right, after satisfactory completion of their Fleet Training, to transfer to a Full Career Commission. The number of Short Career Commission vacancies is, however, quite small.

2. To be considered for entry to either type of commission candidates must successfully undergo the selection procedure, meet certain medical standards and hold, or be in the process of obtaining the necessary educational qualifications. Successful candidates enter the Britannia Royal Naval College, Dartmouth, in September and (for Seaman only) January.

3. These entry regulations, which are common to both types of commission, are detailed as follows:—

Part 1 Method of Selection and Acceptance for entry

Part 2 General Conditions of Entry

Part 3 Educational Requirements

Part 4 Medical Standards.

Part 5 gives information about Training, Promotion, and Career Prospects, but does not form part of the regulations.

PART 1

METHOD OF SELECTION AND ACCEPTANCE FOR ENTRY

APPLICATIONS

4. The application form should be completed and returned, together with birth and educational certificates, to the Ministry of Defence, Naval Personnel Division 1 (Graduates), Old Admiralty Building, Whitehall, London SW1A 2BE. Applications may be made at any time up to one year before the desired date of entry and should be submitted at the latest by 15th June.

INTERVIEW

5. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the presidency of a Flag Officer (or a Captain R.N.) assisted by other naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the result of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 2 days.

6. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for a commission in the Royal

Navy. Those who are recommended should not, however, assume that their entry is guaranteed because the final selection is made in the Ministry of Defence.

7. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of 12 months.

MEDICAL EXAMINATION

8. Candidates who are recommended for entry by the Admiralty Interview Board are generally called about a week later for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances every effort is made to arrange the medical examination on the day following their interview.

9. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). Accommodation, meals and travelling expenses incurred attending an Appeal Board are not refunded.

TRAVELLING AND OTHER EXPENSES

10. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's College or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

11. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (on a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

12. Notification of provisional acceptance for entry is given as soon as possible after appearance at the Admiralty Interview Board. Final acceptance depends upon the candidates satisfying the educational requirements and medical standards given in Parts 3 and 4 below. In cases where the number of vacancies is small, as in the Short Career Commission entry, final acceptance may have to be delayed until all candidates have been interviewed and their positions in an order of merit at interview are known.

13. Successful candidates join the Britannia Royal Naval College, Dartmouth in September and (for Seaman entrants only) in January.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

14. Candidates must be under 25 years of age on the first day of the month in which they enter the Royal Navy.

15. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate), giving exact date of his birth.

NATIONALITY

16. To be eligible candidates must:—

- at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Entry application forms from such applicants should be accompanied by the following documents:—

- naturalisation certificate or evidence of naturalisation;
- parents' birth and marriage certificates;
- candidate's and parents' passports.

17. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British passport). Application for British nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

18. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

19. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if the officer:—

- fails to reach a satisfactory standard during his training; or
- his conduct is unsatisfactory; or
- he does not display the qualities required of a naval officer.

20. Officers to whom a Naval career ceases to appeal are normally allowed to withdraw from training subject to the requirements of paragraphs 22 and 23 below, at any time up to one calendar year from the day of entry. Thereafter, officers are not normally allowed to withdraw until they have given a period of effective service of 2½ years from the date of their first appointment after satisfactory completion of training (i.e. for full career officers, some 4½ years after entry; and for short career officers, some 3 years 9 months after entry). This rule is waived only in exceptional circumstances (e.g. compassionate cases).

UNIFORM

21. Short Career and Full Career Commission Graduate entrants are provided with their initial uniform outfits free, either in kind or by cash grant. For the subsequent upkeep of their uniform they receive an allowance while under training and Income Tax Relief thereafter.

22. It is a condition of entry that an officer whose appointment is terminated compulsorily will be required to return his principal items of free issue uniform, charges being raised against the officer (or if he is under 18 years, against his parent or guardian) for any specific article not returned.

23. In addition, if an officer withdraws voluntarily, he is required, at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash grants issued to him on the following scale:—

Grants paid and issues made less than one year prior to date of resignation	in full
Grants paid and issues made more than one year but less than 2 years before date of resignation	two-thirds
Grants paid and issues made more than 2 years but less than 3 years before date of resignation	one-third
Grants paid and issues made more than 3 years before date of resignation	nil

24. The amount of refund is reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

TRANSFER FROM SHORT CAREER TO FULL CAREER COMMISSION

25. At any time after successful completion of Fleet Training (i.e. on passing their Fleet Board Examination some 16 months after entry) Short Career Commission Graduate entrants have the right to transfer to a Full Career Commission.

PART 3

EDUCATIONAL REQUIREMENTS

26. Candidates should possess a United Kingdom degree, or equivalent acceptable to the Ministry of Defence, as well as G.C.E. "O" level passes (or equivalents) in English Language, Mathematics and Physics (or Physics with Chemistry, or Additional General Science).

27. Exceptionally, if vacancies exist in the Supply and Secretariat specialisation, the Ministry of Defence may exercise discretion in favour of a candidate possessing no qualification in Physics or an acceptable equivalent, provided that both the following conditions are satisfied:—

- There is a good reason to expect that, with additional training, the candidate would be able to attain at least "O" level standard in Physics; and
- The Admiralty Interview Board recommends the candidate as worthy of special consideration.

PART 4

MEDICAL STANDARDS

28. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection, if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world, throughout his period of service.

29. An International Vaccination Certificate which has been countersigned by the Local Medical Officer of Health, must be obtained before entry, showing the candidate has been vaccinated or re-vaccinated against smallpox within the last 3 years.

30. The following is a list of defects which may cause rejection:—

- Poor Physique, imperfect development or skeletal deformity either hereditary or acquired.
 - asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting.

(2) abnormal spinal conditions, abnormal locomotion, amputations.

(3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet.

(4) malformation of the head. Deformity from fracture or depression of the bones of the skull.

(b) Obesity. Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored.

(c) Skin Disease. Unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.

(d) Psychiatric Disorders, or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.

(e) Disorders of the Central Nervous System. Organic disease of the C.N.S.; Epilepsy; Migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.

(f) Deformity of any chronic disease of eyes or eyelids.

(g) Diseases of the Ear, Nose and Throat.

(1) Perforations—an unhealed perforation is a bar to entry.

(2) Mastoid Operation. A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.

(3) Disease of the bones or cartilage of the nose and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.

(4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.

(5) Tonsillitis, apparent enlargement of the tonsils is not a cause for rejection.

(6) Sinusitis, repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.

(h) Diseases of the Chest. Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.

(1) Asthma, where this forms, or is likely to form a serious impediment to the efficient performance of duty.

(i) Cardio-vascular, functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by Medical Director-General (Naval).

(j) Rheumatic Fever. An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—

(1) there has been anti-streptococcal anti-biotic prophylaxis for a period of 5 years without recurrence; or

(2) there has been ten years' freedom from recurrence, no prophylaxis having been given.

(k) Disease of the liver, spleen, stomach or bowels.

(1) Peptic Ulcer.

- (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
- (3) Fistul or fissure of anus; Haemorrhoids.
- (f) Genito-Urinary Conditions:—
- (1) Congenital, active or latent syphilis. Gonorrhoea.
- (2) Albuminuria, unless three consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
- (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
- (4) Stricture of the urethra.
- (5) Incontinence of urine.
- (6) Enuresis, if this is within the last 2 years.
- (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
- (8) Serious defect or malformation of the genital organs.
- (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
- (10) Diseases and malformations of the kidneys.
- (11) Urolithiasis.
- (m) Allergic Diseases, where these form, or are likely to form, a serious impediment to the efficient performance of duty.
- (1) Hay fever, mild attacks which would not effect the efficient performance of duty may be ignored. Severe hay fever is likely to be bar to entry, the severity being judged by the need for prolonged medication.
- (n) Metabolic Conditions, diseases of the thyroid gland, hyperthyroidism, myxoedema.
- (o) Candidates must be at least 5 feet 3 inches in height.

34. OTHER QUALIFICATIONS

- (a) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- (b) Anisometropia within the following limits will be acceptable in the Seaman Specialisation. Better eye 6/6 N5 without lenses and a manifest hypermetropia of not less than +0.75 sphere and not more than +1.50 sphere; worse eye 6/60 N5 without lenses correcting to 6/6 with lenses.
- (c) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.
- (d) Spectacles. There is in general no restriction to the wearing of lenses to increase visual efficiency provided that the standards are met. In certain circumstances they are incompatible with adequate job performance (Aircrew, Royal Marines' Officers in the field) and are therefore not permitted in these situations.

PART 5

TRAINING, PROMOTION AND CAREER PROSPECTS

This information is for guidance only and does not form part of the entry regulations. From time to time changes may be made in the conditions of service.

FULL CAREER COMMISSION TRAINING

35. Graduates join the Britannia Royal Naval College, Dartmouth, in September or (for Seaman entrants only) January. They undertake one full term of general naval training at the College and spend 9 weeks in the Dartmouth Training Ship. They then go to sea for training with the Fleet for 12 months, at the end of which they take their Fleet Board examination.

36. After passing their Fleet Board, Seaman officers undertake Operations and Weapons courses; they are then appointed to sea, and in this first appointment work for their Bridge, Watchkeeping and Ocean Navigating Certificate. Those Seaman officers who have taken a non-scientific degree, or otherwise have insufficient scientific background to benefit immediately from Operations and Weapons courses are required to spend up to a term on academic science studies at Dartmouth before starting these courses.

37. After passing their Fleet Board, Supply and Secretariat officers proceed to their Supply and Secretariat professional and Operations and Weapons courses before being appointed to sea in complement billets.

PROMOTION

38. Full Career Commission Graduates enter in the rank of Acting Sub-Lieutenant, with one year's seniority. They are confirmed in the rank of Sub-Lieutenant after successful completion of Fleet Training, and provided they maintain satisfactory progress in training, are promoted to Lieutenant 2 years after entry. Seniority in the rank of Lieutenant is determined by the application of up to 12 months antedate gained in respect of results in training. After promotion to Lieutenant, Graduates are subject to the same regulations as all Full Career Commission officers. They are promoted to Lieutenant-Commander on attaining 8 years' seniority as a Lieutenant

and promotion to Commander is by selection in competition with other Full Career Commission Officers.

LENGTH OF CAREER

39. Full Career Commission Officers retire on reaching the following ages:—

Lieutenant-Commander	..	..	50
Commander	..	..	53
Captain	..	..	55

40. Officers may apply to retire voluntarily at any time before reaching the age of compulsory retirement. Applications are normally subject to a waiting period of a year, or longer in cases where an officer has recently been given further training of some months or more duration, and are considered by the Ministry of Defence in the light of the requirements of the Service. Special consideration is given, however, to applications made on compassionate grounds (see also Part 2, paragraph 20 about periods of minimum service).

ROYAL NAVY—ENGINEERING (MECHANICAL AND ELECTRICAL) SPECIALISATION GRADUATES AND QUALIFIED ENGINEERS—FULL AND SHORT CAREER COMMISSIONS

INTRODUCTION

1. There are 4 methods of entry to the Engineering specialisation of the Royal Navy open to male graduates and those holding certain other engineering qualifications. A candidate's eligibility for each of the types of commission depends upon his age, qualifications and length of time for which he wishes to serve.

2. Young engineering graduates who are interested in making the Royal Navy their career have 2 types of commission open to them. The first is a pensionable Full Career Commission. The second is a Short Career Commission lasting initially for 4 years, but with the right to transfer to a Full Career Commission at any time after successful completion of the first year of service; officers who leave at the end of 4 years receive a gratuity and are then placed on the Emergency List for 4 years (i.e. liable for service in time of war or other national emergency).

3. Qualified Engineers, and graduates who are over the age limit for Full Career Commission or Short Career Commission (4 year) entry, also have 2 types of commission open to them if under the age of 32. The first is a pensionable Short Career Commission lasting 16 years (or to age 38 if later), after which officers are placed on the Retired List. The second is a Short Career Commission of 5 years at the end of which officers receive a gratuity, and are placed on the Emergency List for 4 years. Officers entered for a 5 year Commission may be allowed to extend their service to 10 years or to transfer to a 16 year Commission, and all officers have the chance of being selected for transfer to a Full Career Commission.

4. To be considered for entry to any of these 4 types of commission, candidates must successfully undertake the selection procedure, meet certain medical standards and hold, or be in the process of obtaining, the necessary educational or professional qualifications. Successful Full Career Commission candidates enter the Britannia Royal Naval College, Dartmouth, in September; successful Short Career Commission candidates enter in May and September.

5. Engineer Officers in the Royal Navy sub-specialise in the following:—

- Marine Engineering (M.E.)
- Weapon and Electrical Engineering (W.E.)
- Marine Engineering (Submarines) (M.E.S.M.)
- Weapon and Electrical Engineering (Submarines) (W.E.S.M.)

Air Engineering (Mechanical) (A.E.(M.))

Air Engineering (Electrical) (A.E.(L.))

Candidates may state their preference for a sub-specialisation on their Application Forms, but no guarantee can be given that they will be allocated to the one of their choice. Eligibility for a specialisation depends upon a candidate's qualifications, the type of commission he opts for, and the number of vacancies in his particular entry. As a general rule, Full Career Commission officers and Short Career Commission (16 year) officers may enter any of the sub-specialisations for which they are qualified and vacancies exist. Short Career Commission (4 year) officers are restricted initially to M.E. or W.E. until they decide to transfer to a Full Career Commission, when they, too, become eligible for all sub-specialisations. Short Career Commission (5 year) officers are eligible for W.E., M.E., A.E.(M.) and A.E.(L.).

6. The number of vacancies in each sub-specialisation varies from year to year, and sometimes there are no vacancies for Short Career Commission officers in certain sub-specialisations. Where there are no vacancies in any sub-specialisation appropriate to a candidate's qualifications and type of commission, he may be invited to state whether he wishes to alter his choice of commission or have his application held over until a vacancy arises in any suitable sub-specialisation.

7. The regulations governing entry are detailed as follows:—

- Part 1: Method of Selection and Acceptance for Entry.
- Part 2: General Conditions of Entry.
- Part 3: Academic or Professional Qualification Requirements.
- Part 4: Medical Standards.

Part 5 gives information about Training, Promotion and Career Prospects, but does not form part of the regulations.

PART 1

METHOD OF SELECTION AND ACCEPTANCE FOR ENTRY

APPLICATIONS

8. The application form should be completed and returned, together with birth and educational certificates, to the Ministry of Defence, Naval Personnel Division 1, Old Admiralty Building, Whitehall,

London SW1A 2BE. Applications should be forwarded by the end of February for entry in May, and by 15th June for entry in September; late applications will be accepted if possible. Any candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address.

INTERVIEW

9. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the presidency of a Flag Officer (or a Captain R.N.) assisted by other naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports where appropriate, and the result of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 2 days.

10. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of 12 months.

MEDICAL EXAMINATION

11. Candidates who are recommended for entry by the Admiralty Interview Board are generally called about 2 weeks later for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances every effort is made to arrange the medical examination on the day following their interview.

12. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). Accommodation, meals and travelling expenses incurred attending an Appeal Board are not refunded.

TRAVELLING AND OTHER EXPENSES

13. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's college or normal place of residence in United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

14. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

15. Candidates are normally told by the Admiralty Interview Board shortly after their interview whether they have been recommended for a commission in the Royal Navy. Those who are recommended should not, however, assume that their entry is guaranteed because the final selection is made in the Ministry of Defence, where those who satisfy the medical standards given in Part 4 below are assessed against the background of their position in the Admiralty Interview Board Order of Merit and their qualifications or relevant professional experience for the vacancies which exist. In cases where the number of vacancies is small, the final selection may have to be delayed until all candidates have been interviewed.

16. Successful Full Career Commission candidates join the Britannia Royal Naval College, Dartmouth, in September. Successful Short Career Commission candidates join in May and September.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

17. Candidates for a Full Career Commission or a Short Career Commission (4 years) must be under 26 years of age on:—

1st September for entry in that month.

1st April for entry the following May.

Candidates for a Short Career Commission (5 years or 16 years) must be under 32 years of age on:—

1st September for entry that month.

1st April for entry the following May.

18. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate) giving exact date of birth.

NATIONALITY

19. To be eligible candidates must

- (a) at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Applications for entry from such applicants should be accompanied by the following documents:

- (a) naturalisation certificate or evidence of naturalisation;
- (b) parents' birth and marriage certificates;
- (c) candidate's and parents' passports.

20. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British Passport). Application for British nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

21. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

22. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if an officer

- (a) fails to reach a satisfactory standard during his studies or in training; or
- (b) his conduct is unsatisfactory; or
- (c) he does not display the qualities required of a naval officer.

23. Full Career and Short Career Commission officers to whom a naval career ceases to appeal are normally allowed to withdraw from training, subject to the conditions in paragraphs 25 and 26 below, at

any time up to one calendar year from the day of entry. Thereafter, officers serving on a Full Career Commission or a Short Career Commission are not normally allowed to withdraw until they have given a period of effective service of 2½ years from the date of their first appointment after satisfactory completion of training (i.e. for Full Career officers, some 4½ years, and for Short Career officers some 3½ years, after entry). This rule is only waived in exceptional circumstances (e.g. compassionate cases).

UNIFORM

24. Graduate and Qualified Engineer Entrants are provided with their initial uniform outfits free, either in kind or by cash grant. For the subsequent upkeep of their uniform they receive a cash grant while under training and Income Tax Relief thereafter.

25. It is a condition of entry that an officer whose appointment is terminated compulsorily will be required to return his principal items of free issue uniform, charges being raised against the officer for any specific article not returned.

26. In addition, if an officer withdraws voluntarily, he is required, at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash grants issued to him on the following scale:—

Grants paid and issues made less than one year before date of resignation ..	in full
Grants paid and issues made more than one year but less than 2 years before date of resignation ..	two-thirds
Grants paid and issues made more than 2 years but less than 3 years before date of resignation ..	one-third
Grants paid and issues made more than 3 years before date of resignation ..	nil

27. The amount of refund is reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

TRANSFER FROM SHORT CAREER (4 YEAR) TO FULL CAREER COMMISSION

28. At any time after successful completion of one year's service Short Career Commission (4 year) officers have the right to transfer to a Full Career Commission.

PART 3

ACADEMIC OR PROFESSIONAL QUALIFICATION REQUIREMENTS

FULL CAREER AND SHORT CAREER (4 YEAR) COMMISSION

29. Candidates should possess a United Kingdom Degree in Mechanical or Electrical Engineering, or in a closely related subject, acceptable to the Ministry of Defence. Candidates who have not obtained their academic qualifications by the date of interview will be considered provisionally subject to confirmation of the qualifications at a later date. Candidates must also possess a G.C.E. "O" level pass, or equivalent, in English Language.

SHORT CAREER COMMISSION (5 AND 16 YEARS)

30. Candidates should possess a United Kingdom degree in Mechanical Engineering, or a closely related subject, acceptable to the Ministry of Defence. Alternatively, they may be Graduate Members of the Institution of Mechanical Engineers, Institution of Electronic and Radio Engineers, or Associate Members of the Institution of Electrical Engineers, or Graduate Members of the Royal Aeronautical Society, or they must hold educational qualifications which make them eligible for such membership. Candidates must also possess a G.C.E. "O" level pass, or equivalent, in English language.

Note:

(a) Applications cannot be accepted from anyone who was admitted to Associate Membership of the Institutions only as a result of changes in nomenclature, i.e. those without academic qualifications.

31. Candidates who hold Higher and Ordinary National Certificates are required to obtain and forward a supporting statement from the appropriate Institution that they are exempted from the examinations for Graduate or Associate Membership, as appropriate.

PART 4

MEDICAL STANDARDS

32. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world throughout his period of service.

33. An International Vaccination Certificate which has been counter-signed by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years against Smallpox.

34. The following is a list of defects which may cause rejection:—

(a) *Poor Physique* imperfect development or skeletal deformity either hereditary or acquired.

(1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting.

(2) abnormal spinal conditions, abnormal locomotion, amputations.

(3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet.

(4) malformation of the head. Deformity from fracture or depression of the bones of the skull.

(b) *Obesity*. Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored.

(c) *Skin Disease* unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.

(d) *Psychiatric Disorders* or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.

(e) *Disorders of the Central Nervous System* Organic disease of the C.N.S.; Epilepsy, Migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.

(f) *Deformity or any chronic disease of eyes or eyelids*

(g) *Disease of the Ear, Nose or Throat*

(1) *Perforations*—an unhealed perforation is a bar to entry.

(2) *Mastoid Operation*. A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.

(3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the naso-pharynx. Simple septal deviations or nasal deformities are not cause for rejection.

(4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.

- (5) *Tonsillitis* apparent enlargement of the tonsils is not a cause for rejection.
- (6) *Sinusitis* repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.
- (h) *Disease of the Chest.* Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.
- (i) *Asthma* where this forms, or is likely to form a serious impediment to the efficient performance of duty.
- (f) *Cardio-vascular* functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director-General (Naval).
- (j) *Rheumatic Fever.* An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—
- (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
 - (2) there has been ten years' freedom from recurrence, no prophylaxis having been given.
 - (3) the candidate is over age 25 and has been 3 years' free of recurrence.
- (k) *Disease of the liver, spleen or bowels*
- (1) Peptic Ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; Haemorrhoids.
- (l) *Genito-Urinary Conditions*
- (1) Congenital, active or latent syphilis. Gonorrhoea.
 - (2) Albuminuria, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
 - (3) Glycosuria, unless a satisfactory report of a sugar tolerance test is produced.
 - (4) Stricture of the urethra.
 - (5) Incontinence of urine.
 - (6) Enuresis, if this is within the last 2 years.
 - (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
 - (8) Serious defect or malformation of the genital organs.
 - (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
 - (10) Diseases and malformations of the kidneys.
 - (11) Urolithiasis.
- (m) *Allergic Diseases* where these form, or are likely to form a serious impediment to the efficient performance of duty.
- (1) *Hay fever* mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (n) *Metabolic Conditions* diseases of the thyroid gland, hyperthyroidism, myxoedema.

VISUAL STANDARDS

35. Distance and reading glasses are permitted at all times.

VISUAL ACUITY

Standard 2	Better Eye	Worse Eye
Visual acuity to be achieved with or without or correcting lenses	either 6/6 N5 or 6/9 N5 or 6/12 N5	6/24 N10 6/18 N10 6/12 N10
Refraction Limit		
Spectacle correction	±5.00 sphere or cyl	±5.00 sphere or cyl

COLOUR PERCEPTION—Standard 4

The correct recognition of colours used in relevant trade situations, and assessed by simple tests with coloured wires, resistors, stationery tabs, etc.

OTHER QUALIFICATIONS

- (a) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- (b) Binocular efficiency. Bifoveal fixation and perfect functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of heterophoria.

PART 5

TRAINING PROMOTION AND CAREER PROSPECTS

(This information is for guidance only and does not form part of the entry regulations. From time to time, changes may be made in the conditions of service.)

TRAINING

36. All Graduates and Qualified Engineers entering the Engineering specialisation undergo one term of General Naval Training at the Britannia Royal Naval College, Dartmouth. Thereafter, Full Career Commission officers spend about 9 weeks in the Dartmouth Training Ship followed by 8–12 months in the Fleet, at the end of which time they take their Fleet Board Examination. They are appointed to the Royal Naval Engineering College, Manadon for workshop and a Pre-Application course as required. This is followed by Application Courses of about one year's duration.

37. After their term of General Naval Training, Short Career Commission officers who enter in May proceed to the Fleet for some 4 months' training followed by Application Courses of about one year's duration. Workshop and/or Pre-Application training is given at the Royal Naval Engineering College, Manadon, prior to these courses where necessary. Short Career Commission officers entering in September proceed direct to the Royal Naval Engineering College from Dartmouth and spend some 4 months with the Fleet during their Application courses.

38. Failure to maintain satisfactory progress under training may result in discharge from the Royal Navy or backclassing.

PROMOTION—FULL CAREER COMMISSION

39. Officers enter in the rank of Acting Sub-Lieutenant with one year's seniority, and are confirmed in that rank on satisfactory completion of Fleet Training. Acting Sub-Lieutenant and Confirmed Sub-Lieutenant are not however regarded as two separate ranks with different pay rates. Promotion to Lieutenant takes place 2 years after entry. Seniority in that rank is determined by the application of antedates of up to 12 months gained in respect of

results during training. Additionally, up to 2½ years' seniority in the rank of Lieutenant may be awarded for previous professional experience subsequent to graduation which, in the opinion of the Ministry of Defence, would be beneficial to the Royal Navy.

40. After promotion to Lieutenant, officers are subject to the same regulations as all Full Career Commission officers. They are promoted to Lieutenant Commander on attaining 8 years' seniority as a Lieutenant, and promotion to Commander and above is then by selection in competition with other Full Career Commission officers of the Engineering specialisation.

PROMOTION—SHORT CAREER COMMISSION

41. Officers enter in the rank of Acting Sub-Lieutenant with one year's seniority, and are promoted to Lieutenant 2 years after entry. Additional seniority may be granted on entry by reference to pre-entry seniority credits of up to 7 years (of which not more than 2½ years may be gained before the age of 26) for previous professional experience which in the opinion of the Ministry of Defence would be beneficial to the Royal Navy. Should such pre-entry credits total 2 years or more, entry is in the rank of Lieutenant with appropriate seniority. Additionally officers may gain up to 8 months antedate of seniority in the rank of Lieutenant in respect of results during training.

42. Officers entering the rank of Acting Sub-Lieutenant are confirmed in that rank on satisfactory completion of Fleet Training, unless pre-entry seniority gains allow promotion to Lieutenant before such training has been completed. Acting Sub-Lieutenant and Confirmed Sub-Lieutenant are not however regarded as two separate ranks with different rates of pay.

43. After promotion to Lieutenant, officers on a Short Career Commission (16 years) are considered for promotion to Lieutenant-Commander while in the zone of 8-12 years' seniority as Lieutenant. Officers who extend their service to age 50 (see para 49 below) are considered for promotion to Commander while in the zone of 8-14 years' seniority as Lieutenant-Commander.

TRANSFER TO FULL CAREER COMMISSION

44. From Short Career Commission (4 years): officers have the right to transfer to a Full Career Commission at any time after satisfactory completion of the first year of Service.

45. From Short Career Commission (5 or 16 years): officers may apply at any time after completing 18 months' service in complement posts for transfer to a Full Career Commission. Such transfer is normally restricted to officers under the age of 29.

46. Officers transferring from a Short Career to a Full Career Commission have their seniority reassessed as though they entered originally on a Full Career Commission.

TRANSFER TO SHORT CAREER COMMISSION (16 YEARS)

47. From Short Career Commission (5 years): officers may apply at any time after completion of 18 months' service in a complement billet for transfer to a 16 year pensionable commission.

EXTENSION OF SHORT CAREER COMMISSION

48. At any time before the last 3 months of service, an officer on a Short Career Commission (5 years) may apply to extend his service by 5 years: the option is available (as in paragraph 47) to transfer to a 16 year commission during or on completion of this extension.

49. Suitable officers have the opportunity to extend their Short Career Commission (16 years) to age 50 with a prospect of promotion to Commander. Application may be made at any time after completion of 18 months' service in complement billets.

LENGTH OF CAREER

50. Full Career Commission Officers retire on reaching the following ages:—

Lieutenant-Commander	..	..	50
Commander	..	..	53
Captain	..	..	55

Officers may apply to retire voluntarily at any time before reaching the age of compulsory retirement. Applications are normally subject to a one year period, or longer in cases where an officer has recently been given further training of some months or more duration, and are considered by the Ministry of Defence in the light of the requirements of the Service. Special consideration is, however, given to applications made on compassionate grounds (see also Part 2 paragraph 23 about periods of minimum service).

SERVICE CANDIDATES FOR ENGINEERING DUTIES ON SHORT CAREER COMMISSIONS

RATING CANDIDATES

1. This scheme of entry is also open to ratings who hold or obtain the qualifications described above and are too old for entry under the U.Y. scheme. The procedure for dealing with applications from ratings will be similar to that laid down in this book for rating and R.M. candidates for Helicopter Aircrew commissions.

SPECIAL DUTIES LIST OFFICERS— TRANSFERS TO SHORT CAREER COMMISSIONS

2. Special Duties List Officers of the Engineering Sub-specialisations who hold or obtain professional qualifications which qualify them for entry to the Engineering Specialisation on Short Career Commissions may apply for transfer to this list.

CONDITIONS OF SERVICE

3. Officers who transfer have the choice of either a full term commission (to age 50), or a 16-year

pensionable commission, provided they are under 34 years of age at the time of transfer.

4. *Age Limit.* Applicants must be under 40 years of age on transfer.

5. *Rank on Transfer.* Seniority credits, applied on transfer, will be assessed as for direct entry Short Career officers. Commissioned service on the Special Duties List prior to transfer will count in full, up to the maximum of 7 years. Short Career officers with no credits serve for 18 months as Sub-Lieutenants. Thus a Sub-Lieutenant with 3 years' seniority on the Special Duties List and, for example, Graduate Membership of the Institute of Electrical Engineers, which carries three months' seniority, would transfer as a Lieutenant with one year nine months' seniority.

6. *Transfer from 16-year pensionable commission to a full-term Commission, and from a Short to a Full Career Commission: Promotions to Lieutenant-Commander and Commander; Extension of Service*

will all be in accordance with existing Short Career regulations.

7. *Training.* Depending on the experience and previous training of officers, transferring, some special courses may be arranged, generally of a P.C.T. nature.

8. *Applications and Selection Procedure.* Applications may be made at any time through Commanding Officers, enclosing certificates to support statements of professional qualifications. The Commanding Officer is to remark on the applicant's suitability for service on a Short Career Commission. Applicants will

not normally be required to appear before an Interview Board.

9. *Pay, etc.* If an officer would suffer a reduction in pay on transfer, he will be placed on a "mark-time" rate (i.e. his existing S.D. rate) for twelve months only. Subsequently, pay, allowances, retired pay and grant will be as for officers of equivalent rank and seniority on Short (and Full) Career Commissions.

10. *Uniform Grant.* Where a change of rank is made on transfer, the normal allowance for change of uniform will be paid.

REGULATIONS FOR FIRST APPOINTMENTS IN THE ROYAL MARINES—LONG SERVICE COMMISSIONS

INTRODUCTION

1. The Long Service First Appointments Scheme caters for young men who wish to make the Royal Marines their career. All candidates must be educationally qualified before entry but they may apply in anticipation of obtaining such qualifications.

2. The detailed entry regulations are as follows:—

- Part 1. Methods of Selection
- Part 2. General Conditions of Entry
- Part 3. Educational Qualifications Required
- Part 4. Physical Requirements.

There are also some short notes not forming part of the regulations, on Royal Marines training, promotion and career prospects.

PART I

METHODS OF SELECTION

APPLICATION

1. The application form should be completed and returned together with educational certificates to Ministry of Defence, Naval Personnel Division 1 (L.S.C.), Old Admiralty Building, Whitehall, London SW1A 2BE. In addition a Registrar's copy of the candidate's birth certificate should accompany the application, or if one cannot be obtained, other documentary evidence (which may be a statutory declaration before a magistrate) giving exact date of birth.

INTERVIEW

2. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the presidency of a Flag Officer (or a Captain R.N.) assisted by other naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the result of intelligence, aptitude and personality conducted during the selection procedure.

3. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for entry to the Royal Marines. Those who are recommended should not, however, assume that their entry to the Royal Marines is guaranteed because the final selection is made in the Ministry of Defence.

4. Successful candidates who are disqualified from entry owing to failure in their G.C.E. examinations, and who subsequently obtain the necessary number of passes, may, subject to the discretion of the Ministry of Defence, be accepted for entry without further interview.

5. Unsuccessful candidates may not appear before the Admiralty Interview Board for a further attempt until at least 12 months later. Those who continue to be unsuccessful or are over age to be considered again for a Long Service Commission, may apply for a Short Service Royal Marines Commission; they may not, however, attend for interview until 12 months have elapsed since their previous interview.

MEDICAL EXAMINATION

6. Candidates who reach a satisfactory standard at the Interview Board are generally called for a medical examination in London about a week later but for candidates who have to travel long distances, every effort is made to arrange the medical examination for the day following their interview at H.M.S. *Sultan*.

7. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civil Consultant to the Navy according to the nature of the disqualification(s). The nominal fee of one pound which must accompany an appeal, is refunded if the appeal is successful. Expenses incurred on travelling, meals and accommodation for attendances at Appeal Boards are not refundable.

TRAVELLING AND OTHER EXPENSES

8. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom will be refunded for the whole amount. Lodging and food are provided free of charge at H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

9. Candidates who have to travel long distances to reach the interview board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meals, bed and breakfast for each night necessarily spent away from home. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses on accommodation and meals can be refunded.

NOTIFICATION OF RESULT AND ENTRY DATE

10. Successful candidates will be informed as soon as possible—normally within 3 weeks of their interview. Entry to the Commando Training Centre, Lympstone is in September, and those who have a long wait between acceptance and joining are urged to continue their studies at school or elsewhere in the meantime; such study will materially assist them at Lympstone.

UNIVERSITY CADETSHIP SCHEME

11. First appointment candidates may also compete for the award of an R.M. University Cadetship. Such an award covers study for a full time degree at a University, Polytechnic or College in the United Kingdom; applications should be made as soon as possible in the year candidates expect to enter a University. The University Cadetship interview will also cover First Appointment Entry.

12. Successful University Cadetship candidates, instead of entering Lymington, are appointed as Probationary Second Lieutenant with a special rate of pay and an educational grant whilst undergoing their University studies, and are required to undergo service training, during some of their vacations.

13. For further details and application form write to Ministry of Defence, Naval Personnel Division 1 (University Cadetships), Old Admiralty Building, Whitehall, London SW1A 2BE.

CANDIDATURE FOR OTHER TYPES OF OFFICER ENTRY

14. Information about other methods of officer entry into the Royal Navy and Royal Marines may be obtained from the Ministry of Defence, Royal Naval Careers Service, Officer Entry, Old Admiralty Building, Whitehall, London SW1A 2BE.

15. Candidates who wish to be considered for more than one type of entry are required to state their order of preference. They will be called to attend the Interview Board appropriate to their first choice and will be considered for all entries at the same time.

PART 2

AGE LIMITS

1. Candidates must be 17 years 6 months or over but under 20 years 6 months on 1st September of the year of entry.

UNIFORM

5. Officers are given free issues of clothing and cash grants for purchasing uniform outfits and these allowances are sufficient to provide all the essential uniform required by officers while under training. If so requested the outfit grants may be paid to parents or guardians of officers under 18 years of age.

6. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer, or if under 18 his parents or guardians, for any specified article not returned.

7. Also if for any reason an officer is permitted to withdraw from training voluntarily he, or if he is under 18 his parent or guardian, will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to him after entry on the following scale:—

The amount of refund will be reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

PROBATIONARY PERIOD

8. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserve the right to terminate an appointment at any time if the officer:—

- fails to reach a satisfactory standard in training; or
- his conduct is unsatisfactory; or
- he does not display the qualities required of a Royal Marines officer.

9. Up to the date of completion of training (approximately 3 years 4 months after entry), officers to whom a career in the Royal Marines ceases to appeal will normally be allowed to withdraw from training, subject only to the requirements of paragraph 7 above.

10. After completion of training officers will not normally be allowed to retire until they have given a period of effective service of up to 5 years from the date of their completion of training.

2. Examination results received after the despatch of a candidate's application form should be forwarded to Ministry of Defence, Naval Personnel Division 1 (R.M./L.S.C.), Old Admiralty Building, Whitehall, London SW1A 2BE.

3. Other examination qualifications will be accepted if, in the opinion of the Ministry of Defence, they are equivalent to those specified or of a higher standard.

4. Passes at Grade 1 in the Certificate of Secondary Education will be accepted in lieu of Ordinary Level passes in the G.C.E. on a subject for subject basis.

5. If vacancies exist outstanding candidates who only have one "A" Level pass (or equivalent) in an acceptable subject may be considered for appointment.

6. If any doubt exists as to the acceptability of any subject or combination of subjects, Naval Personnel Division 1 (R.M./L.S.C.) should be consulted.

ACCEPTABLE SUBJECTS

Notes:—(1) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content only one of the overlapping subjects may count towards the qualifying standard. Examples of overlapping subjects are:—

- (i) Physics and Physics-with-Chemistry.
- (ii) Variants of History—e.g. European History and Economic History.
- (iii) General Classics and either Latin or Greek.
- (iv) "A" and "O" levels in the same form of Mathematics.
- (v) Variants of Religious Knowledge, Navigation, Seamanship, Economics, British Constitution.

(2) Modern or Experimental Syllabus—Passes at Ordinary and Advanced Levels in a G.C.E. examination of a recognised examining board and which are based on a modern or experimental syllabus are acceptable (e.g. The School Mathematics Project, Midlands Mathematical Experiment, St. Dunstan's Project, Mathematics for Education and Industry Project, Shropshire Experiment, Nuffield Project).

PART 4

MEDICAL STANDARDS

1. The following is a list of defects which may cause rejection:—

- (a) *Poor Physique* imperfect development or skeletal deformity either hereditary or acquired.
 - (1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting.
 - (2) abnormal spinal conditions, abnormal locomotion, amputations.
 - (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet.
 - (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) *Obesity* Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored.
- (c) *Skin Disease* unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) *Psychiatric Disorders* or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
- (e) *Disorders of the Central Nervous System* Organic disease of the C.N.S.; Epilepsy; Migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.
- (f) *Deformity or any chronic disease of eyes or eyelids.*
- (g) *Diseases of the Ear, Nose and Throat*
 - (1) *Perforations*—an unhealed perforation is a bar to entry.
 - (2) *Mastoid Operation* A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - (4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
 - (5) *Tonsillitis* apparent enlargement of the tonsils is not a cause for rejection.
 - (6) *Sinusitis* Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.
- (h) *Diseases of the Chest* Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.
 - (1) *Asthma* where this forms, or is likely to form a serious impediment to the efficient performance of duty.
 - (i) *Cardio-vascular functional or organic disease* of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus, arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by Medical Director General (Naval).
 - (j) *Rheumatic Fever* An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—
 - (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or

- (2) there has been ten years' freedom from recurrence, no prophylaxis having been given, or
- (3) the candidate is over 25 years and has been three years free of recurrence.
- (k) *Disease of the liver, spleen, stomach or bowels*
- (1) Peptic Ulcer.
- (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
- (3) Fistula or fissure of anus; Haemorrhoids.
- (m) *Genito-Urinary Conditions*
- (1) Congenital, active or latent syphilis, Gonorrhoea.
- (2) Albuminuria, unless three consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
- (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
- (4) Stricture of the urethra.
- (5) Incontinence of urine.
- (6) Enuresis, if this is within the last 2 years.
- (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
- (8) Serious defect or malformation of the genital organs.
- (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
- (10) Diseases and malformations of the kidneys.
- (11) Urolithiasis.
- (n) *Allergic Diseases* where these form, or are likely to form, a serious impediment to the efficient performance of duty.
- (1) *Hay fever* mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (o) *Metabolic Conditions* diseases of the thyroid gland, hyperthyroidism, myxoedema.

VISUAL STANDARDS

The wearing of spectacles in the field is incompatible with efficient job performance and is not permitted. At other times they can be worn if they improve visual efficiency.

- | (a) Visual Acuity (V.A.)—Standard 1 | Better Eye | Worse Eye |
|--|---------------------|---------------------|
| Visual Acuity to be achieved without correcting lenses | 6/9 N5 | 6/12 N5 |
| Refraction Limit | | |
| Total hypermetropia .. | +2.50 sphere | +3.50 sphere |
| Astigmatism .. | +0.75 cyl | +1.00 cyl |
| Myopia .. | -0.25 sphere or cyl | -0.75 sphere or cyl |
- (b) Colour Perception (C.P.)—Standard 3. The correct recognition of coloured lights shown through the large paired apertures on the Martin Lantern at 6 metres (20 feet) distance.
- (c) Other qualifications.

- (1) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- (2) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.

DENTAL STANDARDS

Candidates should have no marked oral deformity and teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied before entry. The wearing of artificial dentures, provided they are well fitted, will not disqualify a candidate who is fit and suitable in every other respect.

TRAINING, PROMOTION AND CAREER PROSPECTS: NOTES

COURSES OF INSTRUCTION AND TRAINING

1. The Programme of Training of Second Lieutenants is carried out in 4 phases. Phase I consists of 12 months' basic infantry, commando, amphibious and naval training and is mainly carried out at the Commando Training Centre, Royal Marines, Lympstone, Devon. Phase II, of approximately a year's duration, is spent in serving in an operational commando at home or overseas. Phase III consists of 12 months' academic training at Britannia Royal Naval College, Dartmouth. Phase IV consists of approximately 3 months' confirmatory training in the United Kingdom including courses at the Joint Warfare Establishment and Commando Training Centre, Royal Marines. The Amphibious Training Unit, Royal Marines and the Royal Marines Barracks, Eastney. Physical and Recreational Training, Equitation and Initiative Training are included in certain courses carried out at Royal Marine units.

2. Marks are allotted at the end of most courses on the results of examinations, and also for general qualities, powers of leadership and application.

UNIVERSITY NOMINATIONS

3. One or two young officers will be selected each year to be sent to university to study for a degree. Selection will normally take place on completion of military training and will depend upon an officer's academic merits, on his being able to satisfy the university entry requirements and acceptance by a college, and on his general conduct and progress during training. Officers will go to university after one tour in a Royal Marines Commando.

SCOPE OF DUTIES

4. The scope of duties of Royal Marines Officers according to rank includes:—

Ashore

- (a) Regimental duties in a Commando.
- (b) Specialisation in Weapon Training, Signalling, Landing Craft, Assault Engineering, Physical Training, Motor Transport, Reconnaissance Leading, Heavy Weapons or as Swimmer Canoeist.
- (c) Instructional duties.
- (d) Staff Appointments.
- Afloat
- (e) Detachment duties, including military landing parties.
- (f) Watchkeeping at sea.
- (g) Staff appointments to Commanders-in-Chief, etc.
- (h) Service with the Assault Squadrons of the Amphibious Force.

5. Qualified Officers are eligible for employment on the Ministry of Defence Staff and for appointments on extra-regimental duties.

6. Suitable Officers are selected for employment as Pilots of Troop Carrying Assault Helicopters and Unit Light Aircraft.

PROMOTION

7. Officers are granted the acting rank of Lieutenant after 2 years and 4 months from date of entry. On satisfactory completion of all courses, officers are posted to a Commando unit or embarked as subalterns of R.M. detachments afloat. Confirmation in the rank of Lieutenant takes place after 3 years and 6 months from date of entry (seniority being adjusted according to marks obtained during training).

9. Lieutenants are normally promoted to Captain on attaining 8 years' seniority as Lieutenant.

10. Promotion to Major and higher ranks up to General is by selection, and is subject to passing the prescribed examinations.

RETIREMENT

11. Long Service officers are compulsorily retired on reaching the following ages:—

Captain	50
Major	50
Lieutenant-Colonel	51

Officers may apply to retire voluntarily at any time before reaching the age of compulsory retirement. All applications will be considered by the Ministry of Defence in the light of the requirements of the Service and are normally subject to a 1 year waiting period. This period may be longer in cases where an officer has recently been given further training of some months or more duration. Special consideration is, however, given to applications made on compassionate grounds (see also Part 2 paragraph 10 about periods of minimum service).

PAY

12. Details of pay are notified separately.

REGULATIONS FOR ROYAL MARINES UNIVERSITY CADETSHIP ENTRY

INTRODUCTION

1. Young men who want to become Royal Marines officers and to read for a degree are encouraged to join as University Cadets. If they are already taking a full-time or sandwich degree course at a U.K. University, Polytechnic or College of Technology they may apply at any time during their course of studies. If study for A-levels and hoping to take such a degree course they may apply at any time during their last year at school. They need not have secured a place, or a provisional place, at University, Polytechnic, etc., but should have decided for which degree they propose to study.

2. They are paid throughout their period at University, etc. In addition they receive an educational grant and their tuition fees are paid by the Ministry of Defence. They will, however, have to repay the grant and fees if they are allowed to withdraw from the Royal Marines without giving an adequate return of service.

3. The entry regulations are detailed as follows:—

- Part 1. Methods of Selection and Award
- Part 2. General Conditions of Entry
- Part 3. Educational Qualifications required
- Part 4. Medical Standards.

There are also some notes, not forming part of the regulations, on training and career prospects.

PART 1

METHODS OF SELECTION AND AWARD APPLICATIONS

1. The application form should be completed and returned together with birth and educational certificates to Ministry of Defence Naval Personnel Division 1 (University Cadetships), Old Admiralty Building, Whitehall, London SW1A 2BE. Any candidate who has not received an acknowledgement of his application within 10 days should write at once to the above address.

INTERVIEW

2. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, under the presidency of a Colonel Royal Marines assisted by other Royal Marine, Naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the results of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 2 days.

3. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for a University Cadetship.

4. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of one year.

MEDICAL EXAMINATION

5. Candidates who reach a satisfactory standard at the Interview Board are called shortly afterwards for a medical examination by the Admiralty Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances every effort is made to arrange the medical examination on the day preceding or following their interview in H.M.S. *Sultan*.

6. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). Accommodation meals and travelling expenses incurred attending an Appeal Board (which may be substantial) are not refunded.

TRAVELLING AND OTHER EXPENSES

7. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, second class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan*, and a light meal is provided at the Admiralty Medical Board where appropriate.

8. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

9. Candidates recommended for acceptance by the Admiralty Interview Board who satisfy the educational and physical requirements in Parts 3 and 4 are

placed in an Admiralty Interview Board order of merit from which the final selection for the available places is made. When the number of candidates exceeds the number of places available final acceptance may have to be delayed until all candidates have been interviewed. All candidates concerned will then be told the results of the final selection. Successful candidates will normally enter the Commando Training Centre, Lymington, in September each year. Those who have a long wait between acceptance and joining are urged to continue their studies at school or elsewhere in the meantime; such study will materially assist them at Lymington.

10. Successful candidates who have already commenced their University/College course with assistance from public funds should inform the appropriate Local Education Authority or other award-making body immediately they are awarded a Royal Marines University Cadetship. It should be assumed that no further assistance will be given by that body after the date on which the cadetship commences.

11. Local Education Authorities are entitled to claim the repayment of the portion of the maintenance grant paid to students joining the Royal Marines during the course of an academic year if their Royal Marine pay is sufficiently in excess of what the grant might otherwise have been.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

12. Candidates must be at least 17½ years of age on being appointed and of such an age that they will be under 25 years old on 1st September of the year in which they graduate.

13. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate), giving exact date of birth.

NATIONALITY

14. To be eligible candidates must:—

- at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Such applications should be accompanied by the following documents:—

- naturalisation certificate or evidence of naturalisation;
- parents' birth and marriage certificates;
- candidate's and parents' passports.

15. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British nationality (in order to be issued with a British passport). Application for British nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

16. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

UNIFORM

17. University Cadets are provided with uniform outfits free of charge on reporting to the Commando Training Centre, Lymington, for initial training. Further free issue of clothing and cash grants for the purchase of uniform items are made on graduation and on completion of training.

18. It is a condition of entry that an officer whose appointment is terminated compulsorily will be required to return his principal items of free issue uniform, charges being raised against the officer or, if he is under 18, against his parent or guardian, for any specific article not returned.

FAILURE TO OBTAIN A DEGREE

19. A University Cadet who fails to obtain his degree or diploma may be required to continue to serve, or may, at Ministry of Defence discretion, have his appointment terminated.

FINANCIAL LIABILITY

20. Should an officer entered as a University Cadet be permitted to leave the Royal Marines voluntarily before graduating, or before completing 5 years' service subsequent to graduation, he will be required to refund to the Ministry of Defence his educational grant and tuition fees paid from public funds. An undertaking to this effect will be required. A similar refund will be required should a cadet's appointment be terminated because he has failed to obtain his degree or diploma as a result of lack of diligence, or should he become medically unfit whilst at University for reasons attributable to his own fault.

21. In addition, if an officer withdraws voluntarily he will be required, at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash amounts issued to him on the following scale:—

Grant paid and issues made less than one year before date of resignation	In full
Grants paid and issues made more than one year but less than 2 years before date of resignation	Two thirds
Grants paid and issues made more than 2 years but less than 3 years before date of resignation	One third
Grants paid and issues made more than 3 years before date of resignation	Nil

22. The amount of refund will be reduced by the value of any kit deficiency certificates surrendered by the officer, or any article of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

23. It must be clearly understood that the whole period of a University Cadetship and subsequent training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if the officer:—

- fails to reach a satisfactory standard during his studies or in training; or
- his conduct is unsatisfactory; or
- he does not display the qualities required of a Royal Marines officer.

24. Up to the date of promotion to Lieutenant, which in normal circumstances occurs after 14 months' full time Royal Marine training following graduation, officers to whom a Royal Marines career ceases to appeal will normally be allowed to withdraw from training subject only to the requirements of paragraphs 20 and 21 above.

25. After promotion to Lieutenant, officers will not normally be allowed to withdraw until they have given a period of effective service of up to 5 years from

the date of their first appointment after satisfactorily completing all training. This rule will be waived only in the most exceptional circumstances (e.g. compassionate cases).

PART 3 EDUCATIONAL QUALIFICATIONS REQUIRED

26. A confirmed award of a Cadetship is dependent on a candidate obtaining a place for, or being currently on, a degree course as a full-time internal student at a University, Polytechnic or College of Technology in the United Kingdom, acceptable to the Ministry of Defence. Candidates obtaining a place for, or already on, a sandwich degree course at a United Kingdom University or Polytechnic may also be considered for the award of a University Cadetship and may apply in anticipation of obtaining a place on such a course.

27. There is no restriction on the subject matter of the degree course that may be undertaken by candidates.

28. For all candidates, General Certificates of Education or equivalent qualifications must include at least "O" level passes in English Language and Mathematics. In cases of doubt candidates should consult Naval Personnel Division 1, Ministry of Defence, London. G.C.E. "O" level examinations are graded A to E from Summer 1975 onwards; grades A, B and C, which are equivalent to the old pass grades, are acceptable for purposes of entry to the Royal Marines; grades D and E are *not* acceptable. Old style pass grades D and E (as well as A, B and C) are acceptable.

29. Courses of study are not to be changed without the prior approval of the Commandant, Royal Marines, Commando Training Centre, Lympstone. Students wishing or required to do so should seek approval without delay.

PART 4 MEDICAL STANDARDS

30. In general, physical defects of body, impediment of speech, defect of sight or hearing, and pre-disposition to constitutional or hereditary disease or weakness will cause rejection, if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Marines ashore and afloat, in any part of the world, throughout his period of service.

31. An International Vaccination Certificate against smallpox, countersigned by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years.

32. The following is a list of defects which may cause rejection:—

- (a) Poor Physique. Imperfect development or skeletal deformity either hereditary or acquired:
 - (1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting;
 - (2) abnormal spinal conditions, abnormal locomotion, amputations;
 - (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet;
 - (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) Obesity. The significance of a candidate's weight will depend on whether his cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion.

- (c) Skin Disease, unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) Scars. All scars which by their extent or position cause, or are likely to cause, disability or disfigurement. Scars of suicidal wounds.
- (e) Psychiatric Disorders or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
- (f) Disorders of the Central Nervous System. Organic disease of the C.N.S.; Epilepsy; Migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.
- (g) Deformity or any chronic disease of eyes or eyelids.
- (h) Diseases of the Ear, Nose and Throat.
 - (1) Perforations. An unhealed perforation is a bar to entry.
 - (2) Mastoid Operation. A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - (4) Disease of the throat or palate. Disease or injury affecting the normal functions of either mandibular joint.
 - (5) Tonsillitis. Apparent enlargement of the tonsils is not a cause for rejection.
 - (6) Sinusitis. Repeated attacks of sinusitis which have been severe enough to cause incapacity will usually entail rejection.
- (i) Disease of the Chest. Definite evidence of disease of the lungs or pleura.
 - (1) Bronchitis. A history of recurrent attacks of bronchitis is normally a ground for rejection but a single attack may be ignored provided that clinical examination of the chest is normal.
 - (2) Asthma where this forms, or is likely to form a serious impediment to the efficient performance of duty.
 - (3) Spontaneous Pneumothorax.
 - (4) Pulmonary Tuberculosis. A history of pulmonary tuberculosis of adult type.
- (j) Cardio-vascular. Functional or organic disease of the heart and blood vessels. Congenital heart disease, but candidates with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery may be accepted for entry subject to approval by the Medical Director General (Naval).
- (k) Rheumatic Fever. An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—
 - (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
 - (2) there has been ten years' freedom from recurrence, no prophylaxis having been given.
- (l) Disease of the liver, spleen, stomach or bowels.
 - (1) Peptic Ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; haemorrhoids unless satisfactory treatment has been carried out.

(m) Genito-Urinary Conditions.

- (1) Congenital, active or latent syphilis. Gonorrhoea.
- (2) Albuminuria, unless three consecutive first morning specimens are found to be clear of albumin.
- (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
- (4) Stricture of the urethra.
- (5) Incontinence of urine.
- (6) Enuresis, if this is within the last 2 years.
- (7) Hydrocele except that a satisfactory surgical repair will normally render a candidate fit for entry. Varicocele will not normally be considered a bar to entry.
- (8) Serious defect or malformation of the genital organs.
- (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
- (10) Diseases and malformation of the kidneys.
- (11) Urolithiasis.
- (n) Allergic Diseases where these form, or are likely to form, a serious impediment to the efficient performance of duty.
- (1) Hay fever. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (o) Metabolic Conditions. Diseases of the thyroid gland, hyperthyroidism, myxoedema.
- (p) Seasickness if severe.
33. Candidates must be at least 5 feet 5 inches in height.

VISUAL STANDARDS

34. The wearing of spectacles in the field is incompatible with efficient job performance and is not permitted. At other times they can be worn if they improve visual efficiency.

- (b) Colour Perception (C.P.)—Standard 3. The correct recognition of coloured lights shown through the large paired aperture of the Martin Lantern at 6 metres (20 feet) distance.
 - (c) Other qualifications

- (1) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though usual function may be within the standard limits.
- (2) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.

DENTAL STANDARDS

35. Candidates should have no marked oral deformity and teeth must be in a healthy condition and adequate for the efficient mastication of food,

Any defects must be remedied before entry. The wearing of artificial dentures, provided they are well fitted, will not disqualify a candidate who is fit and suitable in every other respect.

TRAINING, PROMOTION AND CAREER PROSPECTS

This information is for guidance only and does not form part of the entry regulations. From time to time changes may be made in the conditions of service.

TRAINING

36. Where possible Cadets join the Commando Training Centre, Royal Marines, Lympstone, before the beginning of the Autumn Term at University for up to 14 days' training at the Officers' Training Wing. They will normally be called during University vacations at the discretion of the Major General Royal Marines, Training, and subject to the requirements of the University.

37. On graduating, successful candidates will join the Commando Training Centre Royal Marines for one year's basic training at the Officers' Training Wing. The aim of this is to train young officers to command a rifle troop in a commando.

38. Young officers will then be posted to a commando; for the first 9 months of this posting they will be considered as under training. If they are reported on satisfactorily after nine months they are considered to be fully trained and are eligible to fill complement posts.

PROMOTION AND SENIORITY

39. University Cadets are appointed in the rank of Probationary 2nd Lieutenant (U.C.E.). They are promoted Acting Lieutenant on 1st September in the year they graduate. Fourteen months later they are promoted to Lieutenant.

40. Seniority as a Lieutenant may be adjusted according to class of degree obtained and results achieved during basic training. Gains in seniority which may be awarded as a result of University and basic training are:—

1st or 2nd Class Honour Degree	20 months
Other Classes of degree	14 months
Results in basic training	6 months

Ante-dates in seniority will count towards increments in pay and for promotion, but the time so gained will not count for retired pay or for other financial purposes. Ante-dates will not carry back pay in the scale for the higher rank.

41. The regulations for promotion and the award of seniority are being reviewed by the Commandant General Royal Marines so there may be some adjustments to the present regulations in 1976. These will, however, ensure that graduates maintain parity with other non-graduates officers who joined the Royal Marines at the same time as they went up to University.

42. Lieutenants are normally promoted to Captain on attaining 8 years' seniority as Lieutenant. Promotion to Major is by selection in competition with other General List officers, and is subject to passing the necessary examinations.

RETIREMENT

43. Long Service officers are compulsorily retired on reaching the following ages:—

Captain	50
Major	50
Lieutenant-Colonel	51

Officers may apply to retire voluntarily at any time before reaching the age of compulsory retirement. Applications are normally subject to a waiting period of a year, or longer in cases where an officer has recently been given further training of some months or more duration, and are considered by the Ministry of Defence in the light of the requirements of the Service. Special consideration is however given to applications made on compassionate grounds (see also paragraphs 24 and 25 about periods of minimum service).

REGULATIONS FOR ROYAL MARINES GRADUATE ENTRY

INTRODUCTION

1. There are two types of commission open to the graduate who wishes to serve in the Royal Marines. The first is the Long Service Commission under which officers serve until reaching the normal retiring age, which varies according to the rank they have reached. The second is the Short Service Commission under which officers serve for an initial appointment of 5 years, followed by 4 years' service on the Reserve List. Short Service Officers may be given the opportunity to extend their service or to transfer to a Long Service Commission.

2. The entry regulations are set out as follows:—

Part 1. Methods of Selection.

Part 2. General Conditions of Entry.

Part 3. Medical Standards.

There are also some short notes, not forming part of the regulations, on Royal Marines training, promotion and career prospects.

PART 1

METHODS OF SELECTION

APPLICATIONS

3. The application form should be completed and returned together with birth and educational certificates to Ministry of Defence, Naval Personnel Division 1 (Graduates), Old Admiralty Building, Whitehall, London SW1A 2BE. Any candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address.

INTERVIEW

4. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, under the presidency of a Colonel R.M. (or of a Captain R.N.) assisted by other Naval Officers, Royal Marines Officers and civilian members. The Board takes account of academic attainments, together with results of tests of intelligence, aptitude and personality conducted at the Board itself. Candidates may compete only once for any particular annual entry.

MEDICAL EXAMINATION

5. Medical examinations are carried out in London and wherever possible they are arranged for the day after the candidate's appearance at H.M.S. *Sultan*.

6. Candidates who are below the physical or visual standards are informed as soon as possible so that they may appeal if they wish to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civil Consultant to the Navy according to the nature of the disqualification(s). The nominal fee of one pound, which must accompany an appeal is refunded if the appeal is successful. Expenses incurred in travelling, meals and accommodation for attendances at Appeals Boards are not refunded.

TRAVELLING AND OTHER EXPENSES

7. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, second class rail or bus fares from the candidate's normal place of residence in the United Kingdom will be refunded for the whole amount. Lodging and food are provided free of charge at H.M.S. *Sultan*, and a light meal is provided at the Naval Medical Board where appropriate.

8. Candidates who have to travel long distances to carry out the selection procedure and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refund will be notified separately. Claims must

be supported by a receipted bill or voucher for each night's accommodation. No other expenses on accommodation and meals can be refunded.

NOTIFICATION OF RESULT AND DATE OF ENTRY

9. Successful candidates will be informed as soon as possible. As the number of vacancies is limited, however, final acceptance may not be possible until about one month before entry. Successful candidates will enter the Commando Training Centre, Lympstone, Devon, in September.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

10. Candidates must not have attained the age of 25 years on 1st September of the year of entry.

11. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate) giving exact date of his birth.

ACADEMIC QUALIFICATIONS

12. The academic qualifications is a U.K. degree or equivalent acceptable to the Ministry of Defence, as well as passes in the G.C.E. at Ordinary level in English Language and Mathematics.

Note: G.C.E. "O" level examinations are graded A to E from Summer 1975 onwards. Grades A, B and C which are equivalent to the old pass grades are acceptable for purposes of entry to the Royal Marines. Grades D and E will not be accepted.

NATIONALITY

13. To be eligible, candidates must:—

- (a) at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or was then, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were, British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Such applications should be accompanied by the following documents:—

- (a) Naturalisation certificate or evidence of naturalisation;
- (b) Parents' birth and marriage certificates;
- (c) Candidate's and parents' passports.

14. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British nationality (in order to be issued with a British passport). Application for British nationality will in no way affect candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

15. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least five years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

UNIFORM

16. Officers are given free issues of clothing and cash grants for purchasing uniform outfits. These allowances are sufficient to provide all the essential uniform required by the officer while under training.

17. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer, for any special article not returned.

18. If for any reason an officer is permitted to withdraw from training voluntarily before he has completed 2 years' service he will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to him after entry on the following scale:—

Grants paid and issues made less than one year before date of resignation	In full
Grants paid and issues made over one year but less than two years before date of resignation ..	Two thirds
Grants paid and issues made over two years but less than three years before date of resignation ..	One third
Grants paid and issues made more than three years before date of resignation	Nil

The amount of refund will be reduced by the value of any Kit Deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

TERMINATION OF APPOINTMENT

19. It must be clearly understood that the whole period of training is one of probation and the Ministry of Defence reserves the right to terminate an appointment at any time if:—

- the officer fails in training; or
- his standard of work is unsatisfactory or, under certain circumstances, he fails to perform the duties for which he was entered; or
- his conduct is unsatisfactory; or
- the qualities required of a Royal Marines Officer are not being sufficiently developed.

20. Up to the date of completion of initial training (approximately one year after entry) officers to whom a Royal Marines Career ceases to appeal will normally be allowed to withdraw from training subject only to the requirements of paragraph 18 above. Thereafter they will be expected to give a return of service of one full appointment (about 2 years) from the date of completion of initial training, before applying to be allowed to retire voluntarily.

PART 3

MEDICAL STANDARDS

21. In general, physical defects of body, impediment of speech, defect of sight or hearing, and pre-disposition to constitutional or hereditary disease or weakness will cause rejection. If these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Marines ashore and afloat, in any part of the world, throughout his period of service.

22. An International Vaccination Certificate against smallpox, counter-signed by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years.

23. The following is a list of defects which may cause rejection:—

- Poor Physique.* Imperfect development or skeletal deformity either hereditary or acquired;

- asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting;
 - abnormal spinal conditions, abnormal locomotion, amputations;
 - Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet;
 - malformation of the head. Deformity from fracture or depression of the bones of the skull.
- Obesity.* The significance of a candidate's weight will depend on whether his cardio-vascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion.
 - Skin Disease.* unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
 - Scars.* All scars which by their extent or position cause, or are likely to cause, disability or disfigurement. Scars of suicidal wounds.
 - Psychiatric Disorders* or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
 - Disorders of the Central Nervous System;* Organic disease of the C.N.S.; Epilepsy. Migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.
 - Deformity or any chronic disease of eyes or eyelids.*
 - Diseases of the Ear, Nose and Throat*
 - Perforations.* An unhealed perforation is a bar to entry.
 - Mastoid Operation.* A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - Disease of the throat or palate. Disease or injury affecting the normal functions of either mandibular joint.
 - Tonsillitis.* Apparent enlargement of the tonsils is not a cause for rejection.
 - Sinusitis.* Repeated attacks of sinusitis which have been severe enough to cause incapacity will usually entail rejection.
 - Disease of the Chest.* Definite evidence of disease of the lungs or pleura.
 - Bronchitis.* A history of recurrent attacks of bronchitis is normally a ground for rejection, but a single attack may be ignored provided that clinical examination of the chest is normal.
 - Asthma* where this forms, or is likely to form, a serious impediment to the efficient performance of duty.
 - Spontaneous Pneumothorax.*
 - Pulmonary Tuberculosis.* A history of pulmonary tuberculosis of adult type.
 - Cardio-vascular.* Organic disease of the heart and blood vessels. Congenital heart disease except that those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery may be accepted.
 - Rheumatic Fever.* An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:
 - there has been anti-streptococcal anti-biotic

prophylaxis for a period of 5 years without recurrence, or

- (2) there has been ten years freedom from recurrence, no prophylaxis having been given.
- (l) *Disease of the liver, spleen, stomach or bowels.*
 - (1) Peptic Ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; haemorrhoids unless satisfactory treatment has been carried out.

(m) *Genito-Urinary Conditions.*

- (1) Congenital, active or latent syphilis. Gonorrhoea.
- (2) Albuminuria, unless three consecutive first morning specimens are found to be clear of albumin.
- (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
- (4) Stricture of the urethra.
- (5) Incontinence of urine.
- (6) Euresis, if this is within the last 2 years.
- (7) Hydrocele except that a satisfactory surgical repair will normally render a candidate fit for entry. Varicocele will not normally be considered a bar to entry.
- (8) Serious defect of malformation of the genital organs.
- (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
- (10) Diseases and malformation of the kidneys.
- (11) Urolithiasis.
- (n) *Allergic Diseases* where these form, or are likely to form, a serious impediment to the efficient performance of duty.
 - (1) *Hay fever.* Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (o) *Metabolic Conditions.* Diseases of the thyroid gland, hyperthyroidism, myxoedema.
- (p) *Seasickness* if severe.

24. Candidates must be at least 5 feet 5 inches in height.

VISUAL STANDARDS

25. The wearing of spectacles in the field is incompatible with efficient job performance and is not permitted. At other times they can be worn if they improve visual efficiency.

(a) Visual Acuity (V.A.)—Standard 1	Better Eye	Worse Eye
Visual Acuity to be achieved without correcting lenses	6/9 N5	6/12 N5
Refraction Limit		
Total Hypermetropia	+2.50 sphere	+3.50 sphere
Astigmatism	+0.75 cyl	+1.00 cyl
Myopia	-0.25 sphere or cyl	-0.75 sphere or cyl

(b) *Colour Perception (C.P.)—Standard 3*

The correct recognition of coloured lights shown through the large paired apertures of the Martin Lantern at 6 metres (20 feet) distance.

(c) Other Qualifications

- (1) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though usual function may be within the standard limits.
- (2) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.

DENTAL STANDARDS

26. Candidates should have no marked oral deformity and teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied before entry. The wearing of artificial dentures, provided they are well fitted, will not disqualify a candidate who is fit and suitable in every other respect.

TRAINING, PROMOTION AND CAREER PROSPECTS: NOTES

TRAINING

27. Graduate entries will undergo one year's initial training at the Commando Training Centre, Lympstone. On completion they will be appointed to a Commando, and become an integral part of the complement of the Unit and carry out normal subaltern duties. Wherever possible, arrangements will be made for them to be attached to a ship during this period to gain experience of service at sea.

28. After approximately 18 months in a Commando Unit, officers may be required to undertake a series of Operations Courses lasting for a period of 3 months.

PROMOTION

29. All successful candidates enter the Royal Marines in the rank of Probationary Lieutenant. On completion of initial training they are made Acting Lieutenants, and confirmation as Lieutenant follows 2 months later, i.e. after 1 year and 2 months' service. Ante-dates of seniority are applied at this stage. The maximum ante-date is 26 months. 20 months is awarded for a 1st and 2nd Class Honours Degree, and 14 months for any other Degree. Up to 6 months may be gained for results obtained during initial training. A further award may, at the discretion of the Admiralty Board, be made for previous military service.

CAREER PROSPECTS—LONG SERVICE COMMISSION OFFICERS

30. Promotion to Captain is made after attaining 8 years' seniority as Lieutenant. Promotion to higher rank is by selection.

31. Long Service Officers are compulsorily retired on reaching the following ages:—

Captain	..	..	..	..	50
Major	..	..	..	..	50
Lieutenant Colonel	..	..	..	..	51

Officers not due for compulsory retirement may, at Ministry of Defence discretion, be allowed to retire voluntarily or to resign, as appropriate. The overriding factor in considering such applications will be the requirements of the Service but special consideration will be given when the request is made on compassionate grounds.

CAREER PROSPECTS—SHORT SERVICE COMMISSION OFFICERS

32. Short Service Commission Officers have the option, subject to Ministry of Defence approval, to extend their initial appointment to 10 years' service on the Active List and may also apply for transfer to a Long Service Commission. They are required to state after 4 years' service whether they wish to terminate their commissions after 5 years or whether

with Ministry of Defence approval, they wish to extend to the maximum period of 10 years. Opportunities will generally exist for suitable officers to transfer to Long Service Commissions.

SCOPE OF DUTIES

33. The scope of duties of Royal Marines Officers according to rank includes:—

Ashore

- (a) Regimental duties in a Commando.
- (b) Specialisation in Weapon Training, Signalling, Landing Craft, Assault Engineering, Physical Training, Motor Transport, Reconnaissance

Leading (Mountain and Arctic Warfare), Heavy Weapons or as a Swimmer Canoeist.

- (f) Watchkeeping at sea.
- (g) Service with the Amphibious shipping of the Fleet.

Qualified officers are eligible for employment on the Ministry of Defence Staff and for a wide range of extra-regimental appointments.

REGULATIONS FOR FIRST APPOINTMENTS IN THE ROYAL MARINES SHORT SERVICE COMMISSIONS

INTRODUCTION

1. Under this scheme of entry into the Royal Marines, appointments are, in the first instance, for 5 years on the Active List, followed by 4 years on the Reserve; but officers have the option, subject to Ministry of Defence approval, to extend their appointments to 10 years, followed by 4 years on the Reserve. Whilst on the Reserve, officers will only be liable for service in war or other national emergency. All candidates must be educationally qualified before entry but they may apply in anticipation of obtaining such qualifications.

2. The entry regulations are set out as follows:—

- Part 1. Methods of Selection
- Part 2. General Conditions of Entry
- Part 3. Educational Qualifications required
- Part 4. Physical Requirements.

There are also some short notes, not forming part of the regulations, on Royal Marines training, promotion and career prospects.

PART 1 METHODS OF SELECTION

APPLICATIONS

1. The application form should be completed and returned together with birth and educational certificates to Ministry of Defence, Naval Personnel Division 1 (R.M.S.S.), Old Admiralty Building, Whitehall, London SW1A 2BE. Any candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address. Applications may be made at any time but must reach the above address not later than 1st June of the year of entry.

INTERVIEW

2. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the presidency of a Flag Officer (or a Captain R.N.) assisted by other naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the result of tests of intelligence, aptitude and personality conducted during the selection procedure.

3. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for a University Cadetship. Those who are recommended should not, however, assume that their entry to the Royal Marines is guaranteed because the final selection is made in the Ministry of Defence.

4. Candidates may make three appearances at the Board but 12 months must elapse between each interview.

MEDICAL EXAMINATION

5. The Admiralty Interview Board prepares a

short list of candidates from whom the final selection will be made. All short listed candidates are called for medical examination but they should not assume that this necessarily implies success in the competition. Medical examinations are generally held in London about a week after the interview, but for candidates who have to travel long distances every effort is made to arrange the medical examination for the day following their appearance at H.M.S. *Sultan*.

6. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal if they wish to the Medical Appeal Board. This consists of a representative of the Medical Director General (Naval) and the appropriate Civil Consultant to the Navy according to the nature of the disqualification(s). Expenses incurred in travelling, meals and accommodation for attendances at Appeals Boards are not refunded.

TRAVELLING AND OTHER EXPENSES

7. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, second class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom will be refunded for the whole amount. Lodging and food are provided free of charge at H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

8. Candidates who have to travel long distances to reach the Interview or Medical Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meals, bed and breakfast, for each night necessarily spent away from home. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses on accommodation and meals can be refunded.

FINAL SELECTION AND ENTRY DATE

9. Final selection from short listed candidates who have passed the medical examination will be made at the Ministry of Defence (Navy Department) as soon as possible after all candidates have completed their interviews. All candidates concerned will then be told the results of the final selection and successful candidates will normally enter the Commando Training Centre, Lymington, in September each year.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

1. Candidates must be at least 17 years 6 months, but under 25 years on date of entry.

2. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a statutory declaration by a parent or guardian before a magistrate), giving exact date of his birth.

NATIONALITY

3. To be eligible candidates must:

- (a) at all times since birth have been a British subject or a citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been or always were, British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Such applications should be accompanied by the following documents:—

- (a) naturalisation certificate or evidence of naturalisation;
- (b) parents' birth and marriage certificates;
- (c) candidate's and parents' passports.

4. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British nationality (in order to be issued with a British passport). Application for British nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

5. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD

6. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserve the right to terminate an appointment at any time if the officer:—

- (a) fails to reach a satisfactory standard in training, or
- (b) his conduct is unsatisfactory; or
- (c) he does not display the qualities required of a Royal Marines officer.

UNIFORM

7. A list of clothing required on joining is sent to all successful candidates. An outfit allowance is payable on entry and is supplemented by free issues of clothing. This allowance, together with the free issues, is sufficient to provide all the essential uniform required by the officer. If an officer is under 18 years of age, the outfit allowance may, at Ministry of Defence discretion, be paid to the officer's parent or guardian if a claim for this is received before payment is made to the officer.

8. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer, or if under 18 his parents or guardian, for any specified article not returned.

9. If for any reason an officer is permitted to leave the Royal Marines voluntarily he, or if he is under 18, his parent or guardian, will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to him on entry on the following scale:—

Grants paid and issues made less than 1 year prior to date of resignation

In full

Grants paid and issues made over 1 year but less than 2 years from date of resignation

Two thirds

Grants paid and issues made over 2 years but less than 3 years from date of resignation

One third

Grants paid and issues made more than 3 years from date of resignation

Nil

PAY AND GRATUITY

10. The rates of pay will be notified separately. Officers who satisfactorily complete 5 or 10 years' Active List service will be eligible for a tax-free gratuity.

11. Should an officer be invalidated, he will receive a gratuity proportionate to the length of Active List service actually completed, subject to the normal provision that any such gratuity is liable to be reduced or withheld if the disability was due to causes within the officer's own control.

12. The gratuity is intended to assist an officer's resettlement in civil life and is, therefore, not payable to his estate should he die or be killed while serving on the Active List. A special gratuity is, however, normally paid to a widow, or if there are children but no widow, this gratuity may be paid in part or in whole for their benefit. Ministry of Social Security pensions are also payable to widows, etc., of officers whose death is due to their service.

PART 3

EDUCATIONAL QUALIFICATIONS REQUIRED

1. The educational requirements are shown below, and all candidates must be educationally qualified before entry. Those who have gained any or all of the required qualifications before applying, should forward with their applications their education certificates, or other evidence of having passed these examinations:—

- (a) Passes in English Language, Mathematics, and three other subjects, either:—

(1) At Ordinary level in the General Certificate of Education; or

(2) At Ordinary grade (Band C, Range 8/9, or above) in the Scottish Certificate of Education; or

(3) In the Irish Leaving Certificate examinations, at pass level on Honours paper or above 40% on Ordinary papers.

- (b) An Overseas School Certificate issued by the University of Cambridge Local Examination Syndicate (or the equivalent) showing credit ("O" level) passes in English, Mathematics and 3 other subjects.

- (c) Educational qualifications which in the opinion of the Ministry of Defence are of a standard equivalent to or higher than (a)(1) above.

2. Grade 1 passes in the Certificate of Secondary Education will be acceptable, on a subject for subject basis, as an alternative to Ordinary level passes in the General Certificate of Education.

3. The subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in school curricula and are recognised by the G.C.E. and Scottish Certificate of Education examination boards, except as in paragraph 4 below.

4. (a) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content (e.g. Physics and Physics and Chemistry), only one of the overlapping

subjects may count towards the qualifying standard.

- (b) For the following groups of subjects, normally only one subject may count from its particular group:—

- (1) Art, Music
- (2) Commercial Subjects
- (3) Technical Subjects
- (4) Additional Mathematics, Applied Mathematics, Mechanics.

- (c) Biology may not be offered with either Botany or Zoology.

With regard to (a), (b) or (c) above, cases of doubt should be referred to the Ministry of Defence Naval Personnel Division 1.

5. If a candidate has passed one of the above examinations but has not yet received the actual certificate, a certified statement from the examining body (not the Headmaster) that he has been successful and has obtained passes in the required subjects will be accepted.

PART 4

A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.

- (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.

- (5) Incontinence of urine.

- (6) Enuresis, if this is within the last 2 years.

- (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.

- (8) Serious defect or malformation of the genital organs.

- (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.

(10) Diseases and malformations of the kidneys.

(11) Urolithiasis.

(n) *Allergic Diseases* where these form, or are likely to form, a serious impediment to the efficient performance of duty.

(1) *Hay Fever* mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.

(o) *Metabolic Conditions* diseases of the thyroid gland, hyperthyroidism, myxoedema.

VISUAL STANDARDS

2. The wearing of spectacles in the field is incompatible with efficient job performance and is not permitted. At other times they can be worn if they improve visual efficiency.

(a) Visual Acuity (V.A.)—	Better Eye	Worse Eye
Standard 1		
Visual Acuity to be achieved without correcting lenses	6/9 N5	6/12 N5
Refraction Limit		
Total hypermetropia	+2.50 sphere	+3.50 sphere
Astigmatism	+0.75 cyl	+1.00 cyl
Myopia	-0.25 sphere or cyl	-0.75 sphere or cyl

(b) Colour Perception (C.P.)—Standard 3

The correct recognition of coloured lights shown through the large paired apertures on the Martin Lantern at 6 metres (20 feet) distance.

(c) Other Qualifications

(1) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.

(2) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.

DENTAL STANDARDS

Candidates should have no marked oral deformity and teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied before entry. The wearing of artificial dentures, provided they are well fitted, will not disqualify a candidate who is fit and suitable in every other respect.

TRAINING, PROMOTION AND CAREER PROSPECTS: NOTES

TRAINING

1. On entry officers will undergo 12 months' initial training at the Commando Training Centre, Royal Marines, Lympstone, Devon, on satisfactory completion of which they will be posted to a Commando unit or other Royal Marines establishment. Opportunities exist for certain officers to specialise in various Royal Marine skills.

PROMOTION

2. Successful candidates will be entered as Second Lieutenants and will be promoted to the rank of Acting Lieutenant after 2 years and 4 months from the date of entry. Confirmation in the rank of Lieutenant will take place after a further 14 months' service. Officers may gain up to 8 months' seniority as a Lieutenant due to good results in training.

PROSPECTS

3. After 4 years' service officers will be required to state whether they wish to terminate their commissions after 5 years or to exercise the option to extend to the maximum period of 10 years. Opportunities will generally exist for suitable officers to transfer to Long Service Commissions. Promotion to Captain on a Long Service Commission is made after attaining 8 years' seniority as Lieutenant. Promotion to higher rank is by selection.

4. Officers selected for Long Service Commission will not be eligible for Short Service gratuity. They will be eligible for retired pay and terminal grant or gratuity under the regulations in force for Long Service officers. Short Service Commission service from the age of 18 will normally be taken into account in assessing such retired pay or gratuity. Details of Long Service Commission conditions of service, etc., are available on request.

WITHDRAWAL FROM TRAINING

5. Up to the date of completion of training, officers will normally be allowed to withdraw from training, subject only to the rule at Part 2 paragraph 10. Thereafter they will be required to complete their Short Service Commission, although sympathetic consideration will be given to voluntary resignation where compassionate circumstances exist.

R.M. OTHER RANKS—CANDIDATES FOR SHORT SERVICE COMMISSIONS

1. In addition to the normal form of recruitment from civil life, entry will be open to suitably qualified R.M. other ranks. The pay of successful candidates will be governed by B.R. 1950, Supplement No. 1 (Manual) Article S 0207 and, on appointment as Second Lieutenants, they will retain their existing pay, plus 50p a day, so long as this is to their advantage.

APPLICATIONS

2. R.M. other ranks who consider they have a good chance of selection should apply to their Commanding Officers who, if the applicant can be recommended, should forward his name to the Ministry of Defence (Naval Personnel Division I), together with completed Forms CW1 and CW1A (copy to the Director of Pay and Records, Royal Marines). A report that Form CW1 has been started is to be made in Part II Orders in accordance with para. 4 of that form.

3. Recommended candidates will undergo a medical examination in accordance with B.R. 1750. They will also undergo selection tests, including interview, which will merely test the potentialities of candidates, and it is important that names should not be forwarded to the Ministry of Defence unless Commanding Officers are able to recommend applicants as showing genuine promise of making satisfactory officers.

4. Applicants serving abroad should not be recommended unless they have been given an up-to-date medical examination and satisfy the minimum medical standards for the Royal Marines Officer Service given in B.R. 1750A (Handbook of Naval Medical Standards).

5. Application forms and copies of the full entry regulations will be sent through the usual channels to recommended candidates, who should complete and return the application form without delay. This formal application requires:—

(a) Evidence of date of birth. A formal birth certificate need not be forwarded with the application provided that the date of birth inserted by the applicant on the formal application is endorsed "verified" by the unit officer concerned.

- (b) Evidence of educational standard. Documents showing that the candidate has obtained one of the educational qualifications prescribed in para 13 will be required to be forwarded to the Ministry of Defence with the formal application. They will be returned as soon as possible.

The collection of this evidence will take time, especially when candidates are serving outside the United Kingdom. Candidates should therefore be advised to save time by collecting the various documents in advance so that they are able to return their application forms quickly.

SELECTION

6. Selection tests and interview will be carried out in H.M.S. *Sultan*, Gosport, and medical examination by the Naval Medical Board, Ministry of Defence, Empress State Building, London SW6 1TR. Dates when candidates are required to undergo selection procedure will be communicated by the Ministry of Defence to the authorities concerned.

7. For candidates serving abroad, as much notice as possible will be given of dates so that arrangements

can be made to draft them to Royal Marines Barracks, Eastney, prior to attending the interview board. The Commanding Officer, Royal Marines Barracks, Eastney, is to inform the Ministry of Defence (Naval Personnel Division 1) and the Director of Pay and Records, Royal Marines, by signal immediately such a candidate arrives.

8. Service Certificates with enclosures are to be sent to the President of the Admiralty Interview Board at H.M.S. *Sultan*, before the board sits. If this is not possible the documents are to be taken by the candidate when he attends the board.

9. On completion of the full selection procedure, candidates will be returned to their present duties or to the Royal Marines Barracks, Eastney, if from abroad, to await results.

FURTHER ATTEMPTS

10. Candidates may make three attempts while they remain within the age limits. Twelve months must elapse between each attempt.

ROYAL NAVY—HELICOPTER FLYING DUTIES NAVAL COLLEGE ENTRANTS AND DIRECT GRADUATE ENTRANTS—SHORT CAREER COMMISSIONS

INTRODUCTION

1. This booklet contains the Regulations for Naval College Entry and Direct Graduate Entry to the Royal Navy on a Short Career Commission for Helicopter Flying Duties.

2. Short Career Commissions in the Royal Navy cater for the young man who wishes to serve as an officer for a limited period, or to serve initially on a short service basis while considering the possibility of continuing for a longer period if offered the opportunity to do so. For the Helicopter Flying Duties (Pilot or Observer) specialisation, there are two types of commission available:—

Type A—A pensionable commission to age 38, or for 16 years, whichever is later, on the Active List, after which officers are placed on the Retired List.

Type B—As for Type A, except that officers have the option to leave after 8 or 12 years' service with a tax-free gratuity. Where such options are exercised, Active List service is followed by 4 years on the Emergency List, during which officers are liable for recall in time of war or other national emergency.

A candidate's choice of type of commission will in no way affect his chances of being selected for entry to the Royal Navy. Those who enter on a Type A commission have no option to transfer to a Type B commission.

3. There are opportunities for Short Career Commission officers to be selected for transfer to a Full Career Commission, or to have their Short Career Commissions extended to a permanent commission for service to the age of 50.

4. To be considered for entry on a Short Career Commission for Helicopter Flying Duties candidates must successfully undertake the selection procedure, meet certain high medical standards, and hold the necessary educational qualifications. Successful candidates join the Britannia Royal Naval College, Dartmouth, in January, February, May, September and October.

5. The Regulations governing entry are detailed as follows in this booklet:—

Part 1. Method of Selection and Acceptance for Entry

Part 2. General Conditions of Entry

Part 3. Educational Requirements

Part 4. Medical Standards.

Part 5 gives information about training, promotion and career prospects, but does not form part of the Regulations.

PART 1

METHOD OF SELECTION AND ACCEPTANCE FOR ENTRY

APPLICATIONS

6. The application form should be completed and returned, together with birth and education certificates, to the Ministry of Defence, Division 1a4, Old Admiralty Building, Spring Gardens, London SW1A 2BE. Applications may be forwarded at any time, but candidates wishing to be considered for a particular entry to the Britannia Royal Naval College, Dartmouth, should apply at least 6 months beforehand. Any candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address.

APTITUDE TESTS

7. Candidates are required to pass Flying Aptitude Tests at the Officer and Aircrew Selection Centre, Royal Air Force, Biggin Hill, Westerham, Kent. In these tests candidates demonstrate their aptitude for flying as a Pilot or Observer and their ability to absorb ground instruction. The tests are the same as those taken by candidates for entry to the Royal Air Force; they are designed to show candidates' ability to absorb the technical knowledge connected with flying, and their ability to learn the skills demanded for flying modern aircraft. The subject matter of the tests is as follows:—

(a) Written Tests

- (1) Non-verbal intelligence test—patterns
- (2) Mathematics—Algebra, Trigonometry, Approximations
- (3) Mathematics—table-reading
- (4) Instruments: Part A—dial-reading
- (5) Instruments: Part B—instrument comprehension
- (6) Mechanics—mechanical reasoning (diagrams)
- (7) Observation—A test of powers of observation.

(b) Performance Tests

- (1) Control velocity test: a test of co-ordination of eyes and hands
- (2) Aircrew film test: ability to keep track of constantly changing information
- (3) Sensory motor apparatus: co-ordination of eyes, hands and feet—control of a moving light.

Candidates who fail these tests are not normally eligible to make a further attempt until one year has elapsed.

INTERVIEW

8. Candidates whose results in the flying Aptitude Tests show that they have suitable aptitude for Pilot or Observer training attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hants, which is under the Presidency of a Flag Officer (or a Captain R.N.), assisted by other Naval and civilian members. The Board take account of academic attainments, Headmasters' or Tutors' reports, and the results of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 2 days, either immediately after taking Flying Aptitude Tests or some weeks later.

9. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum period of 12 months, but no candidate may make more than 3 attempts.

MEDICAL EXAMINATION

10. Candidates whose results at R.A.F. Biggin Hill and the Admiralty Interview Board indicate that they are likely to be within the zone from which selection for entry will be made proceed to the Central Air Medical Board at Seafeld Park, Fareham, Hants, for a medical examination, normally on the day following their attendance at the Admiralty Interview Board.

11. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate civilian Consultant to the Navy, according to the nature of the disqualification(s). Accommodation, meals and travelling expenses incurred attending the Appeal Board are not refunded.

TRAVELLING AND OTHER EXPENSES

12. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from the candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge at R.A.F. Biggin Hill, in H.M.S. *Sultan*, and at the Central Air Medical Board where appropriate.

13. Candidates who have to travel long distances within the United Kingdom to attend for the selection procedure, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast and for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

14. Candidates are normally told by the Admiralty Interview Board shortly after their interview whether they have been recommended for a commission in the Royal Navy. Those who are recommended should

not, however, assume that their entry is guaranteed because acceptance depends upon their satisfying the medical standards in Part 4 below and upon them being selected finally by a Committee which sits in the Ministry of Defence. This Final Selection Committee convenes some 6 weeks before each entry to the Britannia Royal Naval College, Dartmouth, to consider all recommended candidates and make final selections for the places available from an Admiralty Interview Board Order of Merit and Pilot or Observer Aptitude Test results. The results of the Final Selection Committee are notified as soon as possible, and every effort is made to give successful candidates at least one month's notice of their date of entry to Dartmouth. Some applicants not chosen by the Final Selection Committee for a particular entry may be offered the opportunity to have their names carried forward to be considered for a subsequent entry.

**PART 2
GENERAL CONDITIONS OF ENTRY****AGE LIMITS**

15. Candidates must be at least 17 but under 26 years of age on the date of entry.

16. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a Statutory Declaration by a parent or guardian before a Magistrate) giving the exact date of birth.

NATIONALITY

17. To be eligible a candidate must:—

- (a) at all times since birth have been a British subject or a Citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British Subjects or Citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Applications for entry from such applicants should be accompanied by the following documents:

- (1) Naturalisation Certificate or evidence of naturalisation
- (2) Parents' birth and marriage certificates
- (3) Candidate's and parents' passports.

18. Candidates who are Citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British passport). Application for British Nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

19. Candidates who are not of United Kingdom origin should have resided in the United Kingdom for at least 5 years immediately preceding their application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

20. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if an officer:—

- (a) fails to reach a satisfactory standard during his studies or in training; or
- (b) his conduct is unsatisfactory; or
- (c) he does not display the qualities required of a Naval officer.

21. Aircrew officers to whom a naval career ceases to appeal are normally allowed to withdraw from training subject to the conditions in paragraphs 24 and 25 below at any time up to the completion of flying training (some 2 years after entry). Thereafter, officers are not normally allowed to withdraw until they have given a period of effective service of 5 years from the date of the award of the flying badge (at the earliest a total of some 6½ years after entry).

22. This rule is only waived in exceptional circumstances (e.g. compassionate cases).

UNIFORM

23. (a) On entry at the Britannia Royal Naval College, Dartmouth, Naval College En-trants are provided with one uniform suit and a gratuitous issue of a limited number of other items of uniform and after 4 months they receive a cash grant to purchase mess dress plus one undress serge suit and are provided at Dartmouth with the remainder of their gratuitous issues (including made-to-measure items, provided under Part Contract, i.e. British Warm overcoat). On promotion to Sub-Lieutenant a grant is paid to enable them to lace their existing uniform to Sub-Lieutenant's rank. While serving as Midshipmen, officers receive with their pay a daily allowance for upkeep of their uniform; thereafter uniform upkeep is by means of income-tax relief in place of the daily allowance.

(b) Direct Graduate En-trants receive a single cash grant on entry to provide themselves with a made-to-measure uniform and are provided with all additional gratuitous items at Dartmouth. From the date of entry they qualify for Income Tax relief for the upkeep of their uniform.

24. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer (or, if he is under 18, against his parents) for any specific article not returned.

25. In addition, if an officer withdraws voluntarily he is required, at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash grants (described in paragraph 23 above) issued to him on the following scale:—

Grants paid and issues made less than one year prior to date of resignation	In full
Grants paid and issues made more than one year but less than two years before date of resignation ..	Two thirds
Grants paid and issues made more than two years but less than three years before date of resignation ..	One third
Grants paid and issues made more than three years before date of resignation	Nil

26. The amount of refund is reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

BREAK-POINTS

27. Officers on Type B commissions who wish to leave the Service at their 8 or 12 year break-points must give 6 months' notice of their intentions.

PART 3

EDUCATIONAL REQUIREMENTS

NAVAL COLLEGE ENTRY

28. Candidates must forward with their applications original certificates showing that they possess

one of the following groups of educational qualifications:—

(a) Passes in English Language, Mathematics and 3 other subjects, either:—

- (1) at Ordinary level in the General Certificate of Education, or
- (2) at Ordinary Grade (Band C, Range 8/9, or above) in the Scottish Certificate of Education, or
- (3) in the Irish Leaving Certificate (passed at Grade D or above on Ordinary or Honours papers), or
- (4) at Grade 1 in the Certificate of Secondary Education.

(b) One of the following diplomas or certificates which should be in Science or Technical subjects, and should include Mathematics examined at a standard not less than G.C.E. "O" levels:—

- (1) A Higher National Diploma
- (2) A Higher National Certificate
- (3) A Full Technological Certificate
- (4) An Ordinary National Diploma
- (5) An Ordinary National Certificate
- (6) A Final Technicians Certificate (with a second non-technical subject at "O" level)

An "O" level English Language qualification is also required in all cases.

(c) An Overseas School Certificate issued by the University of Cambridge Local Examination Syndicate (or the equivalent) showing Credit passes in English, Mathematics and 3 other subjects.

(d) Educational qualifications which, in the opinion of the Ministry of Defence, are of equivalent or higher standard than those at sub-paragraph (a)(1) above.

29. The subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in the school curricula and are recognised by the G.C.E. Examining Boards, except as set out below:—

(a) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content (i.e. Physics and Physics-with-Chemistry), only one of the overlapping subjects may count towards the qualifying standard.

(b) Normally only one subject may count from each of the following groups:—

- (1) Art, Music.
- (2) Commercial subjects.
- (3) Technical subjects.
- (4) Additional Mathematics, Applied Mathematics, Mechanics.

(c) Botany and Zoology may be offered as separate subjects. Biology is also an acceptable subject provided it is not offered with either Botany or Zoology.

(d) Passes in General Certificate of Education examinations of a recognised Examination Board which are based on a modern or experimental syllabus (such as the School Mathematics Project, the Midlands Mathematical Experiment, the St. Dunstan's Project Mathematics for Education and Industry, the Shropshire Experiment, the Nuffield Project) are acceptable on a subject for subject basis.

With regard to sub-paragraphs (a) and (b) above, cases of doubt should be referred to the Ministry of Defence, Naval Personnel Division 1, Old Admiralty Building, Whitehall, London SW1A 2BE.

30. If a candidate has passed one of the above examinations, but has not yet received the actual certificate, a certified statement from the Examining Body (but not the Headmaster) that he has been successful and has obtained passes in the required subjects will be accepted.

DIRECT GRADUATE ENTRY

31. Candidates should possess a United Kingdom degree acceptable to the Ministry of Defence, as well as G.C.E. "O" level passes (or equivalent) in Mathematics and English Language.

PART 4 MEDICAL STANDARDS

32. In general, physical defects of body, impediment of speech, defect of sight or hearing and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world throughout his period of service.

33. An International Vaccination Certificate which has been counter-signed by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years against Smallpox.

34. The following is a list of defects which may cause rejection:—

- (a) *Poor Physique.* Imperfect development or skeletal deformity either hereditary or acquired.
 - (1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting;
 - (2) abnormal spinal conditions, abnormal locomotion, amputations;
 - (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet;
 - (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) *Obesity.* Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored. In the case of aircrew, the candidate's weight should not normally exceed 200 lbs (90·7 kg).
- (c) *Skin Disease,* unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) *Psychiatric Disorders* or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
- (e) *Disorders of the Central Nervous System.* Organic disease of the C.N.S.; epilepsy; migraine if recurrent and of sufficient severity to require medical treatment or absence from work, is normally a bar to entry.
- (f) *Deformity or any chronic disease of eyes or eyelids*
- (g) *Diseases of the Ear, Nose and Throat*
 - (1) *Perforations*—an unhealed perforation is a bar to entry.
 - (2) *Mastoid Operation.* A radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - (4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
 - (5) *Tonsillitis.* Apparent enlargement of the tonsils is not a cause for rejection.

(6) *Sinusitis.* Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.

(h) *Disease of the Chest.* Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.

(1) *Asthma.* Where this forms, or is likely to form a serious impediment to the efficient performance of duty.

(i) *Cardio-vascular* functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus, arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director General (Naval).

(j) *Rheumatic Fever.* An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—

(1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or

(2) there has been ten years' freedom from recurrence, no prophylaxis having been given.

(k) *Disease of the liver, spleen, stomach or bowels*

- (1) Peptic ulcer.

(2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.

(3) Fistula or fissure of anus; haemorrhoids.

(l) *Genito-Urinary Conditions*

(1) Congenital, active or latent syphilis. Gonorrhoea.

(2) Albuminuria, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.

(3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.

(4) Stricture of the urethra.

(5) Incontinence of urine.

(6) Enuresis, if this is within the last 2 years.

(7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.

(8) Serious defect or malformation of the genital organs.

(9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.

(10) Disease and malformations of the kidneys.

(11) Urolithiasis.

(m) *Allergic Diseases* where these form, or are likely to form, a serious impediment to the efficient performance of duty.

(1) *Hay Fever.* Mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.

(n) *Metabolic Conditions.* Diseases of the thyroid gland, hyperthyroidism, myxoedema.

VISUAL STANDARDS

35. Spectacles in general are incompatible with aircrew duties and are not permitted except in special circumstances decided by an eye specialist.

Standard 1	Better Eye	E E	Worse Eye
Visual acuity to be achieved without correcting lenses	6/9 N5	2 3	6/12 N5

Refraction

Total		
Hypermetropia	+2.50 sphere	+3.50 sphere
Astigmatism	+0.75 cyl	+1.00 cyl
Myopia	-0.26 sphere or cyl	-0.75 sphere or cyl

Colour Perception (C.P.)—Standard 1

The correct recognition of coloured lights shown through the small paired apertures on the Martin Lantern at 6 metres (20 feet) distance.

OTHER QUALIFICATIONS

(a) Limits to heterophoria are as follows:—

- (1) Maddox Rod at 6 metres
Esophoria 6 prism dioptres
Exophoria 6 prism dioptres
Hyperphoria 1 prism dioptre
- (2) Maddox Rod at 33 cms

(3) Other functions

Recovery on cover test must be rapid
Convergence must be maintained at less than 10 cms
Stereopsis must be present (WIRT 9).

(b) Any abnormality of the eye or visual system—congenital, traumatic or pathological—may be a cause for rejection even though visual function may be within standard limits, and a decision then regarding visual fitness for duty must be made by an Ophthalmologist.

HEIGHT, WEIGHT AND LEG LENGTH MEASUREMENTS

36. The requirements are as follows:—

Height (Pilots and Observers only)	64 in. minimum (162 cms) 78 in. maximum (198 cms)
Leg Length (Pilots only)	39 in. minimum (99 cms)
Weight not normally more than 200 lbs	(90.7 kgs)

(NOTE: Leg Length is measured with the candidate sitting, his buttocks firmly against a wall, and the measurement is taken from the wall to the ball of the heel.)

PART 5

TRAINING, PROMOTION AND CAREER PROSPECTS

(This information is for guidance only and does not form part of the Entry Regulations. From time to time, changes may be made in the conditions of service).

DENTAL STANDARDS

37. There must be no marked oral deformity. The teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defect must be remedied prior to entry. The wearing of artificial dentures, provided they are well fitting, will not disqualify a candidate who is fit and suitable in every other aspect.

TRAINING

38. Naval College Entrants, who join in the rank of Midshipman, and Direct Graduate Entrants, who join in the rank of Acting Sub-Lieutenant, undergo two terms of General Naval and Air Training at the Britannia Royal Naval College, Dartmouth. The syllabus includes periods of academic training and flying experience in light aircraft. Where, during this flying, a Pilot shows a complete lack of aptitude and is considered to have no chance whatever of qualifying as a Pilot, he is withdrawn from training and his appointment terminated. As an alternative to discharge, such officers may be considered for transfer to Observer, Air Traffic Control or Seaman duties training if they are considered suitable and vacancies exist. On satisfactory completion of General Naval and Air Training, which lasts about 7 months, officers proceed to Flying Training and other courses. Subject to satisfactory progress in these courses, officers are awarded the Flying Badge after about another 10 months. The whole sequence of training, concluding with Operational Flying Training, takes about two years.

PROMOTION—NAVAL COLLEGE ENTRY

39. Short Career Commission entrants follow a rank/promotion progression which is not tied to the completion of particular stages of training. The standard rank/promotion progression for Naval College Entrants is as follows (variations to it, which depend upon age on entry, are given in paragraphs 39 and 40 below):—

- (a) Entry in the rank of Midshipman with seniority of the first day of the month of entry (exceptionally, where entry is in the last week of the month, seniority will be the first day of the subsequent month).
- (b) Promotion to Sub-Lieutenant (Acting or Confirmed) on achieving two years' seniority as Midshipman. The rank of Sub-Lieutenant is held either in the confirmed or acting capacity according to whether an officer has or has not completed Operational Flying Training.
- (c) Promotion to Lieutenant 5 years after entry. Officers who have earned seniority gains during their training are promoted to Lieutenant correspondingly earlier, between 4 and 5 years after entry.

40. Variation to the Rank/Promotion Progression for Officers aged between 21 and 22 on entry. Such officers enter as Midshipmen with a seniority of the first day of the month in which they became 21. They receive their first increment as Midshipmen on achieving one year's seniority in the rank, and are promoted to Sub-Lieutenant (Acting or Confirmed) on achieving the normal two years' seniority in the rank of Midshipman. Promotion to Lieutenant takes place 5 years after entry, although officers who have earned gains of seniority during their training are promoted correspondingly earlier.

41. Variation to the Rank/Promotion Progression for Officers aged 22 or over on Entry. Such officers enter as Midshipmen, but because of their age are given one year's seniority in the rank. They are therefore promoted to Acting Sub-Lieutenant after one year, on achieving two years' seniority as Midshipman. (A special rate of pay applies after their third year as Sub-Lieutenant). Promotion to Lieutenant takes place 5 years after entry, although officers who have earned gains of seniority during their training are promoted correspondingly earlier.

PROMOTION—DIRECT GRADUATE ENTRY

42. Graduates enter in the rank of Acting Sub-Lieutenant with one-year's seniority and are confirmed in that rank on completing Operational Flying Training, unless their promotion to Lieutenant occurs before this training has been completed. The basic date for promotion to Lieutenant is two years after entry, but officers who earn seniority gains during

their training are promoted to Lieutenant correspondingly earlier, and as a result their actual seniority date is somewhere between one and two years after entry.

CAREER PROSPECTS

43. *Transfer to a Full Career Commission.* There are good opportunities for Short Career Aircrew officers to transfer to a Full Career Commission. Transfers are mainly effected in the 4-8 year zone of service, but officers showing outstanding promise during training have the opportunity to transfer within the 2-3 year zone of service. Officers transferred to a Full Career Commission are promoted to

Lieutenant-Commander on attaining 8 years' seniority as a Lieutenant, and enjoy prospects of promotion to the rank of Commander and above in competition with other Full Career Commission officers.

44. *Extension of Short Career Commission.* Officers who have completed between 9 and 14 years of service are eligible to apply to extend their commissions to the age of 50. Only a small number of such extensions is granted, and the officers concerned have the prospects of promotion to the rank of Commander Officers on Type B commissions who are selected to extend their service to age 50 lose the option to leave at the 12 year break-point.

RATING CANDIDATES FOR AIRCREW DUTIES ON SHORT CAREER COMMISSIONS

1. Naval Ratings and R.M. Other Ranks who are within the prescribed age limits and have the necessary qualifications may apply for aircrew duties under the terms of the foregoing entry regulations.

2. It is the responsibility of Divisional Officers to inform likely candidates of their eligibility, and to encourage them to obtain any qualifications which they lack in good time to undergo selection procedure and start commissioned service before their 26th birthday.

3. Naval Ratings and R.M. Other Ranks appointed as Naval Air Cadets may remain on their existing rate of pay, plus 50p a day, so long as this is to their advantage.

RECOMMENDATION

4. Ratings and Other Ranks who consider they have a good chance of selection should apply to their Commanding Officers, who, if the applicant can be recommended, should forward his name to the Ministry of Defence (Naval Personnel Division 1), together with completed C.W. Form 1 and C.W. Form 1a (copy to D.O.D.P.A.R. for Royal Marines and to appropriate drafting authority for Ratings).

5. The medical examination for aircrew is of very high standard, and the flying aptitude assessment and Selection Board will severely test the potentialities of those who apply. It is important that applicants' names should not be forwarded to the Ministry unless Commanding Officers are able to recommend the applicants as showing genuine promise of making satisfactory officers. Applicants serving abroad should not be recommended unless they have, as far as is practicable with local resources, been passed medically fit for flying duties.

APPLICATIONS

6. Application forms and copies of regulations will be sent through the usual channels to recommended candidates, who, in returning completed application forms should state their preference Helicopter Pilot or Helicopter Observer. As with civilian candidates, these preferences will be taken into account; however, the acceptance of a candidate, and his allocation to aircrew duties, will be at the discretion of the Ministry of Defence and subject to the number of vacancies available.

7. Application forms completed by ratings and other ranks require:—

- (a) Evidence of date of birth. A formal birth certificate need not be forwarded with the application provided the date of birth inserted by the rating or other rank on the formal application is endorsed "verified" by the ship's officer or unit officer concerned.
- (b) Evidence of educational standard. Certificates showing that the candidate has obtained one of the educational qualifications prescribed in the entry regulations are to be forwarded to the Ministry of Defence with the application form. They will be returned as soon as possible.
- (c) Evidence of parental consent to undergo flying training. This is required only in those cases where the applicant is under 18 years of age. It should be in the following terms, but need not appear on the actual form of application provided it is forwarded to the Ministry of Defence with the application:—
"I hereby give my consent to my son/ward undergoing flying training in the event of his being accepted for a Short Career Commission in the Royal Navy for flying duties".

The collection of this evidence and, in the case of minors, of the parental consent, will take time, especially when ratings or other ranks are serving outside the United Kingdom. Applicants should be advised to save time and help themselves by collecting the various documents in advance so as to be in a position, when application forms are issued, to complete and return the form as quickly as possible.

SELECTION PROCEDURE — DRAFTING OF CANDIDATES FOR SELECTION TESTS AND INTERVIEW

8. Candidates whose applications are accepted by the Ministry of Defence will undergo the selection procedure as described in paragraphs 2 and 3 of Part 1 of the foregoing entry regulations.

9. The dates when candidates will be required at the R.A.F. Station, Biggin Hill, and at Gosport, will be communicated by the Ministry of Defence to the authorities concerned.

10. In cases of candidates serving abroad, as much notice will be given as possible in order that arrange-

ments may be made for them to be drafted to their depots or R.M. barracks in time to undergo selection tests. Commodores of the respective depots or Commanding Officers of R.M. barracks are requested to inform the Ministry of Defence by signal immediately such candidates arrive in order that instructions may be issued for them.

11. The special attention of all authorities is drawn to the following points:—

- (a) **Railway Warrants.** Candidates going to flying aptitude tests should be issued with single railway warrants to cover their journey from the originating ship or establishment to Biggin Hill; all other warrants necessary will be issued by the Ministry of Defence. Candidates not attending flying aptitude tests, who are required to undergo the remainder of the selection procedure, must be issued with railway warrants covering their journey to Portsmouth Harbour and their return journey to their originating ship or establishment.
- (b) **Service Documents:** Service certificates with enclosures are to accompany the men when they go to Gosport. Form S.264, prepared specifically for the candidate's appearance before the Interview Board, completed to the date of leaving the ship or establishment and countersigned by the Commanding Officer, should accompany each Service candidate.

12. Candidates who fail to pass flying aptitude tests or medical examination will return to their present duties, or to depot or R.M. barracks if from abroad.

13. Candidates who complete the full selection procedure will return to their present duties, or to depot or R.M. barracks if from abroad, to await results.

14. Ex-ratings and R.M. Other Ranks who fail during flying training may, if they wish, return to their former rating branch in lieu of release from the Service, but they cannot subsequently be considered again for a Short Career Aircrew commission.

FORMER COMMISSIONED SERVICE OF CANDIDATES ENTERED AS SHORT CAREER AIRCREW

Rank and seniority may be allowed for previous commissioned service as shown below.

(a) *Ex-R.A.F. Aircrew Officers (fully trained)*

To be allowed their rank and seniority on the Active List of the R.A.F. towards their rank and seniority on appointment to the Royal Navy as follows:—

Flight-Lieutenant entered as Lieutenant R.N.	} Seniority will in general be from date of entry but ante-dates may be allowed.
Flying Officer entered as Sub-Lieutenant, R.N.	
Pilot Officer entered as Acting Sub-Lieutenant, R.N.	

(b) *Ex-R.A.F. Aircrew Officers (partly trained)*

Partly trained ex-R.A.F. Aircrew Officers, such as those who have completed basic flying training but have failed at the stage of Advanced flying training, who are accepted to train as Helicopter Specialist Pilot, to be given the rank of Midshipman or Acting Sub-Lieutenant on entry, according to age, with seniority of date of entry.

(c) *Ex-Short Service Aircrew Officers, R.N.*

Allowed the rank and seniority held at the time of completion of Short Service commission adjusted by time spent out of the Service.

(d) *Former Service in the R.N., R.N.V.R., R.N.R., other than Aircrew*

Rank and seniority held during full-time R.N., R.N.V.R. or R.N.R. service allowed where the training or experience acquired during that service is considered of value during aircrew training. R.N.R. Officers aged 21 or over who have completed P Courses will not normally be required to undergo General Naval and Air Training on entering the Royal Navy.

ROYAL NAVAL FLYING SCHOLARSHIP SCHEME

The aim of the Royal Naval Flying Scholarship scheme is to foster interest in Naval Aviation and a career in the Fleet Air Arm. Recipients of awards under this scheme, however, are under no obligation to join the Royal Navy.

This scheme provides a course of flying training on light aircraft for selected members of the combined Cadet Force (R.N. and Army Sections only), the Sea Cadet Corps and Ministry of Defence approved Sea Scout Troops. Training is given at selected Civilian Flying Clubs.

Candidates for Flying Scholarships will be assessed for pilot aptitude and personal qualities and will be medically examined. All applicants who pass these tests are then considered to be in the zone for the award of a R.N. Flying Scholarship. The final selection of candidates, and the actual award of the Flying Scholarships available annually are made by Admiral Commanding Reserves.

Full details and application forms are obtainable from:—Director of Naval Recruiting (Royal Naval Flying Scholarships) Ministry of Defence, Old Admiralty Building, Spring Gardens, London, SW1A 2BE.

ROYAL NAVY—NAVAL COLLEGE ENTRY ENGINEERING (MECHANICAL AND ELECTRICAL) SPECIALISATION SHORT CAREER COMMISSIONS

INTRODUCTION

1. A Short Career Commission in the Royal Navy caters for the young man who wishes to serve as an officer for a limited period, or who may prefer initially to join on a short service basis before deciding whether he wishes to commit himself to a Full Career Commission should he be offered one.

2. In the Engineering (Mechanical or Electrical) specialisation the short career Naval College Entry (N.C.E.) Scheme offers a commission to age 38, or for 16 years from the date of entry, whichever is the later. On satisfactory completion of such a period, officers will be eligible for the award of a Terminal Grant and Retired Pay.

3. All officers have the chance to be selected for transfer to a Full Career Commission, or to have their Short Career Commissions extended to a Permanent Commission for service to the age of 50.

4. All N.C.E.s in the Engineering specialisation read for a degree (Honours or Ordinary) in Mechanical or Electrical Engineering at the Royal Naval Engineering College, Manadon. They start their degree studies at the beginning of the academic year 12 months after entry. Their first year in the Royal Navy is spent doing General Naval Training at the Britannia Royal Naval College, Dartmouth, and at sea.

5. Officers are asked to state shortly after entry whether their preference is to study Mechanical or Electrical Engineering at Manadon. Although every effort is made to permit candidates to study the subject of their choice, the final decision in each case depends upon Service requirements.

6. Engineering Officers in the Royal Navy sub-specialise in the following:—

- Marine Engineering
- Weapon and Electrical Engineering
- Marine Engineering (Submarines)
- Weapon and Electrical Engineering (Submarines)
- Air Engineering (Mechanical)
- Air Engineering (Electrical)

The choice of sub-specialisation is made during the second year of the degree course, but once again, although officers are allowed to enter the sub-specialisation of their choice whenever possible, it is sometimes necessary for them to be allocated to a different sub-specialisation in order to meet Service requirements.

7. To be considered for Naval College Entry on a Short Career Commission, candidates must successfully undertake the selection procedure, meet certain medical standards and hold, or be in the process of obtaining, the necessary educational qualifications.

8. The Regulations governing entry are detailed as follows:—

- Part 1. Method of Selection and Acceptance for Entry
- Part 2. General Conditions of Entry
- Part 3. Educational Requirements
- Part 4. Medical Standards.

Part 5 gives information about Training, Promotion and Career Prospects, but does not form part of the Regulations.

PART 1

METHOD OF SELECTION AND ACCEPTANCE FOR ENTRY

APPLICATIONS

9. The Application Form should be completed and returned, together with birth and educational certificates, to Naval Personnel Division 1, Old Admiralty Building, Whitehall, London SW1A 2BE. Applica-

tions should be forwarded not later than 1 June for entry in September, although candidates are encouraged to apply at any time up to a year before the desired date of entry. Any candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address.

INTERVIEW

10. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the Presidency of a Flag Officer (or Captain R.N.) assisted by other Naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the results of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 1½ days.

11. Candidates are normally told by the Admiralty Interview Board within 2 or 3 days whether they have been recommended for Naval College Entry. Those who are recommended should not, however, assume that their entry to the Royal Navy is guaranteed because the final selection is made in the Ministry of Defence.

12. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of 12 months.

MEDICAL EXAMINATION

13. Candidates who are recommended for entry by the Admiralty Interview Board are generally called about 2 weeks later for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances, every effort is made to arrange the medical examination on the day following their interview.

14. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). A nominal fee of £1 must accompany an application to appeal; this fee is refunded if the appeal is successful. Accommodation, meals and travelling expenses incurred attending an Appeal Board are not refunded.

TRAVELLING AND OTHER EXPENSES

15. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

16. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast, for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

17. Candidates are normally told by the Admiralty

Interview Board shortly after their interview whether they have been recommended for a commission in the Royal Navy. Those who are recommended should not, however assume that their entry is guaranteed because the final acceptance rests with the Ministry of Defence candidates who satisfy the educational requirements and medical standards given in Parts 3 and 4 below are placed in an Admiralty Interview Board Order of Merit from which the selections for the available places are made. When the number of vacancies is small, the final selection may not be made until all candidates have been interviewed, although candidates who are selected will be given at least a full month's notice of their entry date in September.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

18. Candidates for Naval College Entry on a Short Career Commission in the Engineering specialisation must be at least 17, but under 25, years of age on entry.

19. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a Statutory Declaration by a parent or guardian before a Magistrate) giving exact date of birth.

NATIONALITY

20. To be eligible, candidates must:—

- (a) at all times since birth have been a British Subject or a Citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British Subjects or Citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Applications for entry from such applicants should be accompanied by the following documents:

- (a) Naturalisation Certificate or evidence of Naturalisation;
- (b) Parents' birth and marriage certificates;
- (c) Candidate's and parents' passports.

21. Candidates who are Citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British Passport). Application for British Nationality will in no way affect a candidate's Citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

22. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding their application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

23. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if an officer:—

- (a) fails to reach a satisfactory standard during his studies or in training; or
- (b) his conduct is unsatisfactory; or
- (c) he does not display the qualities required of a Naval officer.

24. Short Career Commission N.C.E. officers in the Engineering specialisation to whom a naval career ceases to appeal are normally allowed to withdraw from training, subject to the conditions in paragraphs 25, 27 and 28 below, at any time up to the completion of the second year of the degree course at the Royal Naval Engineering College, Manadon. Thereafter, officers are not normally allowed to withdraw until they have given a period of effective service in complement billets of 5 years from the completion of engineering training (i.e. a total of some 11 years after entry).

25. Any N.C.E. officer who gains a degree at the Navy's expense and is allowed to withdraw without giving a period of effective return of service will be required to make a payment equivalent to the Education grant received by a University Cadetship Entrant for a similar period of sponsored studies. This repayment will be required if an officer has graduated, or has sat his final degree examinations before withdrawal (even though his application to withdraw may have been made prior to these examinations) if, in the event, he obtains his degree.

UNIFORM

26. On entry at the Britannia Royal Naval College, Dartmouth, officers are provided with one uniform suit and a gratuitous issue of a limited number of other items of uniform; on completion of initial training at Dartmouth they are paid a cash grant to purchase mess dress, and on promotion to Sub-Lieutenant they are provided with the remainder of their initial outfit by means of a further cash grant and gratuitous issues. While serving as Midshipmen, officers receive with their pay a daily allowance for upkeep of their uniform; thereafter, uniform upkeep is by means of Income Tax relief in place of the daily allowance.

27. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer (or, if he is under 18 years, against his parent or guardian) for any specific article not returned.

28. In addition, if an officer withdraws voluntarily, he is required, at the discretion of the Admiralty Board, to refund the value of the gratuitous uniform outfits and cash grants (as described in paragraph 26 above) on the following scale:—

Grants paid and issues made less than 1 year before date of resignation	In full
Grants paid and issues made more than 1 year but less than 2 years before date of resignation	Two thirds
Grants paid and issues made more than 2 years but less than 3 years before date of resignation	One third
Grants paid and issues made more than 3 years before date of resignation	Nil

29. The amount of refund is reduced by the value of any Kit Deficiency Certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

PART 3

EDUCATIONAL REQUIREMENTS

30. The minimum academic qualifications required for Naval College Entry to the Royal Navy on a Short Career Commission in the Engineering specialisation are given below.

31. Candidates should possess, or be within one academic year of obtaining, these qualifications when their applications are forwarded.

32. Actual certificates showing the results of examinations already taken should be forwarded

with Application Forms. Examination results received after the despatch of the Application Form should also be forwarded to the Ministry of Defence, Naval Personnel Division 1, Old Admiralty Building, Whitehall, London SW1A 2BE.

33. Academic qualifications other than those given below may be accepted if in the opinion of the Ministry of Defence, they are of an equivalent or higher standard. If any doubt exists as to the acceptability of any subject or combination of subjects, Naval Personnel Division 1 should be consulted.

34. Passes at Grade 1 of the Certificate of Secondary Education will be accepted in lieu of Ordinary level passes in the General Certificate of Education on a subject for subject basis.

35. A Table of Acceptable Subjects follows paragraph 39 below.

36. General Certificate of Education—England, Wales, Northern Ireland:—

Passes in 5 acceptable subjects including:

- English Language at Ordinary Level
- Mathematics (Pure and Applied) at Advanced level
- Physics (or J.M.B. Engineering Science or Physical Science) at Advanced level.

37. Candidates from Scottish Schools may qualify either by:—

- (a) General Certificate of Education Passes as in paragraph above; or
- (b) Mathematics (including Paper III Mechanics) Certificate of Sixth Year Studies
- Physics Certificate of Sixth Year Studies
- Higher Grade Chemistry
- Another Higher or Ordinary Grade acceptable subject.

Note: In schools not offering G.C.E. "A" levels or the Certificate of Sixth Year Studies, the following qualifications will be accepted in lieu:—

- Higher Grade Mathematics—Grade B Pass
- Higher Grade Physics—Grade B Pass, or
- Higher Grade Engineering (Grade B Pass) plus
- Ordinary Grade Physics
- Higher Grade Chemistry
- Higher or Ordinary Grade English
- Another Higher or Ordinary Grade acceptable subject.

together with a Headmaster's certificate showing that the candidate has studied Mathematics (including Mechanics) and Physics for a full year after gaining the S.C.E. Higher Grade qualifications to a standard and coverage equivalent to that of G.C.E. "A" level or the Certificate of Sixth Year Studies. Candidates proposing to qualify with such a Headmaster's certificate are strongly recommended to consult Naval Personnel Division 1 after obtaining their Highers.

38. S.C.E. Ordinary Grade subjects must be passed at Band C (Range 8/9) or above.

39. Ordinary National Certificate Diploma.

An Ordinary National Certificate in subjects appropriate to further Electrical or Mechanical specialisation, showing at least a credit in 4 subjects and including distinction or near distinction in Mathematics. Notes:—

(1) *Overlapping Subjects*

Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content, only one of the overlapping subjects may count towards the qualifying standard. Examples of overlapping subjects are:—

Physics and Physics-with-Chemistry

Variants of History—e.g. European History and Economic History

General Classics and either Latin or Greek

"A" and "O" levels in the same form of Mathematics

Variants of Religious Knowledge, Navigation, Seamanship, Economics, British Constitution.

(2) *Science Subjects*

(a) Environmental Science is not an acceptable qualifying Physics subject but may be offered as an additional "O" level with One of Physics, Chemistry or Biology but not with any other subject containing two or more Sciences. Of "A" levels in Engineering Science or Engineering, only J.M.B. Engineering Science is acceptable as an alternative to Physics "A" level. J.M.B. Engineering Science and Physics may not therefore be offered as separate "A" level subjects. Oxford Board Engineering or A.E.B. Engineering Science may, however, be offered additionally to Physics at "A" level.

(b) Physical Science "A" level satisfies the requirement in Physics and Chemistry for Engineering specialisation, but can count as only one subject.

(c) For project schemes and "multiple" Science subjects, acceptance of passes in special "A" level examinations is subject to assessment of the syllabuses and papers concerned. In all cases the normal rules regarding acceptable and overlapping subjects apply.

(3) *Mathematical Subjects*

- (a) At "O" level. All candidates must offer the normal "O" level subject of their G.C.E. Board in Mathematics, Pure Mathematics or General Mathematics.
- (b) At "AO" or "O" level. Additional Mathematics may only also be offered as a qualifying subject when the optional papers chosen cover a syllabus substantially different from the normal Mathematics "O" level taken and when the two Mathematics subjects together contain an adequate element of Applied Mathematics/Mechanics.
- (c) At "A" level. The Ministry of Defence generally accepts the regulations of the G.C.E. Boards regarding appropriate papers to be taken in Mathematics as a single "A" level subject and those to be taken in Pure Mathematics and Applied Mathematics (or Mathematics and Further Mathematics) as two separate "A" level subjects.
- (d) A knowledge of Statistics is recognised to be of value but where Statistics is an option alternative to Mechanics, Engineer candidates must be expected to take the Mechanics option.
- (e) Number of subjects to count. Not more than two mathematics subjects at any level may count towards the requirements.

Modern or Experimental Syllabus

- (f) Passes at Ordinary and Advanced Levels in a G.C.E. examination of a recognised examining board and which are based on a modern or experimental syllabus are acceptable (e.g. The School Mathematics Project, Midlands Mathematical Experiment, St. Dunstan's Project, Mathematics for Education and Industry Project, Shropshire Experiment, Nuffield Project).
- (g) For the Engineering specialisation, an S.M.P. "A" level in Mathematics or Further Mathematics satisfies the requirements in Mathematics, both Pure and Applied, and Nuffield Physical Science "A" level is acceptable as a qualification in both Physics and Chemistry. For other project schemes, acceptance of passes in special "A" level examinations is subject to assessment of the syllabus and papers concerned. In all cases the normal rules regarding acceptable and overlapping subjects apply.

(4) *General*

With many Regional and National Examination Boards it is not feasible to produce an absolutely comprehensive list of Acceptable Subjects and, if any doubt exists as to the acceptability of any subject or combination of subjects, Naval Personnel Division I should be consulted.

PART 4

MEDICAL STANDARDS

40. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore, and afloat, in any part of the world throughout his period of service.

41. An International Vaccination Certificate which has been counter-signed by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years against Smallpox.

42. The following is a list of defects which may cause rejection:—

- (a) *Poor Physique* imperfect development or

skeletal deformity either hereditary or acquired.

- (1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting.
- (2) abnormal spinal conditions, abnormal locomotion, amputations.
- (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet.
- (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) *Obesity*. Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored.
- (c) *Skin Disease* unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) *Psychiatric Disorders* or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer
- (e) *Disorders of the Central Nervous System*. Organic disease of the C.N.S.: Epilepsy; Migraine if recurrent and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.
- (f) *Deformity or any chronic disease of eyes or eyelids*.
- (g) *Diseases of the Ear, Nose and Throat*
 - (1) *Perforations*—an unhealed perforation is a bar to entry.
 - (2) *Mastoid Operation*. A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval E.N.T. Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the naso-pharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - (4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
 - (5) *Tonsillitis* apparent enlargement of the tonsils is not a cause for rejection.
 - (6) *Sinusitis* repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt, a specialist opinion should be obtained.
- (h) *Diseases of the Chest*. Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.
 - (1) *Asthma* where this forms, or is likely to form a serious impediment to the efficient performance of duty.
- (i) *Cardio-vascular functional or organic disease* of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director General (Naval).
- (j) *Rheumatic Fever*. An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:—
 - (1) there has been anti-streptococcal anti-

- biotic prophylaxis for a period of 5 years without recurrence, or
- (2) there has been ten years' freedom from recurrence, no prophylaxis having been given.
 - (3) the candidate is over age 25 and has been 3 years free of recurrence.
- (k) *Disease of the liver, spleen, stomach or bowels.*
- (1) Peptic Ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; Haemorrhoids.
- (l) *Genito-Urinary Conditions*
- (1) Congenital, active or latent syphilis. Gonorrhoea.
 - (2) Albuminuria, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
 - (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
 - (4) Stricture of the urethra.
 - (5) Incontinence of urine.
 - (6) Enuresis, if this is within the last 2 years.
 - (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
 - (8) Serious defect or malformation of the genital organs.
 - (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
 - (10) Disease and malformations of the kidneys.
 - (11) Urolithiasis.
- (m) *Allergic Diseases* where these form, or are likely to form a serious impediment to the efficient performance of duty.
- (1) Hay fever mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (n) *Metabolic Conditions* diseases of the thyroid gland, hyperthyroidism, myxoedema.

VISUAL STANDARDS

43. Distance and reading glasses are permitted at all times.

VISUAL ACUITY

<i>Standard 2</i>	<i>Better Eye</i>	<i>Worse Eye</i>
Visual acuity to be achieved with or without correcting lenses	either 6/6 N5 or 6/9 N5 or 6/12 N5	6/24 N10 6/18 N10 6/12 N10

OTHER QUALIFICATIONS

- (a) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.

- (b) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.

PART 5

TRAINING, PROMOTION AND CAREER PROSPECTS

(This information is for guidance only and does not form part of the Entry Regulations. From time to time changes may be made in the conditions of service.)

TRAINING

44. Short Career Commission Naval College Entrants to the Engineering specialisation are given two terms of General Naval Training at the Britannia Royal Naval College, Dartmouth, and in the Dartmouth Training Ship. They then go to the Fleet and spend the time until they start their degree studies at the Royal Naval Engineering College, Manadon, in September, working for their Fleet Board.

45. On leaving Manadon with their degrees, officers return to the Fleet to complete the preparation for their Fleet Board, which is normally taken in December. After the Fleet Board they remain at sea working in their own Departments until they start Application Courses. These courses are followed by appointment to a complement billet for their first job.

PROMOTION

46. Short Career Commission officers follow a rank/promotion progression which is not tied to the completion of particular stages of training. The standard rank/promotion progression for N.C.E. officers is as follows (variations to it, which depend upon age on entry, are given in paragraphs 47 and 48 below):—

- (a) Entry in the rank of Midshipman with seniority of the first day of the month of entry (exceptionally, where entry is in the last week of a month, seniority will be the first day of the subsequent month);
- (b) Promotion to Sub-Lieutenant (Acting or Confirmed) on achieving 2 years' seniority as Midshipman. The rank of Sub-Lieutenant is held either in the Confirmed or Acting capacity according to whether an officer has or has not passed his Fleet Board examination;
- (c) Promotion to Lieutenant 5 years after entry. Officers who have earned seniority gains during their training are promoted to Lieutenant correspondingly earlier, between 4 and 5 years after entry.

47. *Variation to the rank/promotion progression of officers aged between 21 and 22 on entry.* Such officers enter as Midshipmen with seniority of the first day of the month on which they became 21. They receive their first increment as Midshipmen on achieving one year's seniority in the rank, and are promoted to Sub-Lieutenant (Acting or Confirmed) on achieving the normal 2 years' seniority in the rank of Midshipman. Promotion to Lieutenant takes place 5 years after entry although officers who have earned seniority gains are promoted correspondingly earlier.

48. *Variation to the rank/promotion progression for officers aged 22 or over on entry.* Such officers enter as Midshipmen, but because of their age are given one year's seniority in the rank. They are therefore promoted to Acting Sub-Lieutenant after one year on achieving 2 years' seniority as Midshipman. (A special rate of pay applies after their third year as Sub-Lieutenant.) Promotion to Lieutenant takes place 5 years after entry, although officers who have earned seniority gains during training are promoted correspondingly earlier.

CAREER PROSPECTS

49. Short Career Commission officers in the Engineering specialisation are considered for promotion to Lieutenant-Commander in a zone of 8 to 12 years' seniority as Lieutenant.

50. Extension of Short Career Commission: Officers may apply at any time after completing 18 months' service in complement billets to have their Short Career Commissions extended to a Permanent Commission for service to the age of 50. Only a small number of such extensions is granted, and the officers concerned have prospects of promotion to the rank of

Commander in a zone of 8 to 14 years' seniority as Lieutenant-Commander.

51. Transfer to a Full Career Commission: Officers may apply at any time after completing 18 months' service in complement billets for transfer to a Full Career Commission. Such transfer is normally restricted to officers under the age of 29. Officers transferred to a Full Career Commission are promoted to Lieutenant-Commander on attaining 8 years' seniority as a Lieutenant. They also enjoy better promotion prospects to the rank of Commander and above in competition with other Full Career Commission officers.

ROYAL NAVY—NAVAL COLLEGE ENTRY SEAMAN SPECIALISATION SHORT CAREER COMMISSIONS

INTRODUCTION

1. A Short Career Commission in the Royal Navy caters for the young man who wishes to serve as an officer for a limited period, or who may prefer initially to join on a short service basis before deciding whether he wishes to commit himself to a Full Career Commission should he be offered one.

2. In the Seaman specialisation, the Short Career Naval College Entry (NCE) Scheme offers a 10-year commission with an option to leave on completion of 5 years' service. A gratuity is payable on successful completion of either period. In both cases the period of active service is followed by 4 years on the Emergency List, during which officers are liable for service only in time of war or other national emergency. Officers have the opportunity to be selected for transfer to a pensionable commission which will allow them to serve to age 38 or for 16 years, whichever is later. They may also apply to extend their service to age 50.

3. All officers have the chance to be selected for transfer to a Full Career Commission.

4. In the main, Short Career Commission NCEs are employed on general Seaman duties in all classes of ship and some may be selected to sub-specialise in Submarines, Aircraft Control, Mine Countermeasures and Clearance Diving, and Hydrography.

5. To be considered for entry on a Short Career Commission candidates must successfully undertake the selection procedure, meet certain medical standards and hold the necessary educational qualifications. Successful candidates join the Britannia Royal Naval College, Dartmouth, in January and May.

6. The Regulations governing entry are detailed as follows:

Part 1. Method of Selection and Acceptance for Entry.

Part 2. General Conditions of Entry

Part 3. Educational Requirements.

Part 4. Medical Standards.

Part 5 gives information about Training, Promotion and Career Prospects, but does not form part of the Regulations.

PART 1

METHOD OF SELECTION AND
ACCEPTANCE FOR ENTRY

APPLICATIONS

7. The Application Form should be completed and returned, together with birth and educational certificates, to the Director of Naval Recruiting (Officer Entry Section), Old Admiralty Building, Spring Gardens, London SW1A 2BE. Applications should be forwarded by the end of October for entry in January and by the end of February for entry in May. Any

candidate who has not received an acknowledgement of his application within 10 complete days should write at once to the above address.

INTERVIEW

8. All candidates attend the Admiralty Interview Board in H.M.S. *Sultan*, Gosport, Hampshire, which is under the Presidency of a Flag Officer (or Captain R.N.), assisted by other Naval and civilian members. The Board takes account of academic attainments, Headmasters' or Tutors' reports, and the results of tests of intelligence, aptitude and personality conducted during the selection procedure. Candidates attend the Admiralty Interview Board for 1½ days.

9. Unsuccessful candidates may appear before the Admiralty Interview Board for a further attempt after a minimum of 12 months.

MEDICAL EXAMINATION

10. Candidates who are recommended for entry by the Admiralty Interview Board are generally called about a week later for a medical examination by the Naval Medical Board, Empress State Building, Lillie Road, London SW6 TR1. For candidates who have to travel long distances, every effort is made to arrange the medical examination on the day following their interview.

11. Candidates who are below the physical and/or visual standards are informed as soon as possible so that they may appeal, if they wish, to the Naval Medical Board of Appeal. This consists of a representative of the Medical Director General (Naval) and the appropriate Civilian Consultant to the Navy, according to the nature of the disqualification(s). A nominal fee of £1 must accompany an application to appeal; this fee is refunded if the appeal is successful. Accommodation, meals and travelling expenses incurred attending an Appeal Board are not refunded.

TRAVELLING AND OTHER EXPENSES

12. Where travelling expenses above 25p are incurred within the United Kingdom in order to attend the selection tests or medical examination, 2nd Class rail or bus fares from a candidate's school or normal place of residence in the United Kingdom are refunded in full. Lodging and food are provided free of charge in H.M.S. *Sultan*, and a light meal is provided at the Medical Board where appropriate.

13. Candidates who have to travel long distances within the United Kingdom to reach the Interview or Medical Board, and are obliged to pay for accommodation (or for a sleeping berth on a train or ship), may be refunded reasonable expenses for evening meals, bed and breakfast for each night necessarily spent away from home. The maximum refunds allowed will be notified separately. Claims must be supported by a receipted bill or voucher for each night's

accommodation. No other expenses for accommodation and meals can be refunded.

ACCEPTANCE FOR ENTRY

14. Candidates are normally told by the Admiralty Interview Board shortly after their interview whether they have been recommended for a commission in the Royal Navy. Those who are recommended should not, however, assume that their entry is guaranteed because the final acceptance rests with the Ministry of Defence: candidates who satisfy the educational requirements and medical standards given in Parts 3 and 4 below are placed in an Admiralty Interview Board Order of Merit from which the selections for the available places are made. When the number of vacancies is small, the final selections may not be made until all candidates have been interviewed. Every effort is made to give those who are selected a full month's notice of their entry date.

PART 2

GENERAL CONDITIONS OF ENTRY

AGE LIMITS

15. Candidates for Naval College Entry on a Short Career Commission must be at least 17 but under 23 years of age on entry.

16. A Registrar's copy of the candidate's birth certificate must be supplied or, if one cannot be obtained, other documentary evidence (which may be a Statutory Declaration by a parent or guardian before a Magistrate) giving exact date of birth.

NATIONALITY

17. To be eligible, candidates must:

- (a) at all times since birth have been a British Subject or a Citizen of the Republic of Ireland; and
- (b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and
- (c) have parents, both of whom were born in such country or territory or in the Republic of Ireland and have always been, or always were, British Subjects or Citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may, in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Applications for entry from such applicants should be accompanied by the following documents:

- (a) Naturalisation Certificate or evidence of Naturalisation;
- (b) Parents' birth and marriage certificates;
- (c) Candidate's and parents' passports.

18. Candidates who are Citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British Nationality (in order to be issued with a British passport). Application for British Nationality will in no way affect a candidate's Citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

19. Candidates who are not of UK origin should have resided in the United Kingdom for at least 5 years immediately preceding their application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

PROBATIONARY PERIOD AND WITHDRAWAL FROM THE SERVICE

20. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserves the right to terminate an appointment at any time if an officer:

- (a) fails to reach a satisfactory standard during his studies or in training; or

(b) his conduct is unsatisfactory; or

(c) he does not display the qualities required of a Naval officer.

21. Officers to whom a naval career ceases to appeal are normally allowed to withdraw from training, subject to the conditions of paragraphs 23 and 24 below, at any time up to the completion of training (some 2 years after entry). Thereafter, officers are not normally allowed to withdraw until they have given a period of effective service of 2½ years from the date of their first appointment after satisfactory completion of training (between a total of 4 and 5 years after entry, depending upon the length of training). This rule is only waived in exceptional circumstances (e.g. compassionate cases).

UNIFORM

22. On entry at the Britannia Royal Naval College, Dartmouth, Short Career Commission NCEs are provided with one uniform suit and a gratuitous issue of a limited number of other items of uniform; on completion of initial training at Dartmouth they are paid a cash grant to purchase mess dress, and on promotion to Sub-Lieutenant they are provided with the remainder of their initial outfit by means of a further cash grant and gratuitous issues. While serving as Midshipmen, officers receive with their pay a daily allowance for upkeep of their uniform; thereafter, uniform upkeep is by means of Income Tax relief in place of the daily allowance.

23. It is a condition of entry that an officer whose appointment is terminated compulsorily before he has completed 2 years' service will be required to return his principal items of free issue uniform, charges being raised against the officer (or, if he is under 18 years of age, against his parents) for any specific article not returned.

24. In addition, if an officer withdraws voluntarily he is required, at the discretion of the Admiralty Board, to refund the value of the gratuitous uniform issues and cash grants (as described in paragraph 22 above) on the following scale:

Grants paid and issues made less than one year before date of resignation	In full
Grants paid and issues made more than one year but less than two years before date of resignation ..	Two-thirds
Grants paid and issues made more than two years but less than three years before date of resignation ..	One-third
Grants paid and issues made more than three years before date of resignation	Nil

25. The amount of refund is reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

5 YEAR BREAK-POINT

26. Officers who wish to leave the Service at their 5 year break-point must give 6 months' notice of their intentions.

PART 3

EDUCATIONAL REQUIREMENTS

27. All candidates must forward with their applications actual certificates showing that they possess one of the following groups of educational qualifications:

- (a) Passes in English Language, Mathematics and 3 other subjects either
 - (1) at Ordinary level of the General Certificate of Education; or
 - (2) at Ordinary Grade (Band C, Range 8/9, or above) in the Scottish Certificate of Education; or

- (3) in the Irish Leaving Certificate (Passed at Grade D or above on Ordinary or Honours papers); or
 - (4) at Grade 1 in the Certificate of Secondary Education.
 - (b) An Overseas School Leaving Certificate issued by the University of Cambridge Local Examination Syndicate (or the equivalent) showing Credit passes in English, Mathematics and 3 other subjects.
 - (c) Educational qualifications which, in the opinion of the Ministry of Defence, are of equivalent or higher standard than those at sub-paragraph (a) (1) above.
28. Subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in school curricula and are recognised by the GCE Examining Boards, except as set out below:
- (a) Where GCE or equivalent certificates are held in subjects which overlap significantly in content (e.g. Physics and Physics-with-Chemistry), only one of the overlapping subjects may count towards the qualifying standard.
 - (b) Normally only one subject may count from within each of the following groups:
 - (1) Art or Music
 - (2) Commercial subjects
 - (3) Technical subjects
 - (4) Additional Mathematics, Applied Mathematics, Mechanics.
 - (c) Botany and Zoology may be offered as separate subjects. Biology is also an acceptable subject, provided it is not offered with either Botany or Zoology.
 - (d) Passes in a General Certificate of Education examination of a recognised Examining Board which are based on a modern or experimental syllabus (such as the School Mathematics Project, the Midlands Mathematical Experiment, the St. Dunstan's Project, the Mathematics for Education and Industry Project, the Shropshire Experiment, the Nuffield Project) are acceptable on a subject for subject basis.

29. In all cases where doubt exists about a candidate's qualification for Naval College Entry for a Short Career Commission, Naval Personnel Division 1, Old Admiralty Building, Whitehall, London SW1A 2BE, should be consulted.

30. If a candidate has passed one of the above examinations but has not yet received the actual certificate, a certified statement from the Examining Body (but not the Headmaster) that he has been successful and has obtained passes in the required subjects, or the advance results slip, will be accepted.

PART 4 MEDICAL STANDARDS

31. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world throughout his period of service.

32. An International Vaccination Certificate which has been countersigned by the Local Medical Officer of Health, must be obtained before entry, showing that the candidate has been vaccinated or revaccinated within the last 3 years against Smallpox.

33. The following is a list of defects which may cause rejection:

- (a) *Poor Physique.* Imperfect development or skeletal deformity either hereditary or acquired.

- (1) asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting;
- (2) abnormal spinal conditions, abnormal locomotion, amputations;
- (3) Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet;
- (4) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) *Obesity.* Providing that the candidate's cardiovascular and respiratory systems are within normal limits, that the exercise tolerance is normal, and that there is no undue dyspnoea on exertion, the candidate's actual weight may be ignored.
- (c) *Skin Disease.* Unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.
- (d) *Psychiatric Disorders.* Or a history thereof, including anxiety states, depression, impaired intellect, emotional instability, stammer.
- (e) *Disorders of the Central Nervous System.* Organic disease of the CNS: epilepsy, migraine if re-current and of sufficient severity to require medical treatment or absence from work is normally a bar to entry.
- (f) *Deformity or any chronic disease of eyes or eyelids.*
- (g) *Diseases of the Ear, Nose and Throat*
 - (1) *Perforations*—an unhealed perforation is a bar to entry.
 - (2) *Mastoid Operation.* A radical mastoid operation is a bar to entry. A modified radical mastoid operation may be acceptable on the advice of a Naval ENT Specialist. A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection.
 - (3) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the naso-pharynx. Simple septal deviations or nasal deformities are not cause for rejection.
 - (4) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
 - (5) *Tonsillitis.* Apparent enlargement of the tonsils is not a cause for rejection.
 - (6) *Sinusitis.* Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection. In case of doubt a specialist opinion should be obtained.
- (h) *Diseases of the Chest.* Definite evidence of disease of the lungs or pleura. Cases of doubt should be referred to the Medical Director General (Naval) for decision.
 - (1) *Asthma.* Where this forms, or is likely to form a serious impediment to the efficient performance of duty.
 - (i) *Cardio-vascular.* Functional or organic disease of the heart and blood vessels. Congenital heart disease excepting those with an uncomplicated lesion such as patent ductus arteriosus or atrial septal defect which has been completely cured by surgery. These cases may be accepted for entry subject to approval by the Medical Director General (Naval).
 - (j) *Rheumatic Fever.* An established history of rheumatic fever may be accepted in the absence of abnormal cardiac signs provided:
 - (1) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
 - (2) there has been 10 years' freedom from recurrence, no prophylaxis having been given.

- (k) *Disease of the liver, spleen, stomach or bowels*
- (1) Peptic Ulcer.
 - (2) Hernia does not entail rejection. However, a satisfactory surgical repair must have been carried out before a candidate can be allowed to enter.
 - (3) Fistula or fissure of anus; Haemorrhoids.
- (l) *Genito-Urinary Conditions*
- (1) Congenital, active or latent syphilis. Gonorrhoea.
 - (2) Albuminuria, unless 3 consecutive first morning specimens are found to be clear of albumin. Any deposit is also to be checked.
 - (3) Glycosuria, unless a satisfactory report on a sugar tolerance test is produced.
 - (4) Stricture of the urethra.
 - (5) Incontinence of urine.
 - (6) Enuresis, if this is within the last 2 years.
 - (7) Hydrocele and Varicocele except that a satisfactory surgical repair will normally render a candidate fit for entry.
 - (8) Serious defect or malformation of the genital organs.
 - (9) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
 - (10) Diseases and malformations of the kidneys.
 - (11) Urolithiasis.
- (m) *Allergic Diseases.* Where these form, or are likely to form, a serious impediment to the efficient performance of duty.
- (1) *Hay Fever.* Mild attacks which would not affect the efficient performance of duty may be ignored. Severe hay fever is likely to be a bar to entry, the severity being judged by the need for prolonged medication.
- (n) *Metabolic Conditions.* Diseases of the thyroid gland hyperthyroidism, myxoedema.

VISUAL STANDARDS

34. VISUAL ACUITY STANDARDS

Standard 1	Better Eye	Worse Eye
Visual acuity to be achieved without correcting lenses	6/9 N5	6/12 N5
Refraction Limit		
Total hypermetropia	+2.50 sphere	+3.50 sphere
Astigmatism	+0.75 cyl	+1.00 cyl
Myopia	-0.25 sph or cyl	-0.75 sph or cyl

COLOUR PERCEPTION STANDARDS

Standard	Test Specification
1	The correct recognition of coloured lights shown through the small paired apertures on the Martin Lantern at 6 metres (20 feet) distance.

35. OTHER QUALIFICATIONS

- (a) Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.
- (b) Anisometropia within the following limits will be acceptable in the Seaman Specialisation. Better eye 6/6 N5 without lenses and a manifest

hypermetropia of not less than +0.75 sphere and not more than +1.50 sphere: worse eye 6/60 N5 without lenses correcting to 6/6 with lenses.

- (c) Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable. Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.
- (d) Spectacles. There is in general no restriction to the wearing of lenses to increase visual efficiency provided that the standards are met. In certain circumstances they are incompatible with adequate job performance (e.g. Aircrew) and are therefore not permitted in these situations.

PART 5 TRAINING, PROMOTION AND CAREER PROSPECTS

(This information is for guidance only and does not form part of the Entry Regulations. From time to time, changes may be made in the conditions of service.)

TRAINING

36. Short Career Commission NCEs are given one year of General Naval Training on entry. They first spend a term at the Britannia Royal Naval College, Dartmouth, and then 9 weeks in the Dartmouth Training Ship. They return to the College for an examination, to undertake an academic course and for continuation Naval Training during the third term of the year.

37. On satisfactory completion of their General Naval Training, officers spend about a year with the Fleet, during which time they take their Fleet Board examination. After their Fleet Training, officers may be selected to sub-specialise (see paragraph 4). Those who are selected to sub-specialise spend up to 6 months on courses before going to sea in their first complement billet. Those who do not sub-specialise go into their first complement billet immediately after their Fleet Training. In this first complement billet officers work to obtain a Bridge Watchkeeping Certificate, and an Ocean Navigation Certificate.

PROMOTION

38. Short Career Commission officers follow a rank/promotion progression which is not tied to the completion of particular stages of training. The standard rank/promotion progression for NCE officers is as follows (variations to it, which depend upon age on entry, are given in paragraphs 39 and 40 below):

- (a) Entry in the rank of Midshipman with seniority of the first day of the month of entry (exceptionally, where entry is in the last week of a month, seniority will be the first day of the subsequent month).
- (b) Promotion to Sub-Lieutenant (Acting or Confirmed) on achieving two years' seniority as Midshipman. The rank of Sub-Lieutenant is held either in the Confirmed or Acting capacity according to whether an officer has or has not passed his Fleet Board examination.
- (c) Promotion to Lieutenant 5 years after entry. Officers who have earned seniority gains during their training are promoted to Lieutenant correspondingly earlier, between 4 and 5 years.

39. *Variation to the rank/promotion progression of officers aged between 21 and 22 on entry.* Such officers enter as Midshipmen with seniority of the first day of the month on which they became 21. They receive their first increment as Midshipman on achieving one year's seniority in the rank, and are promoted to Sub-Lieutenant (Acting or Confirmed) on achieving

the normal two years' seniority in the rank of Midshipman. Promotion to Lieutenant takes place 5 years after entry, although officers who have earned gains of seniority during their training are promoted correspondingly earlier.

40. *Variation to the rank/promotion progression for officers aged 22 or over on entry.* Such officers enter as Midshipmen, but because of their age are given one year's seniority in the rank. They are therefore promoted to Acting Sub-Lieutenant after one year on achieving two years' seniority as Midshipman. (A special rate of pay applies after their third year as Sub-Lieutenant.) Promotion to Lieutenant takes place 5 years after entry, although officers who have earned gains of seniority during their training are promoted correspondingly earlier.

CAREER PROSPECTS

41. Transfer to a Full Career Commission: There are good opportunities for Short Career NCEs to transfer to a Full Career Commission. Transfers are mainly effected in the 4-8 year zone of service, but officers showing outstanding promise during training have the opportunity to transfer within the 2-3 year zone of service. Officers transferred to a Full Career

Commission are promoted to Lieutenant-Commander on attaining 8 years' seniority as a Lieutenant. They also enjoy better promotion prospects to the rank of Commander and above. Promotion to these ranks is in competition with other Full Career Commission officers.

42. Transfer to a 16-year Pensionable Commission: Officers may be selected for transfer to a commission which will attract Retired Pay on completion of 16 years' reckonable (i.e. from age 21) service, or at the age of 38, whichever is the later. On completion of the commission officers are placed on the Retired List. In order to be considered for transfer to a Pensionable Commission, officers must normally have the expectation of serving for a further 10 years on the Active List before reaching their 16 year or age 38 point.

43. Extension of Short Career Commission: Officers may apply to have their Short Career Commissions extended to a Permanent Commission for service to the age of 50. On completion of the commission officers are placed on the Retired List and qualify for a pension. Only a small number of such extensions is granted and the officers concerned have prospects of promotion to the rank of Commander.

RATING AND OTHER SERVICE CANDIDATES FOR SEAMAN DUTIES ON SHORT CAREER COMMISSIONS

1. Entry to the Seaman Specialisation under the foregoing conditions is open to suitably qualified Naval Ratings and R.M. Other Ranks; Upper Yardmen who fail to reach the academic standard required for Full Career Commissions, or for Short Career Engineering Commissions or Helicopter Aircrew with the required qualifications who fail during flying training.

2. Aircrew officers who fail during flying training and are selected for Seaman duties will return to Dartmouth for a term in the Dartmouth Training Squadron.

3. Naval Ratings and R.M. Other Ranks selected as Seaman Officers will enter Dartmouth as Cadets for General Naval Training. They may remain on

their existing rates of pay, plus 50p a day, so long as this is to their advantage.

4. Selection procedure for Service candidates other than Upper Yardmen will be the same as for civilian candidates. The procedure for dealing with applications from Naval Ratings and R.M. Other Ranks will be similar to that laid down in this book for rating and R.M. candidates for Short Career Aircrew Commissions.

5. Candidates serving abroad should not be recommended unless they have, as far as is practicable with local resources, been passed medically fit for seaman duties.

6. Ex-Ratings and R.M. Other Ranks who fail during Seaman Officer training may, if they wish, return to their former rating branch in lieu of release from the Service.

REGULATIONS FOR CHAPLAINS, R.N.

Chaplains leaving the Service on the expiration of the Short Service commission will be placed on the Emergency List and will be liable for service in war or emergency during the subsequent 4 years. Antedates of Seniority

14. The actual date of entry will also be used in determining allowances.

15. During the Short Service Commission period a Chaplain having proved himself to be in every way suitable for permanent duty in the Navy may, at the beginning of his fourth year, be offered the opportunity to apply for a pensionable commission of sixteen years. If he is given this option and wishes to continue, an application must be promptly submitted through normal Service channels. This amount may be increased to £4.80 when the interview or examination is held within four miles of Charing Cross. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

22. Chaplains on board ship are victualled under the usual conditions for Naval Officers. They are required to pay the usual mess subscriptions.

PART 3

MEDICAL STANDARDS

1. In general, physical defects of body, impediment of speech, defect of sight or hearing, and pre-disposition to constitutional or hereditary disease or weakness will cause rejection, if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world, throughout his period of service.

2. An International Vaccination Certificate which has been counter-signed by the Local Medical Officer of Health, may be obtained before entry, showing that the candidate has been vaccinated or re-vaccinated within the last 3 years against smallpox.

3. The following is a list of defects which may cause rejection:—

- (1) Poor physique, imperfect development, or skeletal deformity, either hereditary or acquired; obesity. To be judged on their present or future effect on functional ability.
- (2) Skin disease, unless temporary or trivial, Psoriasis, chronic eczema, or a history of such conditions must be considered cause for rejection, and borderline cases must be referred to a Service Consultant. Scars which, by their extent or position, cause or are likely to cause, disability or marked disfigurement. Diseases and deformity of the nails. Alopecia areata, if chronic.
- (3) Psychiatric disorder, impaired intellect, epilepsy, stammer, gross malformation of the skull, dysarthria, dysphasia, dyslexia.
- (4) Impaired hearing; discharge from or disease of one or both ears; unhealed perforation of the tympanic membranes; radical or modified radical mastoid operations. A cortical mastoid operation, provided the ear is healthy, the tympanic membrane intact, and there is no defect of hearing, is not a cause for rejection.
- (5) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the nasopharynx.
- (6) Disease of the throat and palate. Hypertrophy of the tonsils is not necessarily a cause for rejection. Chronically diseased gums. Gross oral sepsis. Disease or injury affecting the normal function of either mandibular joint or gross deformity of the jaws.
- (7) Tuberculous glands of the throat and neck. Enlargement of the thyroid gland, hyperthyroidism. Scars of operations for the removal of tuberculous glands are not a cause for rejection, provided that there has been no active disease within the preceding 5 years, and the chest is clinically and radiologically clear.

- (8) History of pulmonary tuberculosis of adult type in a candidate below the age of 23, unless there is clear evidence that the disease is arrested and that the candidate has completed a full course of anti-tuberculous treatment and a sufficient period of time has passed as assessed by a Consultant Chest Physician. If the candidate is over age 23 the case will be considered on merit following full clinical examination, full plate chest X-ray, consideration of all available medical reports and preferably a Naval Consultant's opinion. Chronic disease of the chest. A history of treatment with anti-tuberculous drugs where it can be proved that this was merely given on account of a Mantoux conversion (i.e. during the formation of a primary complex) and if it can be confirmed that there was subsequently a satisfactory history and chest X-ray, need be no bar to entry.
- (9) Functional or organic disease of the heart and blood vessels. Congenital heart disease except that when an uncomplicated patent ductus arteriosus has been successfully ligatured or when an atrial septal defect of the secundum type with no pulmonary hypertension has been closed, the candidate may be accepted for entry subject to approval by the Medical Director General (Naval).
- (10) Allergic diseases, including asthma, hay-fever and eczema where these form, or are likely to form, a serious impediment to the efficient performance of duty. Migraine, if severe. If there is any history of asthma, clear evidence must be produced that there has been complete freedom from an attack for the preceding 5 years.
- (11) Undue swelling or distension of the abdomen; peptic ulceration or history thereof. Disease of the liver, spleen or kidneys; hernia or tendency thereto. Successful surgical repair of a hernia will not cause rejection. Stricture of the urethra.
- (12) Albuminuria; unless the first morning specimen of urine is clear, and there is no clinical evidence (e.g. cardiac hypertrophy or raised blood pressure), or history which suggests impaired renal function.
- (13) Glycosuria unless a satisfactory report on a sugar tolerance test is produced.
- (14) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If the testicle is situated on the inguinal canal or at the external ring it must either be removed or brought down into the scrotum. If the result of the operation is satisfactory and the other testicle is in the scrotum and normal in character the candidate may be accepted.
- (15) Hydrocele, or other serious defect or malformation of the genital organs. Incontinence of urine or enuresis within the last 2 years. Varicocele, if it clearly forms, or is likely to form, a serious impediment to the efficient performance of duty.
- (16) Fistula or fissure of the anus; haemorrhoids or any disease of the bowels or stomach.
- (17) Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities from whatever cause, a varicose state of the veins, especially of the leg. Bunions, distortion or malformation of the hands, feet, fingers or toes.
- (18) Acute rheumatic fever—candidates with an established history of rheumatic fever may be accepted if they are otherwise fit, provided:—

- (i) they have been on anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
- (ii) they have been 10 years free from recurrence, no prophylaxis having been given, or
- (iii) they are over the age of 25 years, and have 3 years free of recurrence.

DENTAL STANDARDS

5. The candidate should have no marked oral deformity and the teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied prior to entry. The wearing of artificial dentures, provided they are well-fitting, will not disqualify a candidate who is fit and suitable in every other respect.

TRAINING, PROMOTION AND CAREER PROSPECTS: NOTES

RANK AND SENIORITY ON ENTRY

1. The basic rank on entry will be Sub-Lieutenant. Seniority in that rank will be determined in accordance with pre-entry seniority credits based on academic qualifications and practical experience. The rules are set out below. Entrants will continue to serve as Sub-Lieutenants until their seniority, including pre-entry credits, totals 12 months when they will normally be promoted to the rank of Lieutenant. If pre-entry credits of 12 months or more have been earned, entry to the Royal Navy will be direct in the rank of Lieutenant with appropriate seniority.

2. The detailed rules for the award of pre-entry seniority credits are as follows. (These antedates will not count as service reckonable for award of retired pay):—

(a) Previous Commissioned Service.

- (1) Former Instructor Officers, Royal Navy, will re-enter with former seniority adjusted by time out of the Service provided that this time does not exceed 5 years.
- (2) Officers who, on entry into the Instructor Branch, have had previous full-time commissioned service in the Royal Navy (other than in the Instructor Branch) or Army or Royal Air Force, may be entitled to have such service taken into account in determining their seniority provided that it did not terminate more than 5 years before entry to the Instructor Branch.

(b) Credits for Degrees.

- (1) Good Honours Graduate ... 3 years
- (2) Other Graduates ... 1 year

The definitions of "good honours graduate" and "graduate" are as in the current "Scales of Salaries for Teachers" (Burnham Report).

- (c) Credits for civilian experience. Relevant post graduate professional experience after age 21 will count, with credit in full up to a maximum of 2 years. Examples of relevant experience could be graduate apprenticeships, teacher training after graduating, teaching experience after graduating or qualifying research experience and industrial experience as a professional engineer.

TRAINING

3. The time spent under training on entering the Instructor Branch will not generally exceed 6 months. In addition to general training as a Naval officer it will include teacher training and sea experience.

PROBATIONARY PERIOD

4. It must be clearly understood that the period of training is one of probation and the Ministry of Defence reserves the right to terminate an appointment at any time if the officer:

- (a) fails to reach a satisfactory standard during his training; or
- (d) his conduct is unsatisfactory; or
- (c) he does not display the qualities required of a naval officer.

TRANSFERS TO PENSIONABLE AND FULL CAREER COMMISSIONS

6. Graduate officers who have served at least 2 years of a 5 year Short Service Commission may apply to transfer to a Full Career Commission for service to normal age of retirement (see paragraph 8). A limited number of such commissions may be granted to graduate officers who have completed 10 years of a 16 year pensionable commission. Applications for such a transfer should be made during an officer's tenth year of service.

EXTENSION OF SHORT SERVICE COMMISSION

7. Officers who do not wish to transfer or are not selected for transfer to the Commissions at paragraphs 5 and 6 above, may apply after 3 years' service for an extension to their Short Service Commission. Officers will not be eligible for transfer under paragraphs 5 and 6 above during this period of extension. Total service is limited to 12 years.

CONTERMINOUS SHORT SERVICE COMMISSION

8. Officers who are within the last 6 months of a 5-year Short Service Commission may apply for a second 5-year Short Service Commission to commence the day after the first finishes. Conditions of service on a Conterminous Short Service Commission are those normally applicable to Instructor Officers on Short Service Commissions but with the following exceptions:—

- (a) Officers will receive no Terminal Leave between the initial and the Conterminous Short Service Commissions.
- (b) Officers will have no right to withdraw during the first year of the Conterminous Short Service Commission.
- (c) Officers may apply for a 16-year or Full Career Commission at any time until 3 months before

the end of a Conterminous Short Service Commission.

- (d) Officers will be required to forfeit the gratuity to which they would otherwise be entitled at the end of the first Short Service Commission; the time served will count towards a gratuity to be awarded at the end of the Conterminous Short Service Commission or to a pension if they subsequently transfer to a Pensionable Commission.

PROMOTION

9. Instructor Officers will be promoted to Lieutenant-Commander on attaining 8 years' seniority as Lieutenant. Promotion to Commander and above will be by selection from officers serving on Full Career Commissions.

Thereafter, during their first year of service, officers will normally be allowed to withdraw though there may be a delay of up to six months while a replacement is arranged. After their first year of service officers will not normally be allowed to withdraw until they reach their optional 3 year break point. Officers who withdraw at the end of the three year break point are required to give at least 6 months notice.

11. The compulsory retiring ages for Full Career Officers are:—

Lieutenant-Commander ..	48 years
Commander ..	52 years
Captain ..	55 years

12. Officers who are not due for compulsory retirement may, at Ministry of Defence discretion, be allowed to retire voluntarily or to resign as appropriate. All applications will be considered by the Ministry of Defence in the light of the requirements of the Service and, normally, up to 1 years' notice of intention to retire will be required. This period may be longer in cases where an officer has recently been given extensive further training. Special consideration is, however, given to applications made on compassionate grounds.

PAY AND GRATUITY

13. Details of pay and gratuities will be notified separately.

AWARD OF CADETSHIPS

5. Notification of awards will be made as soon as possible after the interview. Successful cadetship candidates who are in receipt of assistance from public funds should inform the appropriate Local Education Authority or other award-making body immediately they are awarded a Royal Naval Dental Cadetship. It should be assumed that no further assistance will be given by that body after the date on which the cadetship commences and it may claim repayment of that portion of the maintenance grant paid to students joining the Royal Navy during the academic year if their Royal Navy pay is sufficiently in excess of what the grant would otherwise have been.

PART 2

GENERAL CONDITIONS OF ENTRY

EDUCATIONAL QUALIFICATIONS

1. Candidates must have passed their 2 BDS and have 7 or less terms of study remaining before their expected date of qualification.

AGE LIMITS

2. There are no fixed age limits, but dental cadetship candidates will normally be required to be no more than 25 years of age at the time of taking up the cadetship.

NATIONALITY

3. To be eligible candidates must:—
(a) at all times since birth have been a British subject or a citizen of the Republic of Ireland; and

(b) have been born in a country or territory which is, or then was, within the Commonwealth or in the Republic of Ireland; and

(c) have parents, both of whom were born in such a country or territory or in the Republic of Ireland and have always been, or always were British subjects or citizens of the Republic of Ireland.

Applicants not able to satisfy these conditions may in exceptional circumstances and with the special permission of the Secretary of State for Defence, be accepted. Such applications should be accompanied by the following documents:—

- (a) naturalisation certificate or evidence of naturalisation;
- (b) parents' birth and marriage certificates;
- (c) candidate's and parents' passports.

4. Candidates who are citizens of the Republic of Ireland will be required as a condition of entry to undertake to apply for British nationality (in order to be issued with a British passport). Application for British nationality will in no way affect a candidate's citizenship of the Republic of Ireland.

RESIDENTIAL QUALIFICATION

5. Candidates who are not of U.K. origin should have resided in the United Kingdom for at least 5 years immediately preceding the application. This rule may be waived in special circumstances by permission of the Secretary of State for Defence.

UNIFORM

6. Officers will be required to provide themselves with a minimum of uniform, details of which will be supplied. A cash grant towards the provision of the necessary items is payable in addition to a free issue of certain articles of clothing.

CONDUCT

7. The Ministry of Defence reserves the right to terminate an appointment at any time if an officer fails to display the qualities required of a naval officer, or his conduct is unsatisfactory. It is a condition of entry that an officer whose appointment is terminated compulsorily will be required to return his principal items of free issue uniform, charges being raised against the officer for any specified article not returned.

REGISTRATION

8. On qualification a Cadet must register with the General Dental Council as a dental practitioner.

FINANCIAL LIABILITY

9. Should an officer entered as a Dental Cadet be permitted to leave the Royal Navy voluntarily before qualifying, or before completing his Short Service Commission subsequent to qualification, he will be required to refund to the Ministry of Defence his educational grant and tuition fees paid from public funds. An undertaking to this effect will be required. A similar refund will be required should a cadet's appointment be terminated because he has failed to qualify as a result of lack of diligence, or should he become medically unfit for reasons attributable to his own fault.

10. In addition, if an officer withdraws voluntarily he will be required, at the discretion of the Admiralty Board, to refund the value of the uniform outfits and cash amounts issued to him on the following scale:—

Grant paid and issues made less than 1 year before date of resignation	In full
Grants paid and issues made more than one year but less than 2 years before date of resignation	Two thirds

Grants paid and issues made more than 2 years but less than 3 years before date of resignation ..	One third
Grants paid and issues made more than 3 years before date of resignation ..	Nil

11. The amount of refund will be reduced by the value of any kit deficiency certificates surrendered by the officer, or any articles of free issue clothing returned to store in a new and unmarked condition, with the exception of made-to-measure garments.

TRAINING, PROMOTION AND CAREER PROSPECTS: NOTES

1. The following notes say what the position is at present as regards promotion and career prospects but changes may be made from time to time.

TRAINING

2. Dental cadets will be required to undergo a period of 3 days training at the Dental Training School, H.M.S. *Nelson* within the first 12 months of their Cadet Service. This training will be of a general nature to introduce them to the customs and traditions of the Service. In the subsequent period of their cadetship they may be required to have further training; subject always to Dental School or Hospital requirements. During this training cadets will wear uniform.

3. While at Dental School cadets will follow the normal routine of dental students. They will wear civilian clothes, and be regarded as ordinary students and expected to take a normal part in the corporate life of the Dental School.

PROMOTION

4. Dental Cadets will enter in the rank of Surgeon Sub-Lieutenant (D) and be promoted to Surgeon Lieutenant (D) on starting their Short Service Commissions.

5. Officers will be promoted to Surgeon Lieutenant-Commander (D) on attaining 5 years' seniority as a Surgeon Lieutenant (D). For those officers who transfer to Full or 16-year Pensionable Commissions (see below) promotion to Surgeon Commander (D) and above is by selection.

GRATUITIES

6. Tax-free gratuities are payable on satisfactory completion of Short Service Commissions. Details will be notified separately.

TRANSFER TO 16-YEAR PENSIONABLE COMMISSIONS

7. Officers who have served 12 months or more of a Short Service Commission may apply for transfer to a 16-year Pensionable Commission. To be eligible for this, they must be able:—

- to complete at least 16 years' service reckonable for retired pay purposes before reaching their compulsory retirement age;
- to serve a minimum of 10 years from the date of transfer to a 16-year Pensionable Commission.

8. A taxable grant will be paid to officers who undertake a 16-year Pensionable Commission, but those who retire before completing 16 years will be required, at Ministry of Defence discretion, to refund in whole or part the grant received. Details will be notified separately.

9. An officer transferring to a 16-year Pensionable Commission will not be entitled to a gratuity for the completed portion of his Short Service Commission in addition to the grant, but service on that commission may count towards an ultimate award of retired pay or gratuity.

10. Dental Officers serving on 16-year Pensionable Commissions will be considered for promotion to Surgeon Commander (D) on the same basis as Full Career Commission Officers.

11. It will be possible for officers on 16-year Pensionable Commissions to seek transfer to a Full Career Commission, but no further grant is payable. Reversion to a Short Service Commission will not be allowed.

TRANSFER TO FULL CAREER COMMISSION

12. Male officers who wish to be transferred to Full Career Commissions may be allowed to do so at the discretion of the Admiralty Board. In determining the number to be transferred, consideration will be given by the Admiralty Board to the number of higher appointments available.

13. A Full Career Commission Grant will be paid to Dental Officers whose transfer to a Full Career Commission is approved (unless they have transferred from a 16-year Pensionable Commission and have already received a grant).

- Payment of these grants will be made after the completion of one year's satisfactory commissioned service in the Dental Branch of the Royal Navy. If this has been performed before transfer to a Full Career Commission, payment of the grant will be made on the commission being granted. The acceptance of a Full Career Commission implies an undertaking to serve until the normal retiring age. If, however, an officer applies to resign or retire before the completion of his service, and Service requirements allow him to be released, the Ministry of Defence reserve the right to require a refund of the whole or part of the Full Career Commission Grant.
- Officers who transfer to a Full Career Commission will not be entitled to a gratuity in respect of the completed portion of their Short Service Commission in addition to the Full Career Commission Grant; but service on that commission may count towards an ultimate award of retired pay or gratuity.
- Officers cannot revert from a Full Career Commission to a Short Service Commission.

MEDICAL STANDARDS FOR MEDICAL AND DENTAL OFFICERS AND CADETS

1. In general, physical defects of body, impediment of speech, defect of sight or hearing, and predisposition to constitutional or hereditary disease or weakness will cause rejection if these defects are of such a nature as to render the candidate incapable of performing general duties in the Royal Navy, ashore and afloat, in any part of the world throughout his period of service.

2. An International Certificate of Vaccination against Smallpox, countersigned by the local Medical Officer of Health must be produced on entry showing that the candidate has been vaccinated or re-vaccinated within the last 3 years.

3. The following is a list of defects which may cause rejection:—

- Poor Physique*
 - imperfect development or skeletal deformity either hereditary or acquired.
 - asymmetry of torso or limbs, limitation of movement of joints, the presence of muscular wasting.
 - abnormal spinal conditions, abnormal locomotion, amputations.
 - Hallux Valgus, Hallux Rigidus, Hammer Toes, Pes Cavus, Flat Feet.
 - a history of "cartilage trouble" unless the knee has been functionally normal for at least one year.

- (vi) malformation of the head. Deformity from fracture or depression of the bones of the skull.
- (b) *Obesity.* The significance of a candidate's weight will depend on whether his cardiovascular and respiratory systems are within normal limits, that the excessive tolerance is normal and that there is no undue dyspnoea on exertion.
- (c) *Skin Disease* unless temporary or trivial. Psoriasis, chronic eczema, dermatitis, alopecia areata or a history of such conditions must be considered cause for rejection.

- (g) *Disease of the eyes.* Deformity or any chronic disease of the eyes or eyelids.
- (h) *Diseases of the Ear, Nose and Throat*
- (i) *Perforations*—an unhealed perforation.
- (ii) *Mastoid Operation.* A cortical mastoid operation, providing the ear is healthy, the tympanic membrane intact and there is no defect of hearing, is not a cause for rejection. A modified radical mastoid operation may be acceptable but a radical mastoid operation is a bar to entry.
- (iii) Disease of the bones or cartilage of the nose, and nasal polypus. Disease of the naso-pharynx. Simple septal deviations or nasal deformities are not cause for rejection.
- (iv) Disease of the throat or palate. Disease or injury affecting the normal function of either mandibular joint.
- (v) *Tonsillitis.* Apparent enlargement of the tonsils is not a cause for rejection.
- (vi) *Sinusitis.* Repeated attacks of sinusitis, which have been severe enough to cause incapacity will usually entail rejection.
- (vii) *Impaired hearing.* A successful myringoplasty or tympanoplasty may be accepted 12 months post-operatively providing the hearing is satisfactory.
- (viii) *Stapedectomy.* A successful stapedectomy may be accepted 12 months post-operatively assuming the hearing level is satisfactory.
- (j) *Disease of the Chest.* Definite evidence of disease of the lungs or pleura.
- (i) *Bronchitis.* A history of recurrent attacks of bronchitis is normally a ground for rejection but a single attack may be ignored provided that clinical examination of the chest is normal.
- (ii) *Asthma* where this forms, or is likely to form, a serious impediment to the efficient performance of duty. The necessity for any form of medication normally entails rejection. If there is a history of asthma clear evidence must be produced that there has been a complete freedom from an attack for the preceding five years.
- (iii) *Spontaneous Pneumothorax*
- (iv) *Pulmonary Tuberculosis.* A history of pulmonary tuberculosis of adult type.
- (k) *Cardio-Vascular.* Organic disease of the heart and blood vessels. Congenital heart disease except that those with an uncomplicated lesion such as patent ductus arteriosus or, atrial septal defect which has been completely cured by surgery may be accepted.

- (i) there has been anti-streptococcal antibiotic prophylaxis for a period of 5 years without recurrence, or
- (ii) there has been ten years freedom from recurrence, no prophylaxis having been given or
- (iii) the candidate is over age 25 years and has been three years free of recurrence.
- (m) *Disease of the liver, gall-bladder, spleen, stomach or bowels.*

- (iv) Stricture of the urethra.
- (v) Incontinence of urine.
- (vi) Nocturnal enuresis, if this continues beyond the age of twelve years.
- (vii) Hydrocele except that a satisfactory surgical repair will normally render a candidate fit for entry. Varicocele need not normally be considered a bar to entry.
- (viii) Serious defect or malformation of the genital organs.
- (ix) The absence of one testicle should not cause rejection unless the testicle has been removed on account of disease, or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring it must be either removed or brought down into the scrotum. If the result of the operation is satisfactory, and the other testicle is in the scrotum and normal in character, the candidate may be accepted.
- (x) Diseases and malformations of the kidneys.
- (xi) Urolithiasis.
- (o) *Allergic diseases* where these form, or are likely to form, a serious impediment to the efficient performance of duty.

Visual Acuity (VA) Standard 2

	Better Eye	Worse Eye

Standard 4. The correct recognition of colours used in relevant trade situations and assessed by simple tests with coloured wires, resistors, stationery tabs, etc.

OTHER QUALIFICATIONS

a. Abnormality of the eye or visual system (congenital, traumatic or pathological) may be cause for rejection even though visual function may be within the standard limits.

b. Binocular efficiency. Bifoveal fixation and perfect binocular functions are not an essential requirement but a squint must be cosmetically acceptable.

Limits to heterophoria are 6 prism dioptres of esophoria and exophoria and 1 prism dioptre of hyperphoria.

DENTAL STANDARDS

5. The candidate should have no marked oral deformity and the teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied prior to entry. The wearing of artificial dentures, provided they are well-fitting, will not disqualify a candidate who is fit and suitable in every other respect.

Such engagements give a right to discharge at 18 months' notice at any time after 18 months from completion of the standard training period (5 years). Thereafter there is a liability to serve for up to 3 years in the Royal Fleet Reserve.

23. New entry Apprentices under the age of 17½ (but not transferees from other branches) have the right to be discharged on request and without payment after four weeks' service. 18 and over on entry—during the first 3 months' service.

SERVING RATINGS—TRANSFER FROM OTHER BRANCHES TO ARTIFICER APPRENTICE RATINGS WHO ARE EDUCATIONALLY QUALIFIED

25. Ratings who meet the educational requirements detailed in sub-paragraph *a-e* above should be dealt with as follows:

(a) The candidate must be recommended by his Commanding Officer.

(b) Arrangements should be made for the candidate to be interviewed by a Personnel Selection Officer (PSO) for assessment of suitability for transfer. At this interview, the candidate will take the additional tests mandatory for all Artificer Apprentice applicants, RE, and VMD).

(c) The PSO is to initiate Form SP(N) Q81B and following the interview complete the 'Careers Advisers Report' Section on page 3. The marks and grades obtained in the tests mentioned at B above are to be inserted on this form. Form SP(N) QR1 is to be obtained from SP(N), Ministry of Defence and attached to SP(N) Q81B. The PSO should then

(1) Prepare a report (in letter form) for the candidate's Commanding Officer, giving recommendations.

(2) Send a copy of this letter together with Forms SP(N) Q81B and SP(N) QR1 to Director Naval Recruiting, Ministry of Defence.

(3) Send completed scripts of tests detailed at paragraph 2(b) above to SP(N), Ministry of Defence.

(d) Following receipt of a favourable PSO report, the candidate's Commanding Officer, if he supports the transfer, should forward a letter of recommendation to the Director of Naval Recruiting together with the candidate's Service Certificate (including Form S264a).

(e) Director of Naval Recruiting will consider the application and make a decision on suitability for transfer consulting SP(N) where appropriate. If approval for transfer is given, Director of Naval Recruiting will arrange for completion of the appropriate transfer forms and their onward transmission to Commodore H.M.S. *Centurion* (Naval Drafting Division). The Commanding Officer H.M.S. *Fisgard* will be informed of action taken. See also paragraph 39 below.

RATINGS WHO ARE NOT EDUCATIONALLY QUALIFIED

26. Ratings who do not possess the appropriate exemption qualifications detailed in sub-paragraphs *a-f* above should follow the procedure laid down in sub-paragraphs 33 *a-d* above. If found suitable in all other respects, the Director of Naval Recruiting will on receipt of Commanding Officers recommendation arrange for examination scripts for the next Artificer Apprentice Qualifying Examination (Mathematics, Science and English) to be despatched to the ship or establishment where the candidate is serving. If the candidate is successful in this examination, the procedure detailed in paragraph 33e above will be followed. Should the candidate be unsuccessful in the examination, the results together with Service Certificate will be returned to his Commanding Officer.

WITHDRAWAL

27. If a candidate withdraws his application, the Director of Naval Recruiting is to be informed and the Forms SP(N) Q81B and QR1 are to be despatched to SP(N) Ministry of Defence.

CANDIDATES UNABLE TO UNDERTAKE PSO INTERVIEW

28. Where he is serving afloat or where a PSO is not readily available, provided he is recommended by his Commanding Officer, a candidate may at the discretion of the Director of Naval Recruiting be allowed to take the Artificer Apprentice Qualifying Examination before undergoing the PSO's interview. If the candidate is successful at the examination he should attend for a PSO's interview and take the additional mandatory tests at the first available opportunity. The procedure detailed in paragraph 33 *b-e* above should then be followed.

29. A rating applying to transfer to Artificer Apprentice will be required to change to a CS, CS (Notice) or CS(J) engagement as appropriate. Previous service after the age of 18 will count towards such an engagement. He will be required to sign an undertaking signifying he understands that:

(a) if his application is successful, and before he actually commences training he will be required to execute a CS engagement.

(b) he will be paid at the rate applicable to Artificer Apprentice and will not be allowed to retain his existing pay scale rate.

(c) he will be subject to normal advancement rules for Artificer Apprentices and will forfeit any seniority gained prior to transfer.

(d) Whilst preference for Branch of Artificer will be considered no guarantee as to specialisation can be given on transfer.

30. The consent of parents or guardian to the transfer to Artificer Apprentice and to change of engagement must be forthcoming before any candidate under the age of 18 can be finally accepted for transfer or commence training. Such consent is obtained on the appropriate transfer forms.

THE TRAINING OF AN ARTIFICER

31. On entering the Navy the Artificer Apprentice becomes entitled to the normal naval rate of pay of his rating. He joins H.M.S. *Fisgard*, the Royal Naval Artificers Training Establishment at Torpoint, Cornwall, where he lives and is educated free of charge in an establishment run on the lines of a good technical college. He is appointed to one of the Houses, each of which is named after a famous Admiral, who originally entered the Royal Navy as an Artificer Apprentice and his work and recreational activities are directed by the House Tutor and House Officer.

32. The Apprentice spends one, two or three terms, which last 4, 8 or 12 months at H.M.S. *Fisgard*, depending on his educational achievements prior to joining. During this time, he is trained in general craftsmanship, including fitting, metal working and machining as appropriate. He learns enough about the machinery and equipment of the Fleet to assist him in making his choice of category. General Service training forms the basis for his initial apprenticeship.

33. The educational side of the training of Artificer Apprentices is along the broad lines of the Ordinary National Certificate and all apprentices also have opportunities to sit for General Certificate of Education examinations.

34. CATEGORY AND TRADE SELECTION. On completion of the first term at H.M.S. *Fisgard* the Apprentice is asked in which category he would like to specialise—Electrical, Marine Engineering or Aircraft. It cannot be guaranteed that he will enter any particular category, but his wishes and his aptitude are carefully considered. During his last 4 months at H.M.S. *Fisgard* he starts on the specialised work of the category to which he has been allocated.

35. Within the following categories Apprentices specialise as follows:

- Electrical—Control, Radio or Ordnance Electrical;
- Marine Engineering;
- Aircraft—Air Engineering, Radio (Air) or Electrical (Air).

Here again, consideration is given to the Apprentice's preference, but his aptitude and the demands of the Service will determine the final choice.

36. SPECIALIST COURSES. After leaving H.M.S. *Fisgard*, Aircraft Artificer Apprentices join H.M.S. *Daedalus*, the Air Electrical and Air Engineering School at Lee-on-Solent, Hants, Apprentices of the control, Radio and Ordnance Electrical Categories

join H.M.S. *Collingwood*, the Royal Naval Electrical School near Fareham, Hants, and go to sea during their apprenticeship. Electrical and Radio Electrical Artificer Apprentices (Air) go to H.M.S. *Daedalus*, Marine Engineering Artificer apprentices go to H.M.S. *Caledonia*, the Royal Naval Artificers Training Establishment at Rosyth on the Firth of Forth; these apprentices go to sea for the last 8 months of their apprenticeship.

37. After eight terms training, Aircraft Artificer Apprentices spend one year at an air station gaining practical experience before returning to H.M.S. *Daedalus* for further 8 months training.

38. Electrical Artificers (Air) and Radio Electrical Artificers (Air) do the same after six terms' training but spend only eight months at an air station.

39. At these training establishments and in ships, apprentices receive both theoretical and practical instruction in the operation and upkeep of the machinery and other equipment of the kind for which they will later be responsible. There will, for instance, be lathe work, the taking to pieces and assembling of engines and pumps, aircraft and electrical components, in addition to lectures in which the function of these machines is explained.

40. At these specialist training establishments, academic work proceeds in parallel with the technical instruction for most of the time. All apprentices have the opportunity to gain an Ordinary National Certificate, and over 65% do so. Marine Engineering Artificers who complete their training at the training establishment are awarded their City and Guilds Technicians (Part II) Certificate.

41. Throughout the apprenticeship great emphasis is put on the development of character and powers of leadership to fit the apprentices for the positions of responsibility which they will subsequently hold in the Service.

42. PASSING-OUT EXAMINATION. Naval Artificer Apprentices of each category have to pass an examination and a practical test set for their category, and provided they are successful they are rated Artificer 3rd Class on completion of their apprenticeship.

43. Further details and pamphlets describing the entry may be obtained on application to the Director of Naval Careers Service, Old Admiralty Building, Spring Gardens, London, SW1A 2BE, or at any R.N. and R.M. Careers Office.

On successful completion of Part II training, they will be rated Probationary Acting Second Class Artificer and paid at the Acting Second Class rate. The term "Probationary" is to differentiate Direct Entry Artificers from their R.N. trained counterparts and is to be dropped from their title on successfully completing Part III training and being suitable in all respects. Direct Entry Artificers will spend a minimum of 27 months in the Acting Second Class Rate (including the Probationary time) and providing they have attained all qualifications normal to their category at the Acting Second Class Rate, will be rated Second Class Artificer, after which they will advance in the normal manner.

16. Transferees will be required to conform to the training pattern of Direct Entry Artificers without exception. Pay will depend upon the relevant Artificer pay rate irrespective of rate on transfer. Those ratings who are unable to re-engage to fulfil the 5 year qualification because of QR (R.N.) Article 0827.6 may be granted extensions of service if necessary.

17. Ratings who fail to achieve the requisite standard during the course will be returned to their former Branch and Rate. Those who have been required to re-engage/extend to fulfil the 5 year qualification for transfer may be given the option of completing their new engagement or of being prematurely discharged:

It is customary for the ribbons of these Orders and Medals to be worn immediately on the Appointment or Award being published in the London Gazette or promulgated to the Fleet.

* As from 14th January, 1958, appointments to or promotions in, the Order of the British Empire and awards of the British Empire Medal, when granted for gallantry, are so described in the announcement in the London Gazette and are distinguished by the wearing of a silver oak leaf Emblem on the ribbon. When the ribbon only is worn the Emblem will be in miniature. This arrangement applies both to military and civil awards. Classification of an award as made for gallantry has no effect on seniority or precedence in the various classes of the Order. A person appointed to the Order after 14th January, 1958, for gallantry and subsequently promoted in the Order, retains and wears the Emblem whether promoted for gallantry or otherwise. A holder of the British Empire Medal for gallantry, granted after 14th January, 1958, if subsequently appointed to the Order, will continue to wear the Emblem on the ribbon of the medal; he will wear the Emblem also on the ribbon of the Order only if appointed to the Order for gallantry.

On the riband of the British Empire Medal for Gallantry, the Gallantry Emblem is worn above any Bar which may have been granted, and when ribbands are worn alone the Gallantry Emblem is worn further from the left shoulder than any silver rose Emblem denoting the award of a Bar.

All service in the R.N.R., R.M.R., W.R.N.R. and other Forces listed in the sections describing Qualifying Service for the Decoration or Medal will count towards eligibility for an award irrespective of the lists on which service was accrued.

2. *Service After 1 November 1971.*

From 1 November the overriding rule which 1971 will be applied is that no one who is out of date with his or her Continuous Training will be considered eligible for an award irrespective of their Qualifying Service.

3. *New Lists 3 and 4 (Old Lists 3, 4, 5, 6, 7, 8 and 9).* The new rules will apply for the residue of qualifying service for an award from 1 November 1971. Thus a man who has 10 years' Qualifying Service on 1 November 1971 must carry out a further 4 periods of C.T. during his remaining 5 years to become eligible for the award.

4. *New List 4 (Old Lists 10, 11, 12, 13 and 14) Except Postal Officers and Ratings).* Officers and ratings who are transferred to List 5 on 1 November 1971 may qualify for the award of the Decoration or Medal providing that for the residue of their Service they carry out the training commitments for List 5. As an interim measure officers who were previously on Lists 11, 12, 13 and 14 will be considered in date with continuous training until 31 October 1972 provided that they train in 1970 and 1971. Thereafter they must be in date with their training.

5. *New List 5 (Postal Officers and Ratings).* The new rules will apply to the Postal Branch from 1 November 1971 without exception.

6. *Transfer from Lists 3 and 4 to List 5 subsequent to 1 November 1971.* Officers and ratings who transfer to List 5 after 10 years' service on a higher list prior to 1 November 1971 may qualify for the award of the Decoration or Medal on List 5 providing that they are in date with Continuous Training.

7. *Special Branch Linguists.* These officers were previously borne on List 11 irrespective of rank be-

cause training was only available on alternate years. This limitation on training availability will continue. Therefore, providing that training is carried out every other year they will be considered eligible for the award of the R.D.

8. *Officers and Ratings Joining Subsequent to 1 November 1971.* Officers and ratings joining the Reserve after 1 November 1971 will be subject to the new rules. Qualifying Service in other Reserve Forces will be allowed to count provided that the training commitment of those forces was met before release. Service in the Regular Forces will count in full for award of the R.L.S. and G.C. Medal and each full year served will count as a period of C.T. carried out. However, a man must still be in date with his C.T. in the Reserves before being eligible for an award.

9. *Clasps.* All service subsequent to the award of the Decoration or Medal and prior to 1 November 1971 will count in full for the award of the Clasp, provided that in the case of ratings it has been V.G. service. Service after 1 November 1971 on Lists 1, 3, 4 or 5 will count towards the award of a Clasp but only those who are in date with C.T. will be eligible irrespective of their length of service.

10. *R.N.V.R. L.S. and G.C. Medal and Clasp.* The new rules will in no way affect the award of the Clasp to the R.N.V.R. L.S. and G.C. Medal. Service on any List of the R.N.R. will qualify for the award. For ease of reference the rules are reiterated below:

- (a) *Medal.* All ratings who completed more than 6 years' service in the R.N.V.R. prior to 1 November 1958 qualified for the award of the R.N.V.R. L.S. and G.C. Medal. The detailed rules are the same as for the award of the R.N.R. Medal except that only 12 years' qualifying service is required.
- (b) *Clasp.* Any rating who has been awarded the R.N.V.R. L.S. and G.C. Medal automatically qualifies for the award of the R.N.V.R. Clasp after a further period of 12 years' qualifying service.

REGULATIONS RESPECTING THE LONG SERVICE AND GOOD CONDUCT MEDAL FOR THE ROYAL FLEET RESERVE

1. Men of the Royal Fleet Reserve who are not in possession of the R.N. Long Service and Good Conduct Medal are eligible for the award of the Royal Fleet Reserve Long Service and Good Conduct Medal provided that they:—

- (a) have completed at least 15 years' service from the age of 18 years in the Fleet and Royal Fleet Reserve combined: for this purpose efficient service in the R.N.R., R.M.R., (formerly R.M.F.V.R.) or in the Commonwealth Forces may count as qualifying service;
- (b) have satisfactorily carried out any prescribed training;
- (c) have obtained a character not below "V.G." during the 15 years preceding the award;
- (d) have not been awarded a character below "Good" during any year of their service from the age of 18 (but see Clause 3); and
- (e) are recommended for the award of the medal by the Registrar of the Royal Fleet Reserve.

Men holding the medal who complete a further 15 years' service under the above conditions may be awarded a clasp to the medal.

Only service in the Reserve, as mobilised reservist or on engagements in respect of which approval has been given for the service to reckon for reserve benefits may count.

2. Applications for the award of the Royal Fleet Reserve Long Service and Good Conduct Medal are not to be forwarded on behalf of men whose retention in the Reserve is dependent on the fulfilment of an undertaking to render themselves medically fit unless they had already completed the necessary qualifying service and were otherwise eligible for the award on the date on which their unfitness was discovered.

3. Men whose characters were assessed below "Good" during the first 5 years of their active service from the age of 18 may be specially considered for award of the medal either:—

- (a) After the completion of 15 years' service with continuous "V.G." character, on the ground of having displayed heroism or gallantry in action, or having rendered some special service in time of emergency, subsequently, to the assessment of character below "Good"; or
- (b) On the ground of having 18 years' service with continuous "V.G." character subsequent to that assessment.

The conditions laid down in clause 1 (a), (b), (c) and (e) will apply to all men. Desertion at any time will render a man ineligible for the award of the medal, except in special circumstances where a man can show the necessary period of service with continuous "V.G." character commencing from the date of recovery from desertion.

4. Service in the Royal Fleet Reserve for years for which a reservist is not required to perform drill, and is not able, therefore, to earn a "V.G." assessment of character, is to be regarded as equivalent to "V.G." service for the purposes of paragraphs 1 and 3 provided that the other conditions of service are complied with.

5. Men in possession of the Royal Fleet Reserve Long Service and Good Conduct Medal who subsequently re-enter the Royal Navy or Royal Marines on regular engagements and qualify for the award of the Active Service, Long Service and Good Conduct Medal, will be required to surrender the Reserve Medal on being awarded the Active Service Medal. Similarly, men who possess the Royal Fleet Reserve Medal will be required to surrender it on being subsequently awarded the Long Service and Good Conduct Medal of any Commonwealth Navy.

6. When the conduct of any man after he has been awarded the medal is considered to be such as to disqualify him from wearing it, he may be deprived of it by the Commander-in-Chief or the Commandant General, Royal Marines. The deprivation will be reported to the Ministry of Defence (NP2).

When reservists are mobilised or re-entered in the Royal Navy, the regulations for the deprivation of the Active Service, Long Service and Good Conduct Medal (Queen's Regulations for the Royal Navy, Chapter 19) are to apply equally to the deprivation of the Royal Fleet Reserve Medal.

7. A man who has been deprived of the medal for misconduct may have it restored at the discretion of the Commander-in-Chief or the Commandant General, Royal Marines, on completion of 5 years' service with "Very Good Conduct" before discharge, or on discharge from the Reserve provided that he has completed at least 3 years' service with "Very Good Conduct" since being deprived of the medal.

8. When it is desired to replace a medal which has been accidentally lost, the man to whom the medal belonged must make a declaration before a Magistrate or Registrar of the Royal Fleet Reserve, stating the circumstances in which the loss occurred, together with his rating, name, class, number in the Reserve, and Royal Naval official number, or Royal Marine register number. This declaration will be sent to the Director General of Defence Accounts through the Registrar of the Royal Fleet Reserve, and the Medal will be replaced, on payment, if the explanation of its loss is considered satisfactory.

9. Medals are to be worn, in conformity with the Regulations for Naval Uniforms (Ratings), with No. 2 dress (or No. 7 in hot climates) on those occasions when the wearing of No. 1 or No. 6 dress is authorised for Active Service ratings, i.e., at inspections and musters, on ceremonial occasions, and on Sundays in harbour. Medals are not to be worn on any other occasion.

GOOD CONDUCT MEDAL AND GRATUITY

Qualification for Award.—The Long Service and Good Conduct Medal represents, with Good Conduct Badges, the highest standard of conduct in the Service and it is important that recommendations for the award of the medal should not be made as a matter of course on completion of the necessary period of qualifying service.

2. **Gratuities.**—Except where otherwise stated, the award of a Good Conduct Medal will carry with it, irrespective of rating, a gratuity of £20, payment of which will be authorised by the Director-General Defence Accounts, at the time the medal is awarded.

3. Entitlement.—

(a) To be entitled to the award of the Long Service and Good Conduct Medal and Gratuity, a Naval rating or a Royal Marine must:—

(1) have completed 15 years' pensionable service with continuous "Very Good" character, and with previous character not inferior to "Good" in service which is reckonable for pension purposes. Where character during such service has been assessed as "Good" on the 31st December in any year, time reckoning for the medal will not commence until the 1st January following;

(2) have actually re-engaged to complete time for pension (but see clause (b) below regarding ratings on non-continuous service engagements);

(3) be in possession of the full number of Good Conduct Badges which he could have earned during his service;

(4) be provisionally recommended by the Captain of the ship or the Commanding Officer of the establishment in which he is serving at the time of the application as in every respect deserving of the award.

(b) **Non-Continuous Service.**—Maltese ratings serving on non-continuous service engagements are eligible for the award of the medal and gratuity under the foregoing conditions, except that clause 3 (a) (2) above is not applicable. Ratings locally entered at Hong Kong and Singapore are eligible for award of the medal and a gratuity of £10 under the same conditions. Other locally entered ratings may be awarded the medal without gratuity if their records of

service and character conform to the requirements for an award under the ordinary rules.

(c) Desertion will render a man ineligible for the award of the medal under the ordinary regulations (see Article 8—Special Recommendations).

4. Long Service and Good Conduct Gratuities.— Additional Allowance.—

(a) Ratings, including Maltese ratings, who are awarded the gratuity of £20, are also eligible to earn an additional allowance which is payable in a lump sum with the first payment of pension on discharge, at the rate of £1 for each year of qualifying service with "Very Good" character rendered subsequent to the award or restoration of the medal. The lump sum is not payable to non-European locally entered ratings.

(b) A rating who is promoted to officer after the award of the medal and gratuity will be allowed, on confirmation in rank, to receive payment of any additional allowance that may have been earned up to the date of his promotion.

(c) Service during which a "Good" character is awarded will not count as qualifying service for the additional allowance, notwithstanding that the man may not have been deprived of the medal.

(d) When a man is deprived of or forfeits his medal he will forfeit the additional allowance already accrued. If the medal is restored before he is pensioned, the amount earned subsequently to the date of restoration only will be awarded.

(e) When a man is invalided after having been awarded the medal and gratuity, and before completion of the full time for pension, he will be granted any additional allowance that may have been earned up to the date of his discharge.

(f) Any man who voluntarily quits the Service after the award of the medal and gratuity, and before becoming entitled to a pension, will forfeit all claim to any additional allowance that may have been earned.

(g) Where a man who has been discharged to pension is permitted to re-engage for a further period of service subject to relinquishment of pension, such further service will be allowed to count for purposes of the additional allowance

under the usual regulations, provided that the man is qualified in all respects for this allowance.

5. Long Service and Good Conduct Gratuities and Additional Allowances of Dead Men.—If a man should die after the award of his medal any gratuity or additional allowance to which he may be entitled will be paid to his widow, or next-of-kin if dependent upon him.

6. Breaks in Service.—A break in service not due to desertion, dismissal, sentence of imprisonment, or other misconduct on the man's part, will not be considered as breaking the continuity of his "Very Good" character, or of recommendations for the medal and gratuity, provided that he rejoins within 5 years or, if invalided, as soon as the state of his health permits, or if approval has been given to bridge the break in service of more than 5 years.

7. Recommendations.—

(a) The names of men provisionally recommended for medals and gratuities are to be sent to the Director-General Defence Accounts on Form S.218, accompanied by their Service Certificates or certified copies thereof, in sufficient time to allow for verification of entitlement and preparation of the medal (normally one calendar month), and for approval to be received and presentation to be made on the date when the award is due.

(b) Recommendations for Royal Marine ranks are to be forwarded through the Director of Drafting Pay and Records, Royal Marines, six weeks before the medal is due.

8. Special Recommendations.—

(a) If a man has the essential service qualification of 15 years with continuous "Very Good" character in accordance with the foregoing articles but is ineligible for the award of the medal under the ordinary regulations, the Secretary of State will consider any recommendation for a special award of the medal on the grounds that the man has displayed heroism or gallantry in action or has rendered some special service in time of emergency, during service qualifying for the medal and subsequent to the lapse which disqualifies him under the ordinary rules. The recommendation should be made by letter submitted through the Commander-in-Chief or administrative authority, or, for a Royal Marine, through the Director of Drafting, Pay and Records, stating fully the circumstances in which the application is made.

(b) A recommendation for a man who has a record of 18 years' qualifying service with continuous "Very Good" character will also be considered although he may be disqualified under the ordinary regulations.

9. Presentation of Medal and Gratuity.—

(a) When approval has been received, the medal is, if possible, to be presented by the Commanding Officer before the ship's company or Royal Marines Unit. The gratuity is to be paid on the authority which will be issued by the Director-General Defence Accounts. In no circumstances is the medal to be presented or the gratuity to be paid before the date on which the award is due.

(b) The award of the medal and gratuity is to be noted on the Service Certificate. In order that the possession of the medal may not be overlooked when consideration is being given to deprivation of a Good Conduct Badge, the award of the medal is to be noted at the foot of the Badge column in addition to the Medals section of the Service Certificate.

10. Misconduct pending presentation.—The Ministry of Defence is to be informed by signal if the man's conduct falls below the requisite standard in the interval between the recommendation and the date when the award becomes due. The medal is not to be awarded and, if received in the ship, is to be returned

to the Director-General Defence Accounts with an explanation and with the authority for paying the gratuity.

(2) If the presentation of the medal is delayed for any reason beyond the date when the award is due, and misconduct (other than a trivial offence not breaking the continuity of the man's "Very Good Conduct" or "V.G." character) occurs in the interval, the medal is to be withheld and a report made to the Commander-in-Chief or Flag Officer or, for Royal Marines on shore, the Commandant General, Royal Marines. Unless the offence, or the punishment awarded, automatically involves loss of the medal, the report is to state whether deprivation would have been proposed if the medal had been in the man's possession at the time of punishment. If deprivation would have been automatic or proposed, the higher authority may direct that the medal should be regarded as awarded on the due date, and deprived. If this course is considered inappropriate, the higher authority is to report the matter to the Ministry of Defence. When deprivation would have been neither automatic nor proposed, the medal should be awarded from the due date and retained (but, if the man has lost a good conduct badge, the medal should not be presented until the badge is restored).

Note.—The rules about restoration of the G.C. Medal are contained in the Queen's Regulations for the Royal Navy, Chapter 19.

11. First Clasp.—A man holding the medal who completes a further 15 years' service on any kind of Royal Naval engagement, T.124 and variants excepted, with the character qualification required for the original award may be awarded a clasp to the medal. The award of the clasp will not entitle the recipient to any further gratuity or pension addition. Applications for the award are to be made on Form S.218 endorsed "CLASP ONLY", and forwarded as directed in clause 7, accompanied by the Service Certificate or a certified copy thereof.

12. Second Clasp.—A man holding a medal and clasp who completes a further 15 years' service under the same conditions required for the award of the first clasp, may be awarded a second clasp to the medal. Applications for the award are to be made on Form S.218 as directed above.

Note.—Pensioners are not debarred from counting the additional service for the award of the clasps.

13. W.R.N.S. Ratings.—W.R.N.S. ratings will qualify for the medal and clasp under the same conditions as for men, unless they qualified before 29th December, 1975 when the gratuity will be £17 and the additional allowance 85p a year.

MERITORIOUS SERVICE ANNUITIES AND MEDALS (ROYAL MARINES)

A sum not exceeding £400 a year is available for distribution in annuities not exceeding £20, as rewards for distinguished and meritorious service. This award was open either before or after discharge to Senior Non-Commissioned Officers of the Royal Marines who had completed 21 years' service, or had been granted a life pension on account of wounds or hurts received in action or otherwise in the execution of duty.

2. As Royal Marines receive the L.S. and G.C. gratuity of £20, they are no longer eligible for this award. The Meritorious Service Medal has been awarded to all ranks who were registered in the Department of the Commandant General Royal Marines on 16th May, 1947, and no further awards will be made. Those to whom the Medal has been awarded remain eligible for the annuity and awards will be made, as and when vacancies occur.

3. The medal and annuity are liable to forfeiture by recipients on conviction of treason, sedition or mutiny.

In no case can applications be considered in respect of Orders conferred more than five years previously, or offered in connection with events so long prior to the proposal to award them.

7. Permission will not be granted for the wearing of the insignia of Orders and decorations conferred otherwise than by the Heads or Governments of States recognised by Her Majesty as such.
